Abstract: All individuals responsible for the operation and maintenance of pipeline facilities are required to be properly qualified to safely perform their tasks. Section 192.807 of Title 49, Code of Federal Regulations, requires each operator to maintain records that demonstrate compliance with the mandated qualification criteria. Records must be kept to be provided upon request.

OMB Control Number: 2137-0618.

Current Expiration Date: 8/31/2018.

Type of Request: Renewal with no change of a currently approved information collection.

Abstract: The Federal pipeline safety regulations at 49 CFR 192.612 and 195.413 require operators to conduct appropriate periodic underwater inspections in the Gulf of Mexico and its inlets. If an operator discovers that its underwater pipeline is exposed or poses a hazard to navigation, among other remedial actions such as marking and reburial in some cases, the operator must contact the National Response Center by telephone within 24 hours of discovery and report the location of the exposed pipeline. PHMSA's regulations for reporting the abandonment of underwater pipelines can be found at 49 CFR 192.727 and 195.59. These provisions contain certain requirements for disconnecting and purging abandoned pipelines and require operators to notify PHMSA of each abandoned offshore pipeline facility or each abandoned onshore pipeline facility that crosses over, under or through a commercially navigable waterway.

Affected Public: Operators of pipeline facilities (except master meter operators).

Annual Reporting and Recordkeeping Burden:

Estimated number of responses: 92.

Estimated annual burden hours: 1,372.

(a) The need for the renewal of these collections of information for the proper performance of the functions of the

agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected, and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.
