Overview of This Information Collection

Title: Biometric Identity.
OMB Number: 1651–0138.
Type of Review: Revision and Extension (with change).
Current Actions: This submission is being made to revise the information collection and extend the expiration date with a change to the burden hours due to an increase in the number of respondents in agency estimates and separating the different biometric modalities. Proposed Change: CBP is proposing to revise this collection of information to include the collection of biometrics from vehicles, this collection will not impose a time burden on the respondents and may reduce wait times at the ports of entry and exit.
Affected Public: Individuals.
Abstract: In order to enhance national security, the Department of Homeland Security is developing a biometric based entry and exit system capable of improving the information resources available to immigration and border management decision-makers. These biometrics may include: Digital fingerprint scans, facial images, iris images or other biometrics. Biometrics may be collected from travelers entering or exiting the United States. CBP will store and use biometric data from those aliens specified in 8 CFR 215.8 and 8 CFR 235.1 in order to verify identity, determine admissibility of those seeking entry into the United States, confirm exit from the United States for the purpose of tracking aliens who have overstayed their visa or are otherwise illegally present in the United States, prevent visa fraud, and identify known or suspected criminals or terrorists. CBP continues to test and evaluate different technological and operational changes to improve the accuracy and speed of biometric collection.
