I. Funding Opportunity Description

Purpose of Program: The purposes of the Indian Education Professional Development Grants program that are relevant to this competition are to increase the number of qualified Indian individuals in professions that serve Indians; and to provide training to qualified Indian individuals to become teachers and administrators.

Priorities: This competition contains two absolute priorities, and four competitive preference priorities. We are establishing Absolute Priorities 1 and 2 and Competitive Preference Priority 1 for the FY 2018 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1). In accordance with 34 CFR 75.105(b)(2)(i), Competitive Preference Priorities 2 and 3 are from the regulations for this program (34 CFR 263.5). Competitive Preference Priority 4 is from the Department’s notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs (Supplemental Priorities), published in the Federal Register on March 2, 2018 (83 FR 9906).

Absolute Priorities: These priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet one or both of these priorities.

These priorities are:

Absolute Priority 1: Pre-Service training for teachers.

Projects that—

(i) Provide support and training to Indian individuals to complete a pre-service education program before the end of the award period that enables the individuals to meet the requirements for full State certification or licensure as a teacher through—

(A) Training that leads to a degree in education;

(B) For States allowing a degree in a specific subject area, training that leads to a degree in the subject area; or

(C) Training in a current or new specialized teaching assignment that requires a degree and in which a documented teacher shortage exists;

(ii) Provide two years of induction services, during the award period, to participants after graduation, certification, or licensure, while they are completing their first two years of work as administrators in LEAs (including BIE-funded schools) that serve a high proportion of Indian students; and

(iii) Include goals for the—

(A) Number of participants to be recruited each year;

(B) Number of participants to continue in the project each year;

(C) Number of participants to graduate each year; and

(D) Number of participants to find qualifying jobs within 12 months of completion.

Competitive Preference Priorities: For FY 2018 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award an additional three points to an application that meets Competitive Preference Priority 1, an additional five points to an application that meets Competitive Preference Priority 2, an additional three points to an application that meets Competitive Preference Priority 3, and up to an additional five points to an application, depending on how well the application meets Competitive Preference Priority 4. Applicants who receive points under Competitive Preference Priority 2 are not eligible for points under Competitive Preference Priority 3; thus the maximum number of points is 13.

These priorities are:

Competitive Preference Priority 1 (Zero or three additional points).

An application that includes a letter of support signed by the authorized
representative of an LEA or BIE-funded school that agrees to consider program graduates for qualifying jobs and that serves a high proportion of Indian students.

Competitive Preference Priority 2 (Zero or five additional points):
An application submitted by an Indian Tribe, Indian organization, or Tribal College or University (as defined in section 316 of the Higher Education Act of 1965) (TCU) that is eligible to participate in the Professional Development program. A consortium application of eligible entities that meets the requirements of 34 CFR 75.127 through 75.129 and includes an Indian Tribe, Indian organization, or TCU will be considered eligible to receive preference under this priority only if the lead applicant for the consortium is the Indian Tribe, Indian organization, or TCU. In order to be considered a consortium application, the application must include the consortium agreement, signed by all parties.

Competitive Preference Priority 3 (Zero or three additional points):
A consortium application of eligible entities whose lead is non-Tribal that—
1. Meets the requirements of 34 CFR 75.127 through 75.129 and includes an Indian Tribe, Indian organization, or TCU; and
2. Is not eligible to receive a preference under Competitive Preference Priority 2.

Competitive Preference Priority 4 (Up to five additional points):
An application is designed to increase the opportunities for high-quality preparation of, or professional development for, teachers or other educators of science, technology, engineering, math, or computer science.

Application Requirements:
Application requirements 1 and 3 below are from 20 U.S.C. 7442(e), and application requirement 2 is established, for the FY 2018 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of GEPA, 20 U.S.C. 1232(d)(1).

Each application must describe how the eligible entity will—
1. Recruit qualified Indian individuals, such as students who may not be of traditional college age, to become teachers, principals, or school leaders;
2. Use funds made available under the grant to support the recruitment, preparation, and professional development of Indian teachers or principals in local educational agencies (including BIE-funded schools) that serve a high proportion of Indian students; and
3. Assist participants in meeting the payback requirements.

Statutory Hiring Preference:
(a) Awards that are primarily for the benefit of Indians are subject to the provisions of section 7(b) of the Indian Self-Determination and Education Assistance Act (Pub. L. 93–638). That section requires that, to the greatest extent feasible, a grantee—
1. Give to Indians preferences and opportunities for training and employment in connection with the administration of the grant; and
2. Give to Indian organizations and to Indian-owned economic enterprises, as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452(e)), preference in the award of contracts in connection with the administration of the grant.

(b) For purposes of this section, an Indian is a member of any federally recognized Indian Tribe.

Definitions:
The definition of “computer science” is from the Supplemental Priorities. The definition of “Indian organization” is from the program regulations, 34 CFR 263.3. We are establishing the definition of “qualifying job,” for the FY 2018 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of GEPA, 20 U.S.C. 1232(d)(1).

Computer science means the study of computers and algorithmic processes and includes the study of computing principles and theories, computational thinking, computer hardware, software design, coding, analytics, and computer applications.

Computer science often includes computer programming or coding as a tool to create software, including applications, games, websites, and tools to manage or manipulate data; or development and management of computer hardware and the other electronics related to sharing, securing, and using digital information.

In addition to coding, the expanding field of computer science emphasizes computational thinking and interdisciplinary problem-solving to equip students with the skills and abilities necessary to apply computation in our digital world.

