

Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

Agency: U.S. Census Bureau.

Title: Current Population Survey (CPS), Basic Demographic Items.

OMB Control Number: 0607-0049.

Form Number(s): There are no forms for data collection. We conduct all interviews on computers.

Type of Request: Regular Submission.

Number of Respondents: 59,000 per month, all of which also receive the labor force items directly after the basic demographic items.

Average Hours per Response: 1.5 minutes.

Burden Hours: 0.025 hours.

Needs and Uses: The CPS has been the source of official government statistics on employment and unemployment for over 60 years. The Bureau of Labor Statistics (BLS) and the Census Bureau jointly sponsor the basic monthly survey. The Census Bureau prepares and conducts all the field work. At the OMB's request, the Census Bureau and the BLS divide the clearance request in order to reflect the joint sponsorship and funding of the CPS program. The BLS submits a separate clearance request for the portion of the CPS that collects labor force information for the civilian noninstitutionalized population. Some of the information within that portion includes employment status, number of hours worked, job search activities, earnings, duration of unemployment, and the industry and occupation classification of the job held the previous week. The justification that follows is in support of the demographic data collected through the basic monthly CPS.

The demographic information collected in the CPS provides a unique set of data on selected characteristics for the civilian noninstitutionalized

population. Some of the demographic information collected are age, marital status, sex, Armed Forces status, educational attainment, race, and Hispanic ethnicity. BLS and the Census Bureau analyze and publish these demographic data in conjunction with the monthly labor force data collected in the monthly CPS as well as data collected through periodic supplemental surveys to the CPS. The Census Bureau also uses the demographic data for internal research projects, including the evaluation of other surveys. The Census Bureau uses population estimates from the CPS to serve as population controls for other Census programs, such as the American Time Use Survey. Controls are used in estimation procedures during data processing. The ratio of a control to a sample survey estimate is applied to that sample estimate, resulting in the sample survey estimate matching the control.

In addition to the basic demographic information, the monthly CPS includes a small set of questions that are only asked on an "as-needed" basis, to react to a severe weather-related event, such as a hurricane or flood. If such an event (weather disaster) occurs, and BLS and the Census Bureau determine a need to include these questions on the number of persons in the U.S. displaced as a result of the disaster, where they evacuated to, and when they returned home, the questions are added temporarily to the survey. The items typically are included for several months in the CPS, and once BLS and the Census Bureau determine that they are no longer needed, they are removed.

Affected Public: Households.

Frequency: Monthly.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, U.S.C., Section 182 and Title 29, U.S.C., Sections 1-9.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain steel nails (nails) from the Sultanate of Oman (Oman) are being, or are likely to be, sold in the United States at less than normal value during the period of review (POR) of July 1, 2016, through June 30, 2017. Additionally, we are rescinding the review with respect to ten companies.

DATES: Applicable May 14, 2018.

FOR FURTHER INFORMATION CONTACT: Joseph Traw or Thomas Martin, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6079 or (202) 482-3936, respectively.

SUPPLEMENTARY INFORMATION On July 13, 2015, Commerce published in the **Federal Register** an antidumping (AD) order on nails from Oman.¹ On July 3, 2017, Commerce notified interested parties of the opportunity to request an administrative review of orders, findings, or suspended investigations with anniversaries in July 2017, including the AD Order on nails from Oman. Commerce received timely requests from Oman Fasteners LLC (Oman Fasteners) and Mid Continent Steel & Wire, Inc. (the petitioner) to conduct an administrative review of certain exporters covering the POR. On September 13, 2017, Commerce published a notice initiating an AD administrative review of nails from Oman covering 13 companies in the POR.²

with section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), we would select mandatory respondents for individual examination based upon U.S. Customs and Border Protection (CBP) entry data.³ On September 22, 2017, we released CBP entry data under Administrative Protective Order (APO) to all parties with access to information protected by APO. Subsequently, we issued the AD questionnaire to Oman Fasteners and Overseas International Steel Industry LLC and Overseas Distribution Services Inc. (OISI/ODS),⁴ the two mandatory respondents.⁵ On November 9, 2017, the petitioner timely withdrew its request for administrative review, pursuant to 19 CFR 351.213(d)(1), of all the producers and exporters except for Oman Fasteners, and OISI/ODS.

Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018.⁶ Accordingly, the revised deadline for the preliminary determination of this investigation became April 7, 2018.⁷ On March 14, 2018, Commerce extended the preliminary results in this review to no later than May 7, 2018.⁸ Commerce received comments from the petitioner⁹ and Oman Fasteners on April 18, 2018.¹⁰
