

84.94 percent rate calculated in the *Investigation*.⁸

Final Determination of No Shipments

We found in the *Preliminary Results* that Euro SME had no shipments of subject merchandise during the POR,⁹ and no party commented on this preliminary finding. As a result, this finding has not changed.¹⁰ For further details of the issues addressed in this proceeding, see the *Preliminary Results*.¹¹

Assessment Rates

Commerce determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise, where applicable, in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

Regarding Euro SME, the exporter under review, which we determined had no shipments of the subject merchandise during the POR, for any suspended entries of subject merchandise for which Euro SME did not know its merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others rate if there is no rate for the intermediate company involved in the transaction.¹²

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice of final results of the administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For Euro SME, which claimed no shipments, the cash deposit rate will remain unchanged from the rate assigned to Euro SME in the most recently completed review of the company; (2) for previously investigated or reviewed companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is a firm not covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate

will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters is 84.94 percent.¹³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

Dated: May 17, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-026, C-570-027]

Certain Corrosion-Resistant Steel Products From the People's Republic of China: Affirmative Final Determination of Circumvention of the Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of certain corrosion-resistant steel products (CORE), produced in the Socialist Republic of Vietnam (Vietnam) using carbon hot-rolled steel (HRS) or cold-rolled steel (CRS) flat products manufactured in the People's Republic of China (China), are circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on CORE from China.

DATES: Applicable May 23, 2018.

FOR FURTHER INFORMATION CONTACT: Nancy Decker or Mark Hoadley, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0196 or (202) 482-3148, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 11, 2017, Commerce published the *Preliminary Determination*¹ of circumvention of the *CORE Orders*.² A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision

¹ See *Certain Corrosion-Resistant Steel Products from the People's Republic of China: Affirmative Preliminary Determination of Anti-Circumvention Inquiries on the Antidumping Duty and Countervailing Duty Orders*, 82 FR 58170 (December 11, 2017) (*Preliminary Determination*) and accompanying Preliminary Decision Memorandum.

² See *Certain Corrosion-Resistant Steel Flat Products from India, Italy, the People's Republic of China, the Republic of Korea, and Taiwan: Amended Final Affirmative Antidumping Duty Determination for India and Taiwan, and Antidumping Duty Orders*, 81 FR 48390 (July 25, 2016), and *Certain Corrosion-Resistant Steel Products from India, Italy, Republic of Korea, and the People's Republic of China: Countervailing Duty Order*, 81 FR 48387 (July 25, 2016) (collectively, *CORE Orders*).

Memorandum.³ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and it is available to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Scope of the Orders

The products covered by these orders are certain flat-rolled steel products, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished, laminated, or coated with plastics or other non-metallic substances in addition to the metallic coating. For a complete description of the scope of the orders, see the Issues and Decision Memorandum.

Scope of the Anti-Circumvention Inquiries

These anti-circumvention inquiries cover CORE produced in Vietnam using HRS or CRS substrate manufactured in China and subsequently exported from Vietnam to the United States (inquiry merchandise). These rulings apply to all shipments of inquiry merchandise on or after the date of the initiation of these inquiries. Importers and exporters of CORE produced in Vietnam using (1) HRS manufactured in Vietnam or third countries, (2) CRS manufactured in Vietnam using HRS produced in Vietnam or third countries, or (3) CRS manufactured in third countries, must certify that the HRS or CRS processed into CORE in Vietnam did not originate in China, as provided for in the certifications attached to this **Federal Register** notice. Otherwise, their merchandise may be subject to antidumping and countervailing duties.

