Agricultural Marketing Service

[Document No. AMS-LPS-18-0020]

2018 Rates Charged for AMS Services

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS) is announcing the 2018 rates it will charge for voluntary grading, inspection, certification, auditing, and laboratory services for a variety of agricultural commodities including meat and poultry, fruits and vegetables, eggs, dairy products, and cotton and tobacco. The 2018 regular, overtime, holiday, and laboratory services rates will be applied at the beginning of the crop year, fiscal year or as required by law depending on the commodity. Other starting dates are added to this notice based on cotton industry practices. This action establishes the rates for user-funded programs based on costs incurred by AMS. This year the majority of AMS user fee rates will remain unchanged, with the exception of increases for meat, poultry and egg grading and the hourly rate for AMS's Laboratory Approval Service.

DATES: May 15, 2018.

FOR FURTHER INFORMATION CONTACT: Charles Parrott, AMS, U.S. Department of Agriculture, Room 3070-S, 1400 Independence Ave. SW, Washington, DC 20250; telephone (202) 260-9144, fax (202) 692-0313, email charles.parrott@ams.usda.gov.

SUPPLEMENTARY INFORMATION: The Agricultural Marketing Act of 1946, as amended, (AMA) (7 U.S.C. 1621-1627), provides for the collection of fees to cover costs of various inspection, grading, certification or auditing services covering many agricultural commodities and products. The AMA

also provides for the recovery of costs incurred in providing laboratory services. The Cotton Statistics and Estimates Act (7 U.S.C. 471-476) and the U.S. Cotton Standards Act (7 U.S.C. 51-65) provide for classification of cotton and development of cotton standards materials necessary for cotton classification. The Cotton Futures Act (7 U.S.C. 15b) provides for futures certification services and the Tobacco Inspection Act (7 U.S.C. 511-511s) provides for tobacco inspection and grading. These Acts also provide for the recovery of costs associated with these services.

On November 13, 2014, the Department of Agriculture (Department) published in the **Federal Register** a final rule that established standardized formulas for calculating the fees charged by AMS user-funded programs (79 FR 67313). Every year since then, the Department has published in the **Federal Register** a notice announcing the rates for its user-funded programs.

This notice announces the 2018 fee rates for voluntary grading, inspection, certification, auditing, and laboratory services for a variety of agricultural commodities including meat and poultry, fruits and vegetables, eggs, dairy products, and cotton and tobacco on a per-hour rate and, in some instances, the equivalent per-unit cost. The per-unit cost is provided to facilitate understanding of the costs associated with the service to the industries that historically used unit-cost basis for payment. The fee rates will be effective at the beginning of the fiscal year, crop year, or as required by specific laws. The cotton futures-related services effective date has been changed to August 1 to allow for cotton contracts to expire before starting a new fee rate.

The rates reflect direct and indirect costs of providing services. Direct costs include the cost of salaries, employee benefits, and, if applicable, travel and some operating costs. Indirect or overhead costs include the cost of Program and Agency activities supporting the services provided to the industry. The formula used to calculate these rates also includes operating reserve, which may add to or draw upon the existing operating reserves.

These services include the grading, inspection or certification of quality factors in accordance with established U.S. Grade Standards or other

specifications; audits or accreditation according to International Organization for Standardization (ISO) standards and/or Hazard Analysis and Critical Control Point (HACCP) principles; and other marketing claims. The quality grades serve as a basis for market prices and reflect the value of agricultural commodities to both producers and consumers. AMS' grading and certification, audit and accreditation, plant process and equipment verification, and laboratory approval services are voluntary tools paid for by the users on a fee-for-service basis. The agriculture industry can use these tools to promote and communicate the quality of agricultural commodities to consumers. Laboratory services are provided for analytic testing, including but not limited to chemical, microbiological, biomolecular, and physical analyses. AMS is required by statute to recover the costs associated with these services.

In recent years, many buyers have begun to specifically require that their producers be certified to a Global Food Safety Initiative (GFSI) benchmarked scheme. At the request of industry, AMS is starting a new voluntary program that provides GFSI's recognition of the USDA GAP audit verification program. This voluntary program will allow producers to use AMS' trusted and proven services to gain wider market access. Accordingly, AMS is including its voluntary GFSI service audit fee in this notice. The fee includes the fixed cost to maintain GFSI recognition.

