

Alternative 5: Grant the AEWC an annual strike limit of 100 bowhead whales, not to exceed a total of 504 landed whales over any 6-year period, with unused strikes from previous years carried forward and added to the annual strike quota of subsequent years (subject to limits), provided that no more than 50 percent of the annual strike limit is added for any one year. This alternative would increase the harvest levels by 50 percent and employ the Commission's agreed-upon 50 percent carryover principle. Under this alternative, NMFS would authorize a higher level of harvest, given: (1) The timeframe for NMFS's proposed action, *i.e.*, from 2019 onward, where it is likely that the AEWC's subsistence need for bowhead whales will increase over this timeframe; and (2) the increasing size of the Western Arctic bowhead whale population. As with the other alternatives, NMFS's issuance of any future catch limits will be subject to IWC requirements, which, in turn, will be based on IWC Scientific Committee advice on the sustainability of those catch limits.

NMFS decided to prepare an EIS rather than an EA in order to assess the impacts of issuing annual quotas for the subsistence hunt by Alaska Natives from 2019 onward. This decision was not based on any new determination that significant effects occur as a result of the bowhead subsistence hunt, but rather to take advantage of the greater transparency and public involvement in decision-making afforded through an EIS process.

Major issues addressed in this draft EIS include: The impact of subsistence removal of bowhead whales from the Western Arctic stock of bowhead whales; the impacts of these harvest levels on the traditional and cultural values of Alaska Natives, and the cumulative effects of the action when considered along with environmental conditions and past, present, and future actions potentially affecting bowhead whales.

Public Comment

The publication date of the Environmental Protection Agency's Notice of Availability of the draft EIS, June 1, 2018, 83 FR 25451, constitutes the start of the comment period under NEPA for the draft EIS. The public comment period will end on July 31, 2018, per 83 FR 26665. NOAA encourages all parties with an interest in or who are affected by the Alternatives described in the draft EIS to provide suggestions and comments. Comments are specifically requested regarding the range of alternatives assessed, scope of

analysis, and assessment of direct, indirect, and cumulative impacts.

The official public comment period is 60 days, from June 1, 2018 until July 31, 2018. The draft EIS is posted on the NOAA Fisheries' Alaska Regional Office's web page at <https://alaskafisheries.noaa.gov/pr/whales-bowhead>.

Authority

The preparation of this draft EIS was conducted under the authority and in accordance with the requirements of NEPA, Council on Environmental Quality Regulations (40 CFR parts 1500–1508), other applicable Federal laws and regulations, and policies and procedures of NMFS for compliance with those regulations.

I. Funding Opportunity Description

Purpose of Program: The purposes of the Indian Education Professional Development Grants program that are relevant to this competition are to increase the number of qualified Indian individuals in professions that serve Indians; and to provide training to qualified Indian individuals to become teachers and administrators.

Priorities: This competition contains two absolute priorities, and four competitive preference priorities. We are establishing Absolute Priorities 1 and 2 and Competitive Preference Priority 1 for the FY 2018 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1). In accordance with 34 CFR 75.105(b)(2)(ii), Competitive Preference Priorities 2 and 3 are from the regulations for this program (34 CFR 263.5). Competitive Preference Priority 4 is from the Department's notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs (Supplemental Priorities), published in the **Federal Register** on March 2, 2018 (83 FR 9096).

Absolute Priorities: These priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet one or both of these priorities.

These priorities are:

Absolute Priority 1: Pre-Service training for teachers.

Projects that—

(i) Provide support and training to Indian individuals to complete a pre-service education program before the end of the award period that enables the individuals to meet the requirements for full State certification or licensure as a teacher through—

(A) Training that leads to a degree in education;

(B) For States allowing a degree in a specific subject area, training that leads to a degree in the subject area; or

(C) Training in a current or new specialized teaching assignment that requires a degree and in which a documented teacher shortage exists;

(ii) Provide two years of induction services, during the award period, to participants after graduation, certification, or licensure, while they are completing their first two years of work as teachers in local education agencies (LEAs) (including Bureau of Indian Education (BIE)-funded schools) that

serve a high proportion of Indian students; and

(iii) Include goals for the—
(A) Number of participants to be recruited each year;

(B) Number of participants to continue in the project each year;

(C) Number of participants to graduate each year; and

(D) Number of participants to find qualifying jobs within 12 months of completion.

Absolute Priority 2: Pre-service administrator training.

Projects that—

(i) Provide support and training to Indian individuals to complete a graduate degree in education administration that is provided before the end of the award period and that allows participants to meet the requirements for State certification or licensure as an education administrator;

(ii) Provide two years of induction services, during the award period, to participants after graduation, certification, or licensure, while they are completing their first two years of work as administrators in LEAs (including BIE-funded schools) that serve a high proportion of Indian students; and

(iii) Include goals for the—

(A) Number of participants to be recruited each year;

(B) Number of participants to continue in the project each year;

(C) Number of participants to graduate each year; and

(D) Number of participants to find qualifying jobs within twelve months of completion.

Competitive Preference Priorities: For FY 2018 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(ii) we award an additional three points to an application that meets Competitive Preference Priority 1, an additional five points to an application that meets Competitive Preference Priority 2, an additional three points to an application that meets Competitive Preference Priority 3, and up to an additional five points to an application, depending on how well the application meets Competitive Preference Priority 4. Applicants who receive points under Competitive Preference Priority 2 are not eligible for points under Competitive Preference Priority 3; thus the maximum number of points is 13.
