SUPPLEMENTARY INFORMATION:

Title: Floriculture Survey.

OMB Control Number: 0535-0093.

Expiration Date of Approval:

November 30, 2018.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition. The Floriculture Survey was previously conducted in 15 States (California, Florida, Hawaii, Illinois, Maryland, Michigan, New Jersey, New York, North Carolina, Ohio, Oregon, Pennsylvania, South Carolina, Texas, and Washington) and obtained basic agricultural statistics on production and value of floriculture products. The target population for this survey is all operations with production and sales of at least \$10,000 of floriculture products. New floriculture operations that are discovered during the 2017 Census of Agriculture will be added to the list of potential respondents. The retail and wholesale quantity and value of sales are collected for fresh cut flowers, potted flowering plants, foliage plants, annual bedding/garden plants, herbaceous perennials, cut cultivated florist greens, propagative floriculture material, and unfinished plants. Additional detail on area in production, operation value of sales, and agricultural workers is included. Content changes are minimal year to year, with the goal of avoiding significant changes to the survey length and respondent burden associated with each questionnaire. The only program change currently being considered involves the possible rotation and/or expansion of the States included in the survey. These statistics are used by the U.S. Department of Agriculture to help administer programs and by growers and marketers in making production and marketing decisions.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food

Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, *et seq.*), and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," *Federal Register*, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average between 10 and 60 minutes per respondent. In all states except Hawaii, operations with less than \$100,000 in sales of floriculture products respond to a reduced number of questions related to operation characteristics while operations with sales greater than \$100,000 complete the entire questionnaire. In Hawaii, all operations with sales of at least \$10,000 will complete the full questionnaire.

Respondents: Farms and businesses.

Estimated Number of Respondents: 7,600.

Estimated Total Annual Burden on Respondents: 4,700 hours.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection techniques.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, May 31, 2018.

Kevin L. Barnes,

Associate Administrator.
