National Institutes of Health

National Institute of Allergy and Infectious Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of Microbiology, Infectious Diseases and AIDS Initial Review Group Microbiology and Infectious Diseases B Subcommittee MID–B.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Microbiology, Infectious Diseases and AIDS Initial Review Group Microbiology and Infectious Diseases B Subcommittee MID–B.

Date: June 18–19, 2018.

Time: 9:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Bethesda North Marriott Hotel & Conference Center, 5701 Marinelli Road, Bethesda, MD 20852.

Contact Person: Ellen S. Buczko, Ph.D., Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, National Institutes of Health/NIAID, 6700B Rockledge Drive, MSC 7616, Bethesda, MD 20892–7616, 301–451–2676, *ebuczko1@niaid.nih.gov*.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for Office of Management and Budget (OMB) Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the

Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Project: 2019 National Survey on Drug Use and Health

(OMB No. 0930–0110)—Revision

The National Survey on Drug Use and Health (NSDUH) is a survey of the U.S. civilian, non-institutionalized population aged 12 years old or older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, the Office of National Drug Control Policy (ONDCP), federal government agencies, and other organizations and researchers to establish policy, to direct program activities, and to better allocate resources.

While NSDUH must be updated periodically to reflect changing substance use and mental health issues and to continue producing current data, only the following minor changes are planned for the 2019 NSDUH: (1) Adding a brief series of questions on medication-assisted treatment (MAT) for opioids and alcohol; and, (2) including other minor wording changes to improve the flow of the interview, to increase respondent comprehension, or to be consistent with text in other questions.

The series of MAT questions seeks to identify medications prescribed by health professionals to help reduce or stop the use of opioids and alcohol. Including these questions in NSDUH will allow SAMHSA to provide the first known national-level estimates on the use of MAT for opioid use disorder and alcohol use disorder.

As with all NSDUH surveys conducted since 1999, including those prior to 2002 when the NSDUH was referred to as the National Household Survey on Drug Abuse, the sample size of the survey for 2019 will be sufficient to permit prevalence estimates for each of the 50 states and the District of Columbia. The total annual burden estimate is shown below in Table 1:

TABLE 1—ANNUALIZED ESTIMATED BURDEN FOR 2019 NSDUH

Instrument	Number of respondents	Responses per respondent	Total number of responses	Hours per response	Total burden hours
Household Screening	137,231	1	137,231	0.083	11,390
Interview	67,507	1	67,507	1.000	67,507
Screening Verification	4,116	1	4,116	0.067	276
Interview Verification	10,126	1	10,126	0.067	678
