SUPPLEMENTARY INFORMATION: Under Flood Disaster Protection Act of 1973, Section 2(a)(6), 42 U.S.C. 4002(a)(6), Congress finds it is in the public interest for persons already living in flood prone areas to have an opportunity to purchase flood insurance and access to more adequate limits of coverage to be indemnified for their losses in the event of future flood disasters. To this end, FEMA established and carries out a National Flood Insurance Program (NFIP), which enables interested persons to purchase insurance against loss resulting from physical damage to or loss of real or personal property arising from any flood occurring in the United States. 42 U.S.C. 4011. In carrying out the NFIP, FEMA operates a call center in conjunction with the FloodSmart website (www.FloodSmart.gov). Together these methods of marketing and outreach provide the mechanism for current and potential policyholders to learn more about floods and flood insurance, contact an agent, or assess their risk.

The information collected from callers/visitors is used to fulfill requests for published materials, email alerts, policy rates, and agent contact information.

Additionally, FEMA and the NFIP offer *Agents.FloodSmart.gov* as a resource for agents. Upon website registration, agents can enroll in the Agent Referral Program to receive free leads through the consumer site or the call center as outlined above. This information collection seeks approval to continue collecting name, address and telephone number information from: (1) Business and residential property owners and renters who voluntarily call to request flood insurance information and possibly an insurance agent referral and, (2) insurance agents interested in enrolling in the agent referral service.
