**Product Cancellation Order for Certain Pesticide Registrations and Amendments To Terminate Uses**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellations and amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 and Table 2 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows an March 6, 2018 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II to voluntarily cancel and amend to terminate uses of these product registrations. In the March 6, 2018 notice, EPA indicated that it would issue an order implementing the cancellations and amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received 5 anonymous public comments on the notice but none merited its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations and amendments are effective May 31, 2018.

### III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided EPA received 5 anonymous public comments. The Agency does not believe that the comments submitted during the comment period merits further review or the denial of the requests for the voluntary cancellations of products listed in Table 1 of Unit II or the requests for the amendments to terminate uses in Table 2 of Unit II.

### IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)(1)), EPA hereby approves the requested cancellations and amendments to terminate uses of the registrations identified in Tables 1 and 2 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Tables 1 and 2 of Unit II are canceled and amended to terminate the affected uses. The effective date of the cancellations that are subject of this notice is May 31, 2018. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 of Unit II in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI will be a violation of FIFRA.

### V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of March 6, 2018 (83 FR 9512) (FRL-9974-09). The comment period closed on April 5, 2018.

### VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

#### A. For Product 100-907

The registrant has requested to the Agency via letter dated November 10, 2017, a 12-month period (until November 30, 2018), to sell, distribute

or use existing stocks of the subject product.

For all other voluntary product cancellations identified in Table 1 of Unit II, registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Now that EPA has approved product labels reflecting the requested amendments to terminate uses for the products listed in Table 2 of Unit II, registrants are permitted to sell or distribute the products listed in Table 2 of Unit II, under the previously approved labeling until December 2, 2019, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in Table 2 of Unit II, except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products and products whose labels include the terminated uses until

supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products and terminated uses.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL–9978–74—Region 4]

### Public Water System Supervision Program Revision for the Commonwealth of Kentucky

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notification of tentative approval.

**SUMMARY:** Notice is hereby given that the Commonwealth of Kentucky is revising its approved Public Water System Supervision Program. Kentucky has revised its drinking water regulation defining a public water system. EPA has determined that Kentucky's regulation is no less stringent than the corresponding federal regulation. Therefore, EPA is tentatively approving this revision to the Commonwealth of Kentucky's Public Water System Supervision Program.

**DATES:** Any interested person may request a public hearing. A request for a public hearing must be submitted by July 2, 2018, to the Regional Administrator at the EPA Region 4 street address shown below. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by July 2, 2018, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become final and applicable on July 2, 2018. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to

submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

**ADDRESSES:** All documents relating to this determination are available for inspection between the hours of 9:00 a.m. and 3:00 p.m., Monday through Friday, at the following locations: The 3rd Floor main office of the Division of Water, Kentucky Department for Environmental Protection, 300 Sower Boulevard, Frankfort, Kentucky 40601; and the 9th floor library of the U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303.

**FOR FURTHER INFORMATION CONTACT:** Dale Froneberger, EPA Region 4, Drinking Water Section, by mail at the Atlanta street address given above, by telephone at (404) 562–9446, or by email at [froneberger.dale@epa.gov](mailto:froneberger.dale@epa.gov).

**SUPPLEMENTARY INFORMATION:** The Commonwealth of Kentucky has submitted a request that EPA Region 4 approve a revision to the Commonwealth's Safe Drinking Act Public Water System Supervision Program to include changes to the Commonwealth's regulation defining a public water system. Kentucky's amended regulation incorporates the current federal regulation defining a public water system by reference. The Commonwealth's amended regulation was effective September 25, 2009. For the request to be approved, EPA must find the commonwealth definition of a public water system codified at Title 401 KAR 8:010, to be no less stringent than the federal definition of a public water system codified at 40 CFR part 141, subpart A. EPA reviewed the Commonwealth's request using the federal statutory provisions (Section 1413 of the Safe Drinking Water Act), federal regulations (at 40 CFR parts 141 and 142), commonwealth regulations, regulatory crosswalk, and EPA regulatory guidance to determine whether the request for revision is approvable. EPA determined that the Kentucky regulation is no less stringent than the corresponding federal regulation and is tentatively approving this revision. If EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on his own motion, this approval shall become final and effective on July 2, 2018.

**Authority:** Section 1413 of the Safe Drinking Water Act, as amended (1996), and 40 CFR part 142.

Dated: May 15, 2018.
