

part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must

submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.117. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case, the Secretary establishes a data collection period.

5. *Performance Measures:* Pursuant to the Government Performance and Results Act of 1993, the Department has established the following performance measures that it will use to evaluate the overall effectiveness of the grantee's project, as well as the Pathways to STEM Apprenticeship grant program as a whole:

(a) The total number and percentage of CTE Students enrolled in project activities during the grant period, including CTE Students in Apprenticeships funded under this project and other grant activities.

(b) The total number and percentage of CTE Students enrolled in high school and participating in Apprenticeships funded under this project.

(c) The total number and percentage of CTE Students enrolled in high school and participating in Apprenticeships funded under this project who are identified as members of a Special Population.¹⁵

(d) The total number and percentage of CTE Students enrolled in high school and participating in Apprenticeships funded under this project who complete high school.

(e) The total number and percentage of CTE Students enrolled in high school and participating in Apprenticeships funded under this project who earn postsecondary credits during enrollment in the project.

DEPARTMENT OF EDUCATION

[Docket No. ED-2018-ICCD-0059]

Agency Information Collection Activities; Comment Request; Graduate Assistance in Areas of National Need (GAANN) Performance Report

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before July 17, 2018.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2018-ICCD-0059. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after*

the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW, LBJ, Room 216-34, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Rebecca Ell, 202-453-6348.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Graduate Assistance in Areas of National Need (GAANN) Performance Report.

OMB Control Number: 1840-0748.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 291.

Total Estimated Number of Annual Burden Hours: 3,274.

Abstract: GAANN grantees must submit a performance report annually. In addition, grantees are required to submit a supplement to the final performance report two years after submission of their final report. The

reports are used to evaluate grantee performance. Further, the data from the reports will be aggregated to evaluate the accomplishments and impact of the GAANN Program as a whole. Results will be reported to the Secretary in order to respond to GPRA requirements.

Minor changes have been made to the collection to clarify the intent of the questions and update the areas of national need. These changes did not alter the anticipated burden hours associated with this collection. There was a small increase in total burden hours based on the recalculation of the burden on public respondents.

Dated: May 15, 2018.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

DEPARTMENT OF ENERGY

Amended Record of Decision for the Management of Cesium and Strontium Capsules at the Hanford Site, Richland, Washington

AGENCY: Department of Energy.

ACTION: Amended record of decision.

SUMMARY: This is an amendment to the U.S. Department of Energy's (DOE) Record of Decision for the *Final Tank Closure and Waste Management Environmental Impact Statement for the Hanford Site, Richland, Washington* (DOE/EIS-0391, December 2012) (TC&WM EIS). From 1974 to 1985, cesium and strontium were recovered from high-level radioactive waste stored in underground tanks at the Hanford Site, packed in corrosion-resistant capsules, and placed in storage under water at Hanford's Waste Encapsulation and Storage Facility (WESF). The TC&WM EIS evaluated storage, treatment, and final disposition of these capsules and their contents. This amended Record of Decision (ROD) announces DOE's decision to move the capsules from wet storage at WESF to a new dry storage facility.

ADDRESSES: For copies of this amended ROD, the first ROD, the TC&WM EIS, or any related NEPA documents, please contact: Ms. Mary Beth Burandt, NEPA Document Manager, U.S. Department of Energy, Office of River Protection, P.O. Box 1178, Richland, Washington 99352, 1-509-372-8828, mary_e_burandt@orp.doe.gov.

This amended ROD, the first ROD, and the TC&WM EIS are also available

on DOE's NEPA website at www.energy.gov/nepa and on Hanford's website at <http://www.hanford.gov/index.cfm?page=1117&>.

FOR FURTHER INFORMATION CONTACT: For further information about the TC & WM EIS and the RODs, contact Ms. Burandt, as listed above.

For general information on DOE's NEPA process, contact: Mr. Brian Costner, Acting Director, Office of NEPA Policy and Compliance, GC-54, U.S. Department of Energy, Washington, DC 20585-0103, Telephone: (202) 586-4600, or leave a message at 1-800-472-2756, or email askNEPA@hq.doe.gov.

SUPPLEMENTARY INFORMATION:

Background

The cesium and strontium capsules were produced at Hanford during the 1970s and 1980s. Cesium and strontium isotopes were separated from other radioactive tank waste, converted to cesium chloride and strontium fluoride, and then encapsulated for long-term storage. There are 1,335 cesium capsules and 601 strontium capsules stored under water in a pool at WESF.

Synopsis of the TC&WM EIS and the First Record of Decision

The final TC&WM EIS was issued in December 2012. It analyzed a number of alternatives for retrieving waste from Hanford's single-shell tanks, treating that waste, and closing the tanks. It also analyzed alternatives for managing other types of wastes at Hanford, and for decommissioning the Fast Flux Test Facility.¹ Three alternatives for managing the cesium and strontium capsules now stored in WESF were evaluated: (1) The no action alternative, which was continued storage in WESF; (2) shipment of the capsules from WESF to new facilities where the capsules would be opened and their contents made into a slurry for processing in the Waste Treatment Plant; and (3) transfer of the capsules from WESF to a new interim dry storage facility where they would remain until their contents were treated and sent to a geologic repository. The third alternative was included in the final EIS in response to comments from the state of Oregon and the Yakama Nation.

The first ROD, published on December 13, 2013 (78 FR 75913),

¹ The alternatives analyzed in the TC&WM EIS are described in detail in Chapter 2 of the final EIS. Chapter 2 also identifies DOE's preferred alternatives for tank closure, decommissioning of the Fast Flux Test Facility, and waste management on pages 2-321 through 2-322. The final EIS also states that DOE would not make any decision regarding the final disposition of the capsules after treatment based on this EIS. (Final TC&WM EIS at page 1-15.)
