Nature and Extent of Confidentiality: There is a need for confidentiality with respect to all owners of Marine VHF radios with Digital Selective Calling (DSC) capability in this collection. The information would be used by search and rescue personnel to identify vessels in distress and to select the proper rescue units and search methods.

The requirement to collect this information is contained in international agreements with the U.S. Coast Guard and private sector entities that issue MMSI's.

The information is used by private entities to maintain a database used to provide information about the vessel owner in distress using marine VHF radios with DSC capability. If the data were not collected, the U.S. Coast Guard would not have access to this information which would increase the time and effort needed to complete a search and rescue operation.

*Needs and Uses:* Section 276 of the Communications Act, as amended (the Act), requires that the Federal Communications Commission (Commission or FCC) establish rules ensuring that payphone service providers or PSPs are “fairly compensated” for each and every completed payphone-originated call. The Commission's Payphone Compensation Rules satisfy section 276 by identifying the party liable for compensation and establishing a mechanism for PSPs to be paid. A 2003 Report and Order (FCC 03–235) established detailed rules (Payphone Compensation Rules) ensuring that payphone service providers or PSPs are “fairly compensated” for each and every completed payphone-originated call pursuant to section 276 of the Communications Act, as amended (the Act). The Payphone Compensation Rules satisfy section 276 by identifying the party liable for compensation and establishing a mechanism for PSPs to be paid. The Payphone Compensation Rules: (1) Place liability to compensate PSPs for payphone-originated calls on the facilities-based long distance

carriers or switch-based resellers (SBRs) from whose switches such calls are completed; (2) define these responsible carriers as “Completing Carriers” and require them to develop their own system of tracking calls to completion; (3) require Completing Carriers to file with PSPs a quarterly report and also submit an attestation by the chief financial officer (CFO) that the payment amount for that quarter is accurate and is based on 100% of all completed calls; (4) require quarterly reporting obligations for other facilities-based long distance carriers in the call path, if any, and define these carriers as “Intermediate Carriers;” and (5) give parties flexibility to agree to alternative compensation arrangements (ACA) so that small Completing Carriers may avoid the expense of instituting a tracking system. and undergoing an audit. On February 22, 2018, the Commission adopted a Report and Order, FCC 18–21 (*2018 Payphone Order*), that: (1) Eliminated the payphone call tracking system audit and associated reporting requirements; (2) permitted a company official, including but no longer limited to, the chief financial officer (CFO), to certify that a Completing Carrier's quarterly compensation payments to PSPs are accurate and complete; and (3) eliminated expired interim and intermediate per-payphone compensation rules that no longer apply to any entity. We believe that the revisions adopted in the *2018 Payphone Order* significantly decrease the paperwork burden on carriers.

### Metro Two-Way, LLC; Notice of Hearing

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** This document commences a hearing to determine whether Metro Two-Way, LLC (Metro) is qualified to be and to remain a Federal Communications Commission (Commission) licensee, and as a consequence thereof, whether any or all of its licenses should be revoked, and whether its pending application should

be denied. As discussed more fully below, based on the totality of the evidence, there are substantial and material questions of fact as to whether Metro repeatedly made misrepresentations to and lacked candor with the Commission in its submission of several applications in connection with various Wireless Radio Service authorizations.

**DATES:** Each party to the proceeding (except for the Chief, Enforcement Bureau), in person or by counsel, shall file with the Commission, by May 23, 2018, a written appearance stating that the party will appear on the date fixed for hearing and present evidence on the issues specified herein.

**FOR FURTHER INFORMATION CONTACT:** Pamela Kane, Special Counsel, Enforcement Bureau, (202) 418–2393.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's Order to Show Cause, Hearing Designation Order and Notice of Opportunity for Hearing (Order) in WTB Docket No. 18–133, DA 18–454, adopted on May 2, 2018, and released on May 3, 2018. The full text of the Order is available for inspection and copying during regular business hours in the FCC Reference Center, 445 12th Street SW, Room CY–A257, Portals II, Washington, DC 20554. ### Synopsis

1. In this Order, the Commission commences a hearing proceeding before a Commission Administrative Law Judge to determine whether the pending application of Metro Two-Way, LLC should be granted, and whether Metro's licenses should be revoked. Metro represented to the Commission in five license applications that no party directly or indirectly controlling Metro has ever been convicted of a felony by any state or federal court. The information before us indicates that Hector Manuel Mosquera, a party directly or indirectly controlling Metro, was convicted of a felony by a state court in California.

2. Accordingly, it is ordered, pursuant to sections 309(e), 312(a)(1), 312(a)(2), 312(a)(4), and 312(c) of the Act, 47 U.S.C. 309(e), 312(a)(1), 312(a)(2), 312(a)(4), 312(c), that Metro Two-Way, LLC shall show cause why the authorizations for which it is the licensee set forth in Attachment A should not be revoked, and that the