Computer science does not include using a computer for everyday activities, such as browsing the internet; use of tools like word processing, spreadsheet presentation software; or using computers in the study and exploration of unrelated subjects.

Indian organization means an organization that—
1. Is legally established—
   i. By Tribal or inter-Tribal charter or in accordance with State or Tribal law; and
   ii. With appropriate constitution, by-laws, or articles of incorporation;
2. Includes in its purposes the promotion of the education of Indians;
3. Is controlled by a governing board, the majority of which is Indian;
4. If located on an Indian reservation, operates with the sanction or by charter of the governing body of that reservation;
5. Is neither an organization or subdivision of, nor under the direct control of, any institution of higher education; and
6. Is not an agency of State or local government.

Qualifying job means employment in the participant’s field of study under this program, in an LEA (including a BIE-funded school) that serves a high proportion of Indian students.

Waiver of Proposed Rulemaking:
Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities, requirements, definitions, and selection criteria. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under section 6122 of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (20 U.S.C. 7442) and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment on certain aspects of this notice, including some of the priorities, requirements, definitions and selection criteria under section 437(d)(1) of GEPA. These priorities, requirements, definitions, and selection criteria will apply to the FY 2018 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension Agreements in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR
part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 263. (e) The Supplemental Priorities.

Note: The open licensing requirement in 2 CFR 3474.20 does not apply for this program.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian Tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: The Administration has requested $37,291,000 for the Special Programs for Indian Children program for FY 2018, of which we intend to use an estimated $6,300,000 for this competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process before the end of the current fiscal year, if Congress appropriates funds for this program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2019 from the list of unfunded applications from this competition.

Estimated Range of Awards: $300,000–$400,000.

Estimated Average Size of Awards: $350,000.

Maximum Award: We will not make an award exceeding $400,000 for the first, second, or third 12-month budget period. We will not make an award exceeding $120,000 for the fourth or fifth 12-month budget period.

Estimated Number of Awards: 18.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months. We will award grants for an initial period of not more than three years, and may renew such grants for an additional period of not more than two years if we find that the grantee is achieving the objectives of the grant.

IV. Application and Submission Information

2. Submission of Proprietary Information: Given the types of projects that may be proposed in applications for the Indian Education Professional Development Grants program, your application may include business information that you consider proprietary. In 34 CFR 5.11 we define “business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public by posting them on our website, you may wish to request confidentiality of business information. Consistent with Executive Order 13429, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under “Other Attachments Form,” please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. Intergovernmental Review: This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

4. Funding Restrictions: We specify allowable costs in 34 CFR 263.4.

A Professional Development program may include, as training costs, assistance to—

(1) Fully finance a student’s educational expenses including tuition, books, and required fees; health insurance required by the institution of higher education; stipend; dependent allowance; technology costs; program required travel; and instructional supplies; or

(2) Supplement other financial aid, including Federal funding other than loans, for meeting a student’s educational expenses.

The maximum stipend amount is $1,800 per month for full-time students; grantees may also provide participants with a $300 allowance per month per dependent during an academic term. The Department will reduce any stipends in excess of this amount. The terms “stipend,” “full-time student,” and “dependent allowance” are defined in 34 CFR 263.3. Stipends may be paid only to full-time students.

Other costs that a Professional Development program may include, but that must not be included as training costs, include costs for—

(1) Collaborating with prospective employers within the grantees’ local service area to create a pool of potentially available qualifying jobs;

(2) Assisting participants in identifying and securing qualifying jobs in their fields of study following completion of the program; and

(3) Teacher mentoring programs, professional guidance, and instructional support provided by educators, local traditional leaders, or cultural experts, as appropriate for teachers during their first two years of employment as teachers.

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

5. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria
that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 30 pages and (2) use the following standards:

- **A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.**

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the two-page abstract, the resumes, the bibliography, the letters of support, or the signed consortium agreement, if applicable.

### 2. Review and Selection Process:

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance.
assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Special Conditions: Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $150,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System [FAPIIS], accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS. Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting.

4. Performance Measures: The Department has established the following Government Performance and Results Act of 1993 (GPRA) performance measures for the Indian Education Professional Development program: (1) The percentage of participants in administrator preparation projects who become principals, vice principals, or other school administrators in LEAs that serve American Indian and Alaska Native students; (2) the percentage of participants in teacher preparation projects who become teachers in LEAs that serve American Indian and Alaska Native students; (3) the percentage of program participants who meet State licensure requirements; (4) the percentage of program participants who complete their service requirement on schedule; (5) the cost per individual who successfully completes an administrator preparation program, takes a position in a school district that benefits American Indian/Alaska Native enrollment, and completes the service requirement in such a district; and (6) the cost per individual who successfully completes a teacher preparation program, takes a position in such a school district that benefits American Indian/Alaska Native enrollment, and completes the service requirement in such a district.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Pursuant to section 6122(g) of the ESEA, the Secretary will award grants for an initial period of not more than three years, and may renew such grants for an additional period of not more than two years if the Secretary finds that the grantee is achieving the objectives of the grant.

Abstract: The Pre-authorized Debit Account Brochure and Application (PDA Application) serves as the means by which an individual with a defaulted federal education debt (student loan or grant overpayment) that is held by the U.S. Department of Education (ED) requests and authorizes the automatic debiting of payments toward satisfaction of the debt from the borrower’s checking or savings account. The PDA Application explains the automatic debiting process and collects the individual’s authorization for the automatic debiting and the bank account information needed by ED to debit the individual’s account.
