- The potential for the genetically engineered CTV to change over time and the potential for recombination with other viruses;
- Impacts to non-target species;
- The potential for defensin proteins to be found in areas other than the phloem of the plant;
- The potential for the genetically engineered CTV to become more transmissible;
- The impacts to organic citrus growers; and
- Health and safety concerns.

The issues discussed in the draft EIS were developed by considering the public input from the **Federal Register** notice announcing the intention to draft an EIS. APHIS evaluated these issues to analyze the potential environmental impacts of CTV and included a discussion of these issues in the draft EIS.

Therefore, in accordance with NEPA, APHIS' NEPA Implementing Procedures (7 CFR part 372), and 7 CFR part 340, APHIS is making available the draft EIS, as well as a preliminary pest risk assessment (PRA), for a 45 day public review and comment period. The draft EIS and preliminary PRA are available as indicated under **ADDRESSES** and **FOR FURTHER INFORMATION CONTACT** above.

A notice of availability regarding the draft EIS was also published by the Environmental Protection Agency in the **Federal Register** on May 11, 2018 (82 FR 22060, Docket No. ER-FRL-9039-3).

Certain Steel Threaded Rod From the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Rescission of Antidumping Duty Administrative Review, in Part; 2016-2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Fastenal Canada Ltd. (Fastenal Canada) did not cooperate to the best of its ability and has based its margin on adverse facts available (AFA), and that RMB Fasteners Ltd. and IFI & Morgan Ltd. (RMB/IFI) did not have any reviewable transactions during the POR.

DATES: Applicable May 17, 2018.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202.482.0413.

SUPPLEMENTARY INFORMATION:

Background

On June 7, 2016, Commerce published the *Initiation Notice* of the eighth administrative review of the antidumping duty (AD) order on steel threaded rod (STR) from China.¹ The

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 82 FR 26444, 26448-50 (June 7, 2017) (*Initiation Notice*).

period of review (POR) is April 1, 2016, through March 31, 2017. On September 26, 2017, we issued the AD questionnaire to RMB/IFI² and Fastenal Canada.³ On October 5, 2017, Fastenal Canada stated it would not participate in this administrative review.⁴ On October 13, 2017, RMB/IFI indicated it would have difficulty responding to the original questionnaire, and provided information demonstrating that it did not have sales of subject merchandise to the United States during the POR.⁵ On January 23, 2018, Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018.⁶ RMB/IFI responded to Commerce's supplemental questionnaires between February 9 and February 15, 2018.⁷

Scope of the Order

The merchandise covered by the order includes steel threaded rod. The subject merchandise is currently classifiable under subheading 7318.15.5051, 7318.15.5056, 7318.15.5090, and 7318.15.2095 of the United States Harmonized Tariff Schedule (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.⁸

² Commerce determined that these companies constituted a single entity in the investigation on steel threaded rod from China. See *Certain Steel Threaded Rod from the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value*, 73 FR 58931 (October 8, 2008), unchanged in *Certain Steel Threaded Rod from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 74 FR 8907 (February 27, 2009) (*Final Determination*). We have received no information in this review to call into question that finding.

⁷ See RMB/IFI's February 9 and February 15, 2018, submission.

⁸ For a full description of the scope of the Order, see Memorandum from James Maeder, Associate Deputy Assistant Secretary, to Gary Taverman, Deputy Assistant Secretary for Enforcement and Compliance, "Certain Steel Threaded Rod from the People's Republic of China: Decision Memorandum for the Preliminary Results of the 2016–2017 Antidumping Duty Administrative Review" (Preliminary Decision Memo), dated concurrently with this notice.

Rescission of Review, In Part

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." The petitioner, the only interested party to request an administrative review of any companies, timely withdrew its review requests with respect to 168 companies.⁹ As such, we are rescinding the administrative review with respect to all companies except Jiaying Brother Standard Part Co., Ltd., RMB/IFI, Brother Holding Group Co. Ltd., Zhejiang Morgan Brother Technology Co. Ltd., and Fastenal Canada, in accordance with 19 CFR 351.213(d)(1).

No Shipments

On July 7, 2017, RMB/IFI filed a no-shipment certification, indicating that it did not export subject merchandise to the United States during the POR. During the course of this review, Commerce examined this no shipments claim and provides its analysis in the Preliminary Decision Memo. Based on the record evidence, we preliminarily determine that RMB/IFI did not have any reviewable transactions during the POR. In addition, we find that it is appropriate not to rescind the review, in part, in this circumstance, and to complete the review with respect to the above-named company, issuing appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of the review.¹⁰ Should evidence contrary to RMB/IFI's no-shipments claims arise, we will address the issue in accordance with our governing statute and regulations.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act). With respect to Fastenal Canada, because it did not respond to Commerce's requests for information, we relied on facts available, in accordance with section 776(a) of the Act. Further, because we find that Fastenal Canada did not act to the best of its ability, we drew an adverse inference in selecting from among the facts otherwise available, in accordance with section 776(b) of the Act. In addition, because Jiaying Brother Standard Part Co., Ltd., Brother Holding

Group Co. Ltd. and Zhejiang Morgan Brother Technology Co. Ltd. did not submit a separate rate application or certification, we preliminarily find that these companies have not demonstrated eligibility for separate rates, and accordingly, we are preliminarily assigning these companies the China-wide entity rate of 206.00 percent. For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memo.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memo. A list of topics included in the Preliminary Decision Memo is included as Appendix I to this notice. The Preliminary Decision Memo is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memo can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memo are identical in content.

Preliminary Results of Review

Commerce preliminarily determines that a dumping margin of 206.00 percent exists for Fastenal Canada for the period April 1, 2016, through March 31, 2017.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of the preliminary results, unless the Secretary alters the time limit. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.¹¹ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant

¹¹ See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).

Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹² Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. We will instruct CBP to assess duties at the *ad valorem* margin rate published above. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any assessment rate calculated in the final results of this review is above *de minimis*. In addition, for any exporter under review which Commerce determines had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the China-wide rate.¹³ The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable. Commerce will assess duties only on entries of subject merchandise (*i.e.*, Chinese-origin STR).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon

publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For Fastenal Canada, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required) and Commerce will collect cash deposits only on Fastenal Canada's Chinese-origin merchandise; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed period; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 206.00 percent; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 3, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
