Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 30, 2018 (83 FR 13810). Aircraft operators seeking operational approval to conduct RVSM operations within the 48 contiguous states of the United States (U.S.), Alaska, and that portion of the Gulf of Mexico where the FAA provides air traffic services must submit their application to the Certificate Holding District Office (CHDO). The CHDO registers RVSM approved airframes in the FAA RVSM Approvals Database to track the approval status for operator airframes. Application information includes evidence of aircraft equipment and RVSM qualification information along with operational training and program elements.

Respondents: Operators wishing to operate in RVSM airspace are required to submit application to the FAA. The FAA estimates processing 1,426 initial applications annually and 3,330 updates to existing approvals.

Frequency: An operator must make application for initial approval to operate in RVSM airspace, or whenever
