Polyester Staple Fiber From the Republic of Korea and Taiwan: Final Results of Changed Circumstances Reviews, and Revocation of Antidumping Duty Orders, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: For the final results of these changed circumstances reviews (CCRs), the Department of Commerce (Commerce) is revoking, in part, the antidumping duty (AD) orders on polyester staple fiber (PSF) from the Republic of Korea (Korea) and Taiwan with respect to certain low-melt PSF.

DATES: Applicable May 18, 2018.

FOR FURTHER INFORMATION CONTACT: Emily Halle or Nicholas Czajkowski, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue

NW, Washington, DC 20230; telephone (202) 482-0176 or (202) 482-1395, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 16, 2018, Commerce published the notice of initiation of the CCRs requested by DAK Americas, LLC; Nan Ya Plastics Corporation, America; Auriga Polymers; and Palmetto Synthetics LLC (*i.e.*, the domestic producers) pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.216(b). The domestic producers requested the revocation of the orders with respect to any low-melt PSF that may be covered by the *Orders*¹ to avoid any potential overlap in coverage between the *Orders* and the AD orders that may result from the pending less-than-fair-value investigations of low-melt polyester staple fiber from Korea and Taiwan.²

On April 19, 2018, Commerce published the preliminary results of these CCRs, in which it found that producers accounting for substantially all of the production of the domestic like product to which the *Orders* pertain lack interest in the relief afforded by the *Orders* with respect to certain low-melt PSF.³ Commerce invited interested

¹ See *Notice of Amended Final Determination of Sales at Less Than Fair Value: Certain Polyester Staple Fiber from the Republic of Korea and Antidumping Duty Orders: Certain Polyester Staple Fiber from the Republic of Korea and Taiwan*, 65 FR 33807 (May 25, 2000) (*Orders*).

² See *Polyester Staple Fiber from the Republic of Korea and Taiwan: Initiation of Changed Circumstances Reviews, and Consideration of Revocation of the Antidumping Duty Orders in Part*, 83 FR 11678 (March 16, 2018) (*Initiation Notice*); see also *Low Melt Polyester Staple Fiber from the Republic of Korea and Taiwan: Initiation of Less-Than-Fair-Value Investigations*, 82 FR 34277 (July 24, 2017); *Low Melt Polyester Staple Fiber from the Republic of Korea: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Preliminary Affirmative Determination of Critical Circumstances, in Part, Postponement of Final Determination, and Extension of Provisional Measures*, 83 FR 4906 (February 2, 2018); and *Low Melt Polyester Staple Fiber from Taiwan: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 83 FR 4903 (February 2, 2018).

³ See *Polyester Staple Fiber from the Republic of Korea and Taiwan: Preliminary Results of Changed*

parties to submit comments on the preliminary results. We received no comments.

Final Results of Changed Circumstances Reviews, and Revocation of the Orders, in Part

Because no party submitted comments opposing Commerce's preliminary results, and the record contains no other information or evidence that calls into question the preliminary results, Commerce determines, pursuant to section 751(d)(1) of the Act, section 782(h) of the Act, and 19 CFR 351.222(g), that there are changed circumstances that warrant revocation of the *Orders*, in part. Specifically, because the producers accounting for substantially all of the production of the domestic like product to which the *Orders* pertain lack interest in the relief provided by the *Orders* with respect to the following type of PSF, we are revoking the *Orders*, in part, by replacing the following language currently in the scope of the *Orders*: “{i}n addition, low-melt PSF is excluded from these orders. Low-melt PSF is defined as a bi-component fiber with an outer sheath that melts at a significantly lower temperature than its inner core,” with the following language: “{i}n addition, low-melt PSF is excluded from these orders. Low-melt PSF is defined as a bi-component polyester fiber having a polyester fiber component that melts at a lower temperature than the other polyester fiber component.” The scope description below includes this replacement language.

Scope of the Orders

The product covered by the *Orders* is certain polyester staple fiber (PSF). PSF is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The

Circumstances Reviews, and Intent To Revoke Antidumping Duty Orders in Part, 83 FR 17364 (April 19, 2018).

merchandise subject to these *Orders* may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.25 is specifically excluded from these orders. Also specifically excluded from these *Orders* are polyester staple fibers of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from these *Orders*. Low-melt PSF is defined as a bi-component polyester fiber having a polyester fiber component that melts at a lower temperature than the other polyester fiber component.

The merchandise subject to these *Orders* is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65.⁴ Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the *Orders* is dispositive.

Instructions to U.S. Customs and Border Protection

Because we determine that there are changed circumstances that warrant the revocation of the *Orders*, in part, we will instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping duties, and to refund any estimated antidumping duties, on all unliquidated entries of the merchandise covered by this partial revocation that are not covered by the final results of an administrative review or automatic liquidation.⁵

Notification to Interested Parties

This notice serves as a reminder to parties subject to an administrative protective order (APO) of their

⁴ These HTSUS numbers have been revised to reflect changes in the HTSUS numbers at the suffix level.

⁵ The most recent administrative review of the Korea AD order was completed on August 2, 2017, and covered the period of review (POR) May 1, 2016 through April 30, 2017. See *Polyester Staple Fiber from the Republic of Korea: Rescission of Antidumping Duty Administrative Review; 2016–2017*, 82 FR 37052 (August 8, 2017) (which rescinds the review for the Korea AD order, A–580–839). For the Taiwan AD order, A–583–833, Commerce did not receive a request to conduct an administrative review for the POR May 1, 2016 through April 30, 2017. Commerce issued instructions to CBP on July 21, 2017, liquidating all entries for all firms for the POR. Therefore, the partial revocation for merchandise subject to the *Orders* will be applied retroactively to unliquidated entries of merchandise entered or withdrawn from warehouse, for consumption, on or after May 1, 2017.

responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and revocation, in part, and notice in accordance with sections 751(b) and 777(i) of the Act and 19 CFR 351.216, 19 CFR 351.221(c)(3), and 19 CFR 351.222.

Dated: May 11, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Foreign-Trade Zones Board

[B–30–2018]

Foreign-Trade Zone (FTZ) 7—Mayaguez, Puerto Rico; Notification of Proposed Production Activity; Lilly del Caribe, Inc.; (Pharmaceutical Products); Carolina, Puerto Rico

Lilly del Caribe, Inc. (Lilly del Caribe) submitted a notification of proposed production activity to the FTZ Board for its facility in Carolina, Puerto Rico. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 14, 2018.

Lilly del Caribe already has authority to produce the active ingredients humalog, duloxetine, abemaciclib, and baricitinib within Subzone 7K. The current request would add a finished product and a foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component and the specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Lilly del Caribe from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status material/component noted below and in the existing scope of authority, the company

would be able to choose the duty rates during customs entry procedures that apply to: Finished lasmiditan tablets (duty-free). Lilly del Caribe would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is: Lasmiditan hemisuccinate active ingredient (duty rate 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is **June 27, 2018**.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at chris.wedderburn@trade.gov or (202) 482–1963.

Dated: May 15, 2018.

Andrew McGilvray,
Executive Secretary.

Certain Activated Carbon From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Carbon Activated Tianjin Co., Ltd. (Carbon Activated) and Datong Juqiang Activated Carbon Co., Ltd. (Datong Juqiang), exporters of certain activated from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) April 1, 2016, through March 31, 2017. Interested parties are invited to comment on these preliminary results.