Methodology

Commerce is conducting these anti-circumvention inquiries in accordance with section 781(b) of the Tariff Act of

³ See Memorandum, "Issues and Decision Memorandum for Anti-Circumvention Inquiries on the Antidumping Duty and Countervailing Duty Orders on Certain Corrosion-Resistant Steel Products from the People's Republic of China," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

1930, as amended (the Act). Because Vietnam and China⁴ are non-market economy countries, within the meaning of section 771(18) of the Act, Commerce calculated the value of certain processing and merchandise using factors of production and market economy values, as discussed in section 773(c) of the Act. Because Vietnam and China are non-market economy countries, within the meaning of section 771(18) of the Act, in the *Preliminary Determination* Commerce calculated the value of certain processing and merchandise using factors of production and market economy values, as discussed in section 773(c) of the Act. See Preliminary Decision Memorandum for a full description of the methodology. We have continued to apply this methodology for our final determination. For further information, see Comment 6 of the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in these inquiries are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix I.

Based on our analysis of the comments received and our findings at verification, we made certain changes to our value of processing calculation since the *Preliminary Determination*. These changes are discussed in the Issues and Decision Memorandum.

Final Affirmative Determination of Circumvention

We determine that CORE produced in Vietnam from HRS or CRS substrate manufactured in China is circumventing the *CORE Orders*. We, therefore, find it appropriate to determine that this merchandise falls within the *CORE Orders* and to instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of any entries of CORE from Vietnam produced using

⁴ See *Antidumping Duty Investigation of Certain Aluminum Foil from the People's Republic of China: Affirmative Preliminary Determination of Sales at Less-Than-Fair Value and Postponement of Final Determination*, 82 FR 50858, 50861 (November 2, 2017) (citing Memorandum to Gary Taverman, "China's Status as a Non-Market Economy," dated October 26, 2017), unchanged in *Certain Aluminum Foil from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 83 FR 9282 (March 5, 2018); see also *Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review*, 81 FR 24797 (October 14, 2016) (unchanged in *Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review*; 2014–2015, 82 FR 18611 (April 20, 2017)).

HRS or CRS substrate manufactured in China.

Continuation of Suspension of Liquidation

As stated above, Commerce has made an affirmative determination of circumvention of the *CORE Orders* by exports to the United States of CORE produced in Vietnam using Chinese-origin HRS or CRS substrate. This circumvention finding applies to CORE produced by any Vietnamese company using Chinese-origin HRS or CRS substrate. In accordance with 19 CFR 351.225(l)(3), Commerce will direct CBP to continue to suspend liquidation and to require a cash deposit of estimated duties on unliquidated entries of CORE produced in Vietnam using Chinese-origin HRS or CRS substrate that were entered, or withdrawn from warehouse, for consumption on or after November 4, 2016, the date of initiation of these anti-circumvention inquiries.

The suspension of liquidation instructions will remain in effect until further notice. Commerce will instruct CBP to require AD cash deposits equal to the rate established for the China-wide entity (199.43 percent) and CVD cash deposits equal to the rate established for the China all-others rate (39.05 percent). In the underlying AD and CVD investigations, Commerce relied on the rates calculated for the sole cooperative respondent in each investigation to determine the China-wide rate of 199.43 percent in the AD investigation and the all-others rate of 39.05 percent in the CVD investigation. The rates are thus based on the cost and sales data and subsidy benefits of Chinese producers.

CORE produced in Vietnam using HRS or CRS substrate that is not of Chinese-origin is not subject to these inquiries. Therefore, cash deposits are not required for such merchandise. If an importer imports CORE from Vietnam and it claims that the CORE was not produced using HRS or CRS substrate manufactured in China, in order not to be subject to cash deposit requirements, the importer and exporter are required to meet the certification and documentation requirements described in Appendix II. Exporters of CORE produced in Vietnam using non-Chinese-origin HRS or CRS substrate must prepare and maintain an Exporter Certification and documentation supporting the Exporter Certification (see Appendix IV). In addition, importers of such CORE must prepare and maintain an Importer Certification (see Appendix III) as well as documentation supporting the Importer Certification. Besides the Importer

Certification, the importer must also maintain a copy of an Exporter Certification (*see* Appendix IV) and relevant supporting documentation from its exporter of CORE produced using non-Chinese-origin HRS or CRS substrate.

Notification Regarding Administrative Protective Orders

This notice will serve as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction or APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

These determinations are issued and published in accordance with section 781(b) of the Act and 19 CFR 351.225(f).

