SUPPLEMENTARY INFORMATION: SBA is fully committed to implementing the Administration's regulatory reform policies, as established by Executive Order 13771, Reducing Regulation and Controlling Regulatory Costs (January 30, 2017), and Executive Order 13777, Enforcing the Regulatory Reform Agenda (February 24, 2017). In order to fully implement the goal of these

executive orders, SBA seeks feedback from the public in identifying any SBA regulations that affected parties believe impose unnecessary burdens or costs that exceed their benefits; eliminate jobs or inhibit job creation; or are ineffective or outdated.

The Regulatory Flexibility Act requires SBA to publish in the **Federal Register** a semiannual regulatory flexibility agenda describing those rules SBA expects to consider in the next 12 months that are likely to have a significant economic impact on a substantial number of small entities (5 U.S.C. 602). Additional information on these rules and on all other rulemakings SBA expects to consider is included in the Federal Government's complete Regulatory Agenda, which will be available online at www.reginfo.gov in a format that offers users enhanced ability to obtain information about SBA's rules.

Linda E. McMahan,
Administrator.

Prerule Stage

191. Small Business Size Standards; Alternative Size Standard for 7(A), 504, and Disaster Loan Programs

E.O. 13771 Designation: Other.

Legal Authority: Pub. L. 111-240, sec. 1116

Abstract: SBA will request public comment on options to amend its size eligibility criteria for Business Loans, certified development company (CDC) loans under title V of the Small Business Investment Act (504) and economic injury disaster loans (EIDL). For the SBA 7(a) Business Loan Program and the 504 program, the eventual amendments will provide an alternative size standard for loan applicants that do not meet the small business size standards for their industries. The Small Business Jobs Act of 2010 (Jobs Act) established alternative size standards that apply to both of these programs until SBA's Administrator establishes other alternative size standards. For the disaster loan program, the amendments will provide an alternative size standard for loan applicants that do not meet the Small Business Size Standard for their industries. SBA loan program alternative size standards do not affect other Federal Government programs, including Federal procurement.

193. Small Business Hubzone Program and Government Contracting Programs

E.O. 13771 Designation: Other.

Legal Authority: 15 U.S.C. 657a

Abstract: SBA has been reviewing its processes and procedures for implementing the HUBZone program and has determined that several of the

regulations governing the program should be amended in order to resolve certain issues that have arisen. As a result, the proposed rule would constitute a comprehensive revision of part 126 of SBA's regulations to clarify current HUBZone Program regulations, and implement various new procedures. The amendments will make it easier for participants to comply with the program requirements and enable them to maximize the benefits afforded by participation. In developing this proposed rule, SBA will focus on the principles of Executive Orders 12866, 13771 and 13563 to determine whether portions of regulations should be modified, streamlined, expanded or repealed to make the HUBZone program more effective and/or less burdensome on small business concerns. At the same time, SBA will maintain a framework that helps identify and reduce waste, fraud, and abuse in the program.

194. Women-Owned Small Business and Economically Disadvantaged Women-Owned Small Business-Certification

E.O. 13771 Designation: Other.

Legal Authority: Pub. L. 113-291, sec. 825; 15 U.S.C. 637(m)

Abstract: Section 825 of the National Defense Authorization Act for Fiscal Year 2015 (NDAA), Public Law 113-291, 128 Stat. 3292, Dec. 19, 2014, included language requiring that women-owned small business concerns and economically disadvantaged women-owned small business concerns are certified by a Federal agency, a State government, the Administrator, or national certifying entity approved by the Administrator as a small business concern owned and controlled by

women. This rule will propose the standards and procedures for participation in this certification program. This rule will also propose to revise the procedures for continuing eligibility, program examinations, protest and appeals. The proposed revisions will reflect public comments that SBA received in response to the Advanced Notice of Proposed Rulemaking that the agency issued in December 2016 to solicit feedback on implementation of the program. Finally, SBA is planning to continue to utilize new technology to improve its efficiency and decrease small business burdens, and therefore, the new certification procedures will be based on an electronic application and certification process.

