

Scotts-Bell 47 Inc. (Type Certificate Previously Held by Bell Helicopter Textron Inc.): Docket No. FAA-2018-0440; Product Identifier 2016-SW-077-AD.

(a) Applicability

This AD applies to Scotts-Bell 47 Inc. (Scotts-Bell) Model 47, 47B, 47B3, 47D, 47D1, 47E, 47G, 47G-2, 47G-2A, 47G-2A-1, 47G-3, 47G-3B, 47G-3B-1, 47G-3B-2, 47G-3B-2A, 47G-4, 47G-4A, 47G-5, 47G-5A, 47H-1, 47J, 47J-2, 47J-2A, and 47K helicopters, certificated in any category, with a Marvel Schebler Model MA-3, MA-3A, MA3-PA, MA-3SPA, MA4-SPA, MA4-5, MA4-5AA, MA-5, MA-5AA, MA-6AA, or HA-6 carburetor installed.

(b) Unsafe Condition

This AD defines the unsafe condition as separation of the throttle linkage from an engine carburetor shaft. This condition could result in loss of throttle control and subsequent forced landing of the helicopter.

(c) Comments Due Date

We must receive comments by July 17, 2018.

(d) Compliance

You are responsible for performing each action required by this AD within the specified compliance time unless it has already been accomplished prior to that time.

(e) Required Actions

(1) Before further flight, inspect the throttle linkage connection at the engine carburetor for security; Determine whether the throttle linkage is securely attached to the serrated shaft of the carburetor, inspect the throttle linkage clamp screw for broken or missing safety wire, and determine whether safety wire captures the throttle linkage and carburetor stop arm.

(i) If there is any looseness, axial movement, or movement between the serrated shaft and the throttle linkage; if a throttle linkage clamp screw is loose; if any safety wire is broken or missing; or if safety wire does not capture the throttle linkage and carburetor stop arm, before further flight, adjust and secure the throttle linkage as required by paragraph (e)(3)(i) and (e)(3)(ii) of this AD.

(ii) If there is no looseness, axial movement, or movement between the serrated shaft and the throttle linkage; no throttle linkage clamp screws are loose; no safety wire is broken or missing; and safety wire captures the throttle linkage and carburetor stop arm, before further flight, apply anti-sabotage lacquer (Torque-Seal or equivalent) between the throttle arm and the serrated shaft and between the self-locking nut and the throttle arm.

(2) Before the first flight of each day:

(i) Check the throttle linkage-carburetor attachment for broken or missing safety wire and for missing or fractured anti-sabotage lacquer. The actions required by this paragraph may be performed by the owner/operator (pilot) holding at least a private pilot certificate, and must be entered into the aircraft records showing compliance with this AD in accordance with 14 CFR 43.9

(a)(1) through (4) and 14 CFR 91.417(a)(2)(v). The record must be maintained as required by 14 CFR 91.417, 121.380, or 135.439.

(ii) If the safety wire is missing or broken or if the anti-sabotage lacquer is missing or fractured, before further flight, adjust and secure the throttle linkage as described in paragraph (e)(3)(i) and (e)(3)(ii) of this AD.

(3) Within 100 hours time-in-service or at the next annual or 100-hour inspection, whichever occurs first, and thereafter at each annual or 100-hour inspection, whichever occurs first:

(i) Adjust and secure the throttle linkage as specified in Appendix 1 of the Scotts-Bell Maintenance and Overhaul Instructions Temporary Revision that is applicable to your helicopter, as listed in Table 1 of Scotts-Bell Alert Service Bulletin 47-15-27 R1, dated November 1, 2016.

(ii) For Model 47, 47B, 47B3, 47D, 47E, and 47K helicopters, adjust and secure the throttle linkage using a method approved by the Manager, Chicago ACO Branch. For a repair method to be approved as required by this AD, the Manager's approval letter must specifically refer to this AD.

(f) Special Flight Permits

Special flight permits are prohibited.

(g) Alternative Methods of Compliance

(1) The Manager, Chicago ACO Branch, FAA, may approve AMOCs for this AD. Send your proposal to: Shawn Malekpour, Aviation Safety Engineer, Chicago ACO Branch, Compliance & Airworthiness Division, FAA, 2300 East Devon Ave., Des Plaines, Illinois 60018; telephone (847) 294-7834; email shawn.malekpour@faa.gov.

(2) For operations conducted under a 14 CFR part 119 operating certificate or under 14 CFR part 91, subpart K, we suggest that you notify your principal inspector, or lacking a principal inspector, the manager of the local flight standards district office or certificate holding district office before operating any aircraft complying with this AD through an AMOC.

(h) Additional Information

For service information identified in this AD, contact Scott's-Bell 47, Inc., 100 Minnesota Ave., Le Sueur, MN 56058; telephone (507) 665-0035; email info@scottsbell47.com. You may review a copy of this referenced service information at the FAA, Office of the Regional Counsel, Southwest Region, 10101 Hillwood Pkwy, Room 6N-321, Fort Worth, TX 76177.

(i) Subject

Joint Aircraft Service Component (JASC) Code: 7322 Engine Controls.

Issued in Fort Worth, Texas, on May 9, 2018.

