SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on March 15, 2018 at 83 FR 11554.

A. Overview of Information Collection

Title of Information Collection: Community Development Block Grant (CDBG) Urban County Qualification/ New York Towns Qualification/ Requalification Processes.

OMB Approval Number: 2506-0170.
Type of Request: Revision of currently approved collection.

Form Number: N/A.
Description of the need for the information and proposed use: The Housing and Community Development Act of 1974, as amended, at sections 102(a)(6) and 102(e) requires that any county seeking qualification as an urban county notify each unit of general local government within the county that such unit may enter into a cooperation agreement to participate in the CDBG program as part of the county. Section 102(d) of the statute specifies that the period of qualification will be three years. Based on these statutory provisions, counties seeking qualification or requalification as urban counties under the CDBG program must provide information to HUD every three years identifying the units of general local governments (UGLGs) within the

county participating as a part of the county for purposes of receiving CDBG funds. The population of UGLGs for each eligible urban county is used in HUD's allocation of CDBG funds for all entitlement and State CDBG grantees.

New York towns undertook a similar process every three years. However, after consultation with program counsel, it was determined that a requalification process for New York towns is unnecessary because the units of general local government in New York towns do not have the same statutory notice rights (under Section 102(e) of the Housing and Community Development Act of 1974) as units of general local government participating in an urban county. However, those New York Towns may qualify as metropolitan cities if they are able to secure the participation of all of the villages located within their boundaries. Any New York Town that is located in an urban county may choose to leave that urban county when that county is requalifying to become a metropolitan city. That New York Town will be required to notify the urban county in advance of its decision to defer participation in the urban county's CDBG program and complete the metropolitan city qualification process.

Estimated Number of Respondents/ Estimated Number of Responses:

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Total	63.00	1.00	63.00	105.00	6,615.00	20.00	\$132,300.00

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.
