IV. Procedural Determinations
Executive Order 12866—Regulatory Planning and Review
Pursuant to Office of Management and Budget (OMB) Guidance dated October 12, 1993, the approval of state program amendments is exempted from OMB review under Executive Order 12866.

Other Laws and Executive Orders Affecting Rulemaking
When a State submits a plan amendment to OSMRE for review and that amendment changes the objectives, scope or major policies followed, our regulations at 30 CFR 884.14 and 884.15 require us either to hold a public hearing on a plan amendment or make a finding that the State provided adequate notice and opportunity for public comment. Pennsylvania has elected to have OSMRE publish a notice in the Federal Register indicating receipt of the proposed amendment and soliciting comments. We will conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.