Lance T. Gant,

Director, Compliance & Airworthiness Division, Aircraft Certification Service.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2018-0373]

RIN 1625-AA00

Safety Zone for Marine Events, Delaware River; Philadelphia, PA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary safety zone on the waters of the Delaware River in Philadelphia, Pennsylvania. The regulation would restrict vessel traffic on a portion of the Delaware River from operating during a fireworks display on June 13, 2018, from 9:00 p.m. until 10:00 p.m. During the enforcement periods, no vessel would be allowed to enter in or transit this regulated area without approval from the Captain of the Port or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 4, 2018.

ADDRESSES: You may submit comments identified by docket number USCG-2018-0373 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email MST1 Edmund Ofalt, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division, telephone (215) 271-4889, email Edmund.J.Ofalt@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
COT Captain of the Port
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On April 14, 2018, the Delaware River Waterfront Corporation notified the Coast Guard that it will be conducting a fireworks display from 9:00 p.m. to 10:00 p.m. on June 13, 2018. The

fireworks will be launched from a barge in the Delaware River off Penn's Landing in Philadelphia. Potential hazards from fireworks display include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Delaware Bay (COTP) has determined that these potential hazards pose a safety concern.

The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters before, during, and after the scheduled event. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

The Captain of the Port, Delaware Bay, proposes the establishment of a safety zone on a portion of the Delaware River, Philadelphia, PA, to ensure the safety of persons, vessels and the public during the event. The safety zone includes all navigable waters of the Delaware River, adjacent to Penn's Landing, Philadelphia, PA, bounded from shoreline to shoreline, bounded on the south by a line running east to west from points along the shoreline commencing at latitude 39°56'31.2" N, longitude 075°08'28.1" W; thence westward to latitude 39°56'29.1" N, longitude 075°07'56.5" W, and bounded on the north by the Benjamin Franklin Bridge where it crosses the Delaware River. The safety zone will be effective and enforced from 9:00 p.m. to 10:00 p.m. on June 13, 2018. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of

Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the safety zone. Vessel traffic will be unable to transit the safety zone for the duration of the fireworks display. However, this safety zone will only impact a small designated area of the Delaware River, in Philadelphia, PA, for one hour. Moreover, the Coast Guard will issue Broadcast Notice to Mariners via VHF-FM marine channel 16 regarding the safety zone. Vessel operators may request permission to enter the zone before and after the fireworks display while the rule is in effect.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this rule will not have a significant economic impact on any vessel owner or operator.

This rule will affect the following entities, some of which may be small entities. The owners or operators of vessels intending to anchor or transit along a portion of Delaware River in the vicinity of Philadelphia, from 9:00 p.m. until 10:00 p.m. on June 13, 2018.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule

involves a safety zone lasting for one hour that would prohibit entry portions of the Delaware River to promote public and maritime safety during a fireworks display. Normally such actions are categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T05-0373 to read as follows:

§ 165.T05-0373 Safety Zone; Delaware River; Philadelphia, PA.

(a) *Location.* The following area is a safety zone: all navigable waters of Delaware River, adjacent to Penns Landing, Philadelphia, PA, bounded from shoreline to shoreline, bounded on the south by a line running east to west from points along the shoreline commencing at latitude 39°56'31.2" N, longitude 075°08'28.1" W; thence westward to latitude 39°56'29.1" N, longitude 075°07'56.5" W, and bounded on the north by the Benjamin Franklin Bridge where it crosses the Delaware River.

(b) *Definitions.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard petty officer, warrant or commissioned officer on board a Coast Guard vessel or on board a federal, state, or local law enforcement vessel assisting the Captain of the Port, Delaware Bay in the enforcement of the safety zone.

(c) Regulations.

(1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To request permission to enter the safety zone, contact the COTP or the COTP's representative on marine band radio VHF-FM channel 16 (156.8 MHz) or 215-271-4807. All persons and vessels in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Enforcement period.* This section will be enforced on from 9:00 p.m. to 10:00 p.m. on June 13, 2018.

Dated: May 15, 2018.

Scott E. Anderson,

Captain, U.S. Coast Guard, Captain of the Port Delaware.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2017-0052; FRL-9977-89-Region 6]

Approval and Promulgation of Implementation Plans; Oklahoma; Interstate Transport Requirements for the 2012 PM_{2.5} NAAQS

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Pursuant to the Federal Clean Air Act (CAA or Act), the Environmental Protection Agency (EPA) is proposing to approve portions of the Oklahoma State Implementation Plan (SIP) submittal addressing the CAA requirement that SIPs address the potential for interstate transport of air pollution to significantly contribute to nonattainment or interfere with maintenance of the 2012 fine particulate matter (PM_{2.5}) National Ambient Air Quality Standards (NAAQS) in other states. EPA is proposing to determine that emissions from Oklahoma sources do not contribute significantly to nonattainment in, or interfere with maintenance by, any other state with regard to the 2012 PM_{2.5} NAAQS.

DATES: Written comments must be received on or before June 18, 2018.

ADDRESSES: Submit your comments, identified by Docket Number EPA-R06-OAR-2017-0052, at <http://www.regulations.gov> or via email to fuirst.sherry@epa.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary
