

operating reserve at the end of fiscal year 2017 was \$6,950,142, which continues to exceed 6 months by a significant margin.

Accordingly, AMS is issuing this notice to announce the suspension of the fee for supervision of official inspection and weighing services of domestic grain and land carriers to Canada and Mexico performed by delegated States and/or designated agencies. According to the regulations under the USGSA, AMS may suspend any provision of the regulations in emergencies or other circumstances, which would not impair the objectives of the USGSA (7 CFR 800.2). AMS has determined that suspending supervision fees will not impair the objectives of the USGSA because the operating reserve for supervision services is sufficient to maintain the service without additional funds.

AMS will continue the suspension of the assessment fee of \$0.011 per metric ton on domestic shipments officially inspected and/or weighed, including land carrier shipments to Canada and Mexico, performed by delegated States and/or designated agencies on or after July 1, 2018 (7 CFR 800.71 Schedule B). These fees will remain suspended for one year, at which time AMS will reassess the operating reserve for supervision of official agency inspection and weighing.

Dated: May 18, 2018.

Greg Ibach,

Under Secretary, Marketing and Regulatory Programs.