Dated: May 16, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Comment 10: TDA's Labor

Comment 11: TDA's Byproducts

Comment 12: Affiliation With Suppliers IX. Recommendation

Appendix II

Certification Requirements

If an importer imports certain corrosion-resistant steel products (CORE) from the Socialist Republic of Vietnam (Vietnam) and claims that the CORE was not produced using hot-rolled or cold-rolled steel substrate (substrate) manufactured in the People's Republic of China (China), the importer is required to complete and maintain the importer certification attached as Appendix III. The importer is further required to maintain a copy of the exporter certification, discussed below. The importer certification must be completed, signed, and dated at the time of filing of the entry summary for the relevant importation. Where the importer uses a broker to facilitate the entry process, it should obtain the entry number from the broker. Agents of the importer, such as brokers, however, are not permitted to make this certification.

The exporter is required to complete and maintain the exporter certification, attached as Appendix IV, and is further required to provide the importer a copy of that certification. The exporter certification must be completed, signed, and dated before or at the time of shipment of the relevant entries. The exporter certification should be completed by the party selling the merchandise manufactured in Vietnam to the United States, which is not necessarily the producer of the product.

The importer and third-country exporter are also required to maintain sufficient documentation (as indicated in the certifications) supporting their certifications.

The importer will not be required to submit the certifications or supporting documentation to U.S. Customs and Border Protection (CBP) as part of the entry process. However, the importer and the exporter will be required to present the certifications and supporting documentation, to the U.S. Department of Commerce (Commerce) and/or CBP, as applicable, upon request by the respective agency. Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce and/or CBP. The importer and exporter are required to maintain the certifications and supporting documentation for the later of (1) a period of five years from the date of entry or (2) a period of three years after the conclusion of any litigation in United States courts regarding such entries. If it is determined that the certification and/or documentation requirements in a certification have not been met, Commerce intends to instruct CBP to suspend, under the China CORE orders A-570-026 and C-570-027, all unliquidated entries for which these requirements were not met and require the importer to post applicable antidumping duty (AD) and/or countervailing duty (CVD) cash deposits equal to the rates as determined by Commerce. Entries suspended under A-570-026 and C-570-027 will be liquidated pursuant to applicable administrative reviews of the China orders or through the automatic liquidation process.

For CORE produced in Vietnam using Chinese hot-rolled or cold-rolled substrate, Commerce has established the following third-country case numbers in the Automated Commercial Environment (ACE): A-552-994 and C-552-995.

For entries suspended pursuant to the *Preliminary Determination* of these anti-circumvention inquiries that were (1) shipped and/or (2) entered, or withdrawn from warehouse, for consumption during the period November 4, 2016, through December 10, 2017, the day preceding publication of the preliminary determination in the **Federal Register**, which are claimed to be produced using non-Chinese HRS or CRS substrate, Commerce permitted importer and exporter certifications to be completed for a limited period following the *Preliminary Determination*.⁵ Specifically, Commerce required completion of the importer and exporter certifications within 45 days of publication of the *Preliminary Determination Federal Register* notice. Likewise, for such merchandise, the exporter was required to provide the importer a copy of the exporter certification within 45 days of the *Preliminary Determination* publication.

For unliquidated entries (and entries for which liquidation has not become final) of merchandise entered as type 01 entries that were (1) shipped and/or (2) entered, or withdrawn from warehouse, for consumption during the period November 4, 2016, through December 10, 2017, the day preceding publication of the preliminary determination in the **Federal Register**, produced from Chinese substrate, importers should file a Post Summary Correction with CBP, in accordance with CBP's regulations, regarding possible conversion of such entries from type 1 to type 3 entries and report those type 3 entries using the third-country case numbers A-552-994 and C-552-995. Accordingly, the importer also should pay cash deposits on those entries consistent with the regulations governing post summary corrections that require payment of additional duties.

