DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title:

OMB Control Number: 0648-0646.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 1,765.

Average Hours per Response: 20 minutes.

Burden Hours: 652.

Needs and Uses: This request is for extension of a currently approved information collection.

The purpose of this information collection is to obtain information from individuals in the seven United States (U.S.) jurisdictions containing coral reefs. Specifically, NOAA is seeking information on the knowledge, attitudes and reef use patterns, as well as information on knowledge and attitudes related to specific reef protection activities. In addition, this survey will provide for the ongoing collection of social and economic data related to the communities affected by coral reef conservation programs.

The Coral Reef Conservation Program (CRCP), developed under the authority of the Coral Reef Conservation Act of 2000, is responsible for programs intended to enhance the conservation of coral reefs. We intend to use the information collected through this instrument for research purposes as well as measuring and improving the results of our reef protection programs. Because many of our efforts to protect reefs rely on education and changing attitudes toward reef protection, the information collected will allow CRCP staff to ensure programs are designed appropriately at the start, future program evaluation efforts are as

successful as possible, and outreach efforts are targeting the intended recipients with useful information.

II. Method of Collection

Information will be collected in the means most efficient and effective in the individual jurisdiction. For the three years covered by this clearance we expect to use face-to-face interviews in American Samoa, and as appropriate, face-to-face, telephone and/or internet-based survey techniques in Hawaii and Florida, Commonwealth of the Northern Mariana Islands, Guam, Puerto Rico, and the U.S. Virgin Islands.

Affected Public: Individuals or households.

Frequency: Every five to seven years.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: May 11, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

Through this Notice, the USPTO is requesting nominations for up to three (3) members of the Patent Public Advisory Committee, and for up to three (3) members of the Trademark Public Advisory Committee, for terms of three years that begin on December 1, 2018.