202. Small Business Timber Set-Aside Program

E.O. 13771 Designation: Regulatory. *Legal Authority:* 15 U.S.C. 631; 15 U.S.C. 644(a)

Abstract: The U.S. Small Business Administration (SBA or Agency) is amending its Small Business Timber Set-Aside Program (the Program) regulations. The Small Business Timber Set-Aside Program is rooted in the Small Business Act, which tasked SBA with ensuring that small businesses receive a fair proportion of the total sales of government property. Accordingly, the Program requires Timber sales to be set aside for small business when small business participation falls below a certain amount. SBA considered comments received during the Advance Notice of Proposed Rulemaking and Notice of Proposed Rulemaking processes, including on issues such as, but not limited to, whether the saw timber volume purchased through stewardship timber contracts should be included in calculations, and whether the appraisal point used in set-aside sales should be the nearest small business mill. In addition, SBA is considering data from the timber industry to help evaluate the current program and economic impact of potential changes.

203. Ownership and Control of Service-Disabled Veteran-Owned Small Business Concerns

E.O. 13771 Designation: Other.
Legal Authority: Pub. L. 114-328, sec. 1832, sec. 1835

Abstract: Section 1832 of the National Defense Authorization Act for Fiscal Year 2017 (NDAA), Public Law 114-328, Dec. 23, 2016, provides for a government-wide, uniform definition of a small business concern owned and controlled by a service-disabled veteran. Section 1835 requires the Small Business Administration (SBA) and the Department of Veterans Affairs (VA) to issue guidance, not later than 180 days after the date of enactment of the NDAA of 2017. The rule will amend SBA's regulations to create a uniform definition of a small business owned and controlled by a service-disabled veteran to be used for purposes of eligibility for government procurements by agencies other than the VA under the authority of 15 U.S.C. 657f, and by the VA for VA procurements in accordance with 38 U.S.C. 8127. These changes will include addressing ownership by an employee stock ownership plan (ESOP) and ownership and control by a surviving spouse.

204. Miscellaneous Amendments to Business Loan Programs and Surety Bond Guarantee Program

E.O. 13771 Designation: Deregulatory.
Legal Authority: 15 U.S.C. 636(a); 15 U.S.C. 694(b)

Abstract: Certain lenders have been delegated the authority to make loan decisions without prior approval from SBA under certain circumstances. SBA has formalized such delegated authorities in this rule. The rule makes several minor modifications to the 504 Loan Program and governance rules for Certified Development Company (CDC) in a follow-on to the Final Rule: 504 and 7(a) Loan Program Updates (March 21, 2014). The rule also aligns terminology for 7(a) lenders that are federally regulated to synchronize with existing industry requirements. SBA is also making several other miscellaneous amendments to improve oversight and operations of its finance programs.

This rule makes four changes to the Surety Bond Guarantee (SBG) Program. The first changes the threshold for notification to SBA of changes in the contract or bond amount. Second, the change requires sureties to submit quarterly contract completion reports. Third, SBA is increasing the eligible contract limit for the Quick Bond Application and Agreement from \$250,000 to \$400,000. Finally, the rule increases the guarantee percentage in the Preferred Surety Bond program to reflect the statutory change made by the National Defense Authorization Act of 2016. The guarantee percentage increases from 70 percent to 80 percent or 90 percent, depending on contract size and socioeconomic factors

currently in effect in the Prior Approval Program.

E.O. 13771 Designation: Not subject to, not significant.

Legal Authority: 15 U.S.C. 634(b)(6); E.O. 11988

Abstract: Due to the revocation of Executive Order 11988, SBA is withdrawing this rule which would have described which disaster loans were to be subject to federal flood risk managements standards. It would have applied to disaster loans that met one of the following conditions: (1) SBA funds used for total real estate reconstruction at the damaged site that is located in the Special Flood Hazard Area (SFHA); (2) SBA funds used for new real estate construction at a relocation site that is located in the SFHA; or (3) SBA funds used for code required elevation at the damaged site that is located in the SFHA.
