

equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the ATR is reasonably designed to prevent executions of orders and quotes at prices that are significantly worse than the NBBO at the time of an order's submission and may reduce the potential negative impacts of unanticipated volatility in individual options.²⁵ The Commission notes that the proposed rule change extends the application of the ATR to orders that route away immediately upon entry, thus offering these orders the same protections that the ATR provides to orders that first trade on the Exchange before being routed. The Commission also believes that recalculating the ATR for orders routed to away markets pursuant to the Supplementary Material to Rule 1901, if the applicable NBB or NBO price is improved at the time the order is routed, should help provide such orders with a price protection that better reflects the NBB or NBO. The Commission further believes that the proposed rule change will provide transparency and enhance investors' understanding of the operation of the ATR. The Commission notes that the Exchange will continue to use the NBB or NBO as the reference price for the ATR. For these reasons, the Commission believes that the proposed rule change, as modified by Amendment No. 1, is consistent with the Act.

IV. Solicitation of Comments on Amendment No. 1

V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the 30th day after the date of publication of notice of Amendment No. 1 in the **Federal Register**. As discussed above, Amendment No. 1 adds detail to the proposal and the proposed rule text regarding the operation of the ATR. Amendment No. 1 revises the proposed rule text to specify that for orders routed to away markets pursuant to the Supplementary Material to Rule 1901, if the applicable NBB or NBO price is improved at the time the order is routed, a new ATR will be calculated based on the reference price at that time. Amendment No. 1 also sets forth

additional justification for the proposed rule change. The Commission believes that these revisions provide greater clarity with respect to the current and proposed application of the ATR for routed away orders. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Exchange Act,²⁶ to approve the proposed rule change, as modified by Amendment No. 1 on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,²⁷ that the proposed rule change (SR-GEMX-2018-09), as modified by Amendment No. 1 thereto, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority:²⁸

Eduardo A. Aleman,

Assistant Secretary.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 ("Act"),⁴ and Rule 19b-4 thereunder,⁵ IEX is filing with the Commission a proposed rule change to amend the table in Rule 11.410(a) to update the market data source that the Exchange will use to determine the Top of Book⁶ quotation for NYSE National, Inc. ("XCIS") in anticipation of its planned re-launch. The Exchange has designated this rule change as "non-controversial" under Section 19(b)(3)(A) of the Act⁷ and provided the Commission with the notice required by Rule 19b-4(f)(6) thereunder.⁸ The text of the proposed rule change is available at the Exchange's website at www.iextrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the table in Rule 11.410(a) to update the market data source that the Exchange will use to determine the Top of Book quotation for XCIS in anticipation of its planned re-launch.⁹ As specified in Rule 11.410(a)(2), the Exchange uses data from each away trading center that produces a Protected Quotation¹⁰ to determine its Top of Book quotation, as well as the NBBO¹¹ for certain

reporting, regulatory and compliance systems within IEX.

Specifically, the Exchange proposes to amend and update the table specifying the primary and secondary sources for NYSE National ("XCIS") in anticipation of the planned re-launch of XCIS on May 21, 2018.¹² As proposed, the Exchange will use securities information processor ("SIP") data, *i.e.*, CQS SIP data for securities reported under the Consolidated Quotation Services and Consolidated Tape Association plans and UTDF SIP data for securities reported under the Nasdaq Unlisted Trading Privileges national market system plan, to determine XCIS Top of Book quotes. No secondary source is proposed to be specified as SIP data will be used exclusively. While the Exchange uses proprietary market data feeds to determine the Protected Quotations of other away markets, as specified in Rule 11.410, it has determined to utilize the SIP quote feeds for XCIS for several reasons. First, XCIS quotations will not be included in the market data feeds that IEX currently subscribes to and consumes for NYSE Group exchanges.¹³ Although XCIS is not proposing charges for its proprietary market data, the Exchange notes that making the necessary technical changes to consume XCIS proprietary market data in time for XCIS' planned May 21, 2018 re-launch would divert technical resources from other higher priority initiatives. Second, the Exchange believes that XCIS will likely have relatively low market share,¹⁴ and accordingly does not believe that subscribing to an additional proprietary market data feed at this time is necessary in order to determine XCIS Top of Book quotes and enable the Exchange to comply with applicable requirements of Regulation NMS with respect to its Top of Book quotes. The Exchange also notes that other exchanges also use SIP market data feeds to determine Top of Book quotes for some away markets, including XCIS, pursuant to effective rule filings.¹⁵

The Exchange is also proposing a conforming change to Rule 11.410(a)(2) to reflect that, as proposed, the Exchange will not use proprietary market data feeds as the primary source

from which it will determine Top of Book quotations for XCIS.

The Exchange is not proposing any other changes to Rule 11.410 with respect to its use of market data feeds and calculations of necessary price reference points. The proposed change merely specifies the market data feeds that the Exchange will use to determine XCIS Top of Book quotes, and does not alter the manner in which orders are handled or routed by the Exchange.

2. Statutory Basis

IEX believes that the proposed rule change is consistent with the provisions of Section 6(b)¹⁶ of the Act in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it provides transparency with respect to the sources of market data that it will use to determine XCIS Top of Book quotes. For the reasons discussed in the Purpose section, the Exchange believes that use of SIP market data will enable it to determine XCIS Top of Book quotes and comply with applicable requirements of Regulation NMS. In addition, and as further noted in the Purpose section, other exchanges use SIP market data to determine Top of Book quotes for some away markets, including XCIS, so the proposed change does not raise any new or novel issues not already considered by the Commission.

The Exchange also believes it is consistent with the Act to make a conforming change to Rule 11.410(a)(2) so that provision is consistent with the table in Rule 11.410(a).

B. Self-Regulatory Organization's Statement on Burden on Competition

IEX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed update does not impact competition in any respect since its purpose is to enhance transparency and with respect

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁸ and Rule 19b-4(f)(6) thereunder.¹⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act²⁰ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)²¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing, thus allowing IEX's proposed rule change to reflect in its rules, prior to the planned re-launch of XCIS, the source of market data that the Exchange will utilize for determining XCIS Top of Book quotes. The Commission does not believe that any new or novel issues are raised by the proposal. For these reasons, the Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.²²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may

temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-IEX-2018-10 on the subject line.

All submissions should refer to File Number SR-IEX-2018-10. This file number should be included in the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the filing will also be available for inspection and copying at the IEX's principal office and on its internet website at www.iextrading.com.