As required by the Cotton Statistics and Estimates Act (7 U.S.C. 471-476), consultations regarding the establishment of the fee for cotton classification with U.S. cotton industry representatives are held in the beginning of the year when most industry stakeholder meetings take place. Representatives of all segments of the cotton industry, including producers, ginners, bale storage facility operators, merchants, cooperatives, and textile manufacturers were informed of the fees during various industry-sponsored forums.

Rates Calculations

AMS calculated the rate for services, per hour per program employee, using the following formulas (a per-unit base is included for programs that charge for services on a per-unit basis):

(1) *Regular rate.* The total AMS grading, inspection, certification, classification, audit, or laboratory service program personnel direct pay divided by direct hours for the previous year, which is then multiplied by the next year's percentage of cost of living increase, plus the benefits rate, plus the operating rate, plus the allowance for bad debt rate. If applicable, travel expenses may also be added to the cost of providing the service.

(2) *Overtime rate.* The total AMS grading, inspection, certification, classification, audit, or laboratory service program personnel direct pay divided by direct hours, which is then multiplied by the next year's percentage

of cost of living increase and then multiplied by 1.5, plus the benefits rate, plus the operating rate, plus an allowance for bad debt. If applicable, travel expenses may also be added to the cost of providing the service.

(3) *Holiday rate.* The total AMS grading, inspection, certification, classification, audit, or laboratory service program personnel direct pay divided by direct hours, which is then multiplied by the next year's percentage of cost of living increase and then multiplied by 2, plus the benefits rate, plus the operating rate, plus an allowance for bad debt. If applicable, travel expenses may also be added to the cost of providing the service.

AMS adjusts the rates to cover all of its expenses and to provide for reasonable operating reserves. To avoid an undue burden on industry operations in these cases, AMS started to phase in some of the increases over a multi-year period. AMS continued this process and reassessed whether the fee rates and phase-in period were appropriate based on the formula and established operating reserve. Fees are being adjusted accordingly.

All rates are per-hour except when a per-unit cost is noted. The specific amounts in each rate calculation are available upon request from the specific AMS program.

DEPARTMENT OF AGRICULTURE

Agricultural Research Service

Notice of Intent to Renew Information Collection, Correction

AGENCY: Agricultural Research Service, USDA.

ACTION: Notice and request for comment.

SUMMARY: The U.S. Department of Agriculture (USDA) seeks comments on the intent of the USNA to renew an information collection that expires August 31, 2018. The information collection serves as a means to collect for certain use of the facilities, grounds, programs and services. This includes fees for educational programs and workshops and for use of the grounds and facilities, as well as for commercial photography and cinematography. Fees generated will be used to defray USNA expenses or to promote the missions of the USNA.

DATES: Comments on this notice must be received by June 1, 2018 to be assured of consideration.

ADDRESSES: You may submit comments by any of the following methods:

- *Email:* richard.olsen@ars.usda.gov.
- *Fax:* 202–245–4514.
- *Mail:* Director, U.S. National Arboretum, Northeast Area, Agricultural Research Service, 3501 New York Avenue NE, Washington, DC 20002.

- *Hand Delivery/Courier:* Director, U.S. National Arboretum, Northeast Area, Agricultural Research Service, 3501 New York Avenue NE, Washington, DC 20002.

Correction

In the **Federal Register** of April 2, 2018, FR Doc. No. 63, page 13943, on page three, paras 5, 6, and 7 of the Supplement Information should read as follows:

Estimate of Burden: 151 hours.

Estimated Number of Responses: The USNA estimates 250 requests for the use of the facilities, 52 for photography and cinematography, and 1,800 educational programs and workshops registrations on an annual basis.

Estimate of Total Annual Burden on Respondents: The total cost for responding is \$5,422.41, for 151 hours of time at \$35.91 per hour.

Dated: April 24, 2018.

Simon Y. Liu,
Associate Administrator, ARS.
