SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 14, 2017, based on a complaint filed by Qualcomm Incorporated of San Diego, California (“Qualcomm”). 82 FR 37899 (Aug. 14, 2017). The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain mobile electronic devices and radio frequency and processing components thereof that infringe one or more claims of U.S. Patent No. 8,487,658; U.S. Patent No. 8,698,558;

U.S. Patent No. 8,487,658; U.S. Patent No. 8,838,949; U.S. Patent No. 9,535,490; U.S. Patent No. 9,608,675; and the ‘936 patent. The notice of investigation named Apple Inc. of Cupertino, California as the respondent. The Office of Unfair Import Investigations is participating in the investigation.

The complaint, as amended, states that Qualcomm alleges infringement of claims 1, 10–27, 29, 38, 49, 55–60, 67, and 68 of the ‘936 patent. The notice of investigation, however, lists the asserted claims of the ‘936 patent as claims 1–27, 29, 38, 49, 55–60, 67, and 68. Under Commission Rule 210.14(b) (19 CFR 210.14(b)), good cause exists to amend the notice of investigation to correct this typographical error.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: May 3, 2018.

Katherine Hiner,

Supervisory Attorney.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On May 2, 2018, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Middle District of Louisiana in the lawsuit entitled *United States of America v. WCC Energy Group, LLC and Sammy Garrard*, Civil Action No. 3:18–cv–00515–JWD–EWD.

The Complaint in this Clean Water Act case was filed against WCC Energy Group, LLC and Sammy Garrard concurrently with the lodging of the proposed Consent Decree. The Complaint alleges that WCC and Mr. Garrard are civilly liable for violations of Section 311 of the Clean Water Act (“CWA”), 33 U.S.C. 1321. The Complaint seeks civil penalties and injunctive relief for two discharges of oil into navigable waters of the United States from an oil production facility in the Frog Lake Area of the Atchafalaya River Basin.

The Complaint alleges that the spills occurred in August 2017. The first spill involved oil discharged from a portion of the facility’s transfer line. The second

spill was caused by oil leaking off the deck of the facility’s production barge into the surrounding water, resulting in a sheen. WCC is an owner and operator of the facility. Mr. Garrard, the facility manager at the time of the spills, was an operator and person-in-charge.

Under the proposed Consent Decree each defendant will pay a civil penalty and perform corrective measures. WCC will pay a civil penalty of \$55,000. Mr. Garrard will pay a civil penalty of \$2,000 based on assessment of his limited financial ability to pay. The Consent Decree also requires WCC to perform corrective measures at its Frog Lake facility, including notifying the Coast Guard in advance of oil transfer operations, discontinuing the storage of oily waste at the facility, maintaining flow meter gauges and installing pressure gauges to ensure against oil losses along the transfer line, performing periodic inspections of the facility, and submitting reports on progress and compliance. The Consent Decree further requires Mr. Garrard to notify the Coast Guard of his work in the oil and gas industry over the next year.

The Publication of this notice opens a period for public comment on the proposed Consent Decree.