For merchandise (1) shipped and/or (2) entered, or withdrawn from warehouse, for consumption during the period November 4, 2016, through December 10, 2017, the day preceding publication of the preliminary determination in the **Federal Register**, for which certifications are required, importers and exporters each had the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof.⁶ The importer certifications, and copies of the exporter certifications, should be maintained by the importer and provided to CBP or Commerce upon request by the respective agency.

Appendix III

Importer Certification

I hereby certify that:

⁵ See Commerce Memorandum, "Clarification of Certification Requirements Pursuant to Preliminary Affirmative Anti-circumvention Rulings and Extension of 30-Day Deadline for Pre-Preliminary Determination Shipments," dated January 9, 2018, at 2-3.

⁶ *Id.*

- My name is {INSERT COMPANY OFFICIAL'S NAME} and I am an official of {IMPORTING COMPANY};
- This certification pertains to {INSERT ENTRY NUMBER(S), ENTRY LINE NUMBER(S), AND PRODUCT CODE(S) REFERENCED ON ENTRY SUMMARY};
- I have direct personal knowledge of the facts regarding the importation into the Customs territory of the United States of the corrosion-resistant steel products produced in the Socialist Republic of Vietnam (Vietnam) that entered under entry number(s) {INSERT ENTRY NUMBER(S)} and are covered by this certification. "Direct personal knowledge" for purposes of this certification refers to facts in records maintained by the importing company in the normal course of its business. The importer should have "direct personal knowledge" of the importation of the product (*e.g.*, the name of the exporter) in its records;
- I have personal knowledge of the facts regarding the production of the imported products covered by this certification. "Personal knowledge" for purposes of this certification includes facts obtained from another party (*e.g.*, correspondence received by the importer (or exporter) from the producer regarding the source of the substrate used to produce the imported products);
- The corrosion-resistant steel products produced in Vietnam that are covered by this certification do not contain hot-rolled or cold-rolled steel substrate produced in the People's Republic of China;
- I understand that {INSERT IMPORTING COMPANY NAME} is required to maintain a copy of this certification and sufficient documentation supporting this certification (*i.e.*, documents maintained in the normal course of business, or documents obtained by the certifying party, for example, mill certificates, productions records, invoices, *etc.*) for the later of (1) a period of five years from the date of entry or (2) a period of three years after the conclusion of any litigation in the United States courts regarding such entries;
- I understand that {INSERT IMPORTING COMPANY NAME} is required to provide this certification and supporting records, upon request, to U.S. Customs and Border Protection (CBP) and/or the Department of Commerce (Commerce);
- I understand that {INSERT IMPORTING COMPANY NAME} is required to maintain a copy of the Exporter's Certification for the later of (1) a period of five years from the date of entry or (2) a period of three years after the conclusion of any litigation in United States courts regarding such entries;
- I understand that {INSERT IMPORTING COMPANY NAME} is required to maintain and provide a copy of the Exporter's Certification and supporting records, upon request, to CBP and/or the Department;
- I understand that the claims made herein, and the substantiating documentation, are subject to verification by CBP and/or Commerce;
- I understand that failure to maintain the required certification and/or failure to substantiate the claims made herein will result in:

- Suspension of liquidation of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met, and
- the requirement that the importer post applicable antidumping duty (AD) and/or countervailing duty (CVD) cash deposits (as appropriate) equal to the rates determined by Commerce;
- I understand that agents of the importer, such as brokers, are not permitted to make this certification;
- This certification was completed at the time of filing the entry summary for the relevant importation;
- I am aware that U.S. law (including, but not limited to, 18 U.S.C. 1001) imposes criminal sanctions on individuals who knowingly and willfully make material false statements to the U.S. government.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Notice of 30-day Public Comment Period on an Addendum to the Portland Harbor Damage Assessment Plan**

AGENCY: National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of Public Comment Period.

SUMMARY: On June 1, 2010 NOAA and its co-members of the Portland Harbor Trustee Council (Trustee Council) published the "Portland Harbor Superfund Site Natural Resource Damage Assessment Plan", which set forward the Trustee Council's approach for assessing natural resource damages at the Portland Harbor Superfund Site in cooperation with potentially responsible parties in order to resolve natural
