

federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing a safety zone that will only last one hour and cover a small portion of a lake. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T08–0529 to read as follows:

§ 165.T08–0529 Safety Zone; Lake Pontchartrain, Mandeville, LA.

(a) *Location.* The following area is a safety zone: All navigable waters of Lake Pontchartrain in a 100-yard radius around the approximate position 30°21'12.03" N, 90°04'28.95" W, near Mandeville, LA.

(b) *Effective period.* This section is effective from 8:45 p.m. through 9:45 p.m. on June 30, 2018.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23, entry into this zone is prohibited unless authorized by the Captain of the Port Sector New Orleans (COTP) or designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector New Orleans.

(2) Vessels requiring entry into this safety zone must request permission from the COTP or a designated representative. They may be contacted on VHF–FM Channel 16 or 67 or by telephone at (504) 365–2200.

(3) Persons and vessels permitted to enter this safety zone must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative.

(d) *Information broadcasts.* The COTP or a designated representative will inform the public of the enforcement times and date for this safety zone through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Broadcasts (MSIBs) as appropriate.

Dated: June 12, 2018.

Wayne R. Arguin,

Captain, U.S. Coast Guard, Captain of the Port Sector New Orleans.

[FR Doc. 2018–13044 Filed 6–15–18; 8:45 am]

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R01–OAR–2017–0117; FRL–9979–07–Region 1]

Air Plan Approval; Maine; Infrastructure State Implementation Plan Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving most elements of State Implementation Plan (SIP) submissions from Maine regarding the infrastructure requirements of the Clean Air Act (CAA or Act) for the 2008 lead (Pb), 2008 ozone, and 2010 nitrogen dioxide (NO₂) National Ambient Air Quality Standards (NAAQS). In addition, EPA is approving two statutes submitted by Maine in support of its demonstration that the infrastructure requirements of the CAA have been met. Lastly, EPA is conditionally approving a sub-element of Maine's submittal relating to state boards and conflicts of interest. The infrastructure requirements are designed to ensure that the structural components of each state's air quality management program are adequate to meet the state's responsibilities under the CAA.

DATES: This rule is effective on July 18, 2018.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R01–OAR–2017–0117. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, Air Quality Planning Unit, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays. **FOR FURTHER INFORMATION CONTACT:** Anne K. McWilliams, Air Quality

Planning Unit, Air Programs Branch (Mail Code OEP05-02), U.S. Environmental Protection Agency, Region 1, 5 Post Office Square, Suite 100, Boston, Massachusetts 02109-3912; (617) 918-1697; *mcwilliams.anne@epa.gov*.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

Table of Contents

- I. Background and Purpose
- II. Public Comments
- III. Final Action
- IV. Incorporation by Reference
- V. Statutory and Executive Order Reviews

I. Background and Purpose

This rulemaking addresses infrastructure SIP submissions from the State of Maine for the 2008 Pb, 2008 ozone, and 2010 NO₂ NAAQS. The state submitted these infrastructure SIPs on the following dates: 2008 Pb—August 21, 2012; 2008 ozone—June 7, 2013; and 2010 NO₂—June 7, 2013. On April 23, 2013, Maine Department of Environmental Protection (ME DEP) submitted a SIP revision to incorporate conflict of interest state law provisions into the SIP from 38 Maine Revised

Statutes Annotated (MRSA) Section 341-C(7) and 5 MRSA Section 18. The April 23, 2013 SIP revision addresses element E(ii) requirements. Furthermore, on February 14, 2013, Maine submitted a SIP revision addressing amendments to certain provisions of 06-096 Code of Maine Regulations (CMR) Chapters 100 and 115. The February 14, 2013 SIP revision both defines PM_{2.5} and incorporates PM_{2.5} into the Prevention of Significant Deterioration (PSD) permitting program. This submission was supplemented on May 31, 2016. EPA approved these SIP revisions on August 1, 2016 (81 FR 50353) and June 24, 2014 (79 FR 35695). These revisions address element A, as well as elements C, D(i)(II), and (J) as they relate to PSD. Finally, on March 1, 2018, Maine submitted a letter providing information and clarification in support of its infrastructure SIP submittals. Details of Maine’s submittals and EPA evaluation of those submittals can be found in our Notice of Proposed Rulemaking (NPRM) (83 FR 12905; March 26, 2018).

EPA is approving most of the elements of the above submittals (details can be found below). EPA is also approving into the Maine SIP several

statutes submitted by Maine in support of their demonstration that the infrastructure requirements of the CAA have been met. Also, we are conditionally approving one sub-element of Maine’s submittal relating to state boards and conflicts of interest.

II. Public Comments

EPA received 12 sets of comments in response to the NPR. The comments discuss subjects outside the scope of an infrastructure SIP action, do not explain (or provide a legal basis for) how the proposed action should differ in any way, and, indeed, make no specific mention of the proposed action; they are not germane.

III. Final Action

EPA is approving SIP submissions from Maine certifying that the state’s current SIP is sufficient to meet the required infrastructure elements under sections 110(a)(1) and (2) of the Act for the 2008 Pb, 2008 ozone, and 2010 NO₂ NAAQS, except for certain aspects relating to State Boards (Element E) which we are conditionally approving. Specifically, EPA’s actions for each infrastructure SIP requirement are shown in Table 1.

TABLE 1—EPA’S ACTION ON MAINE’S INFRASTRUCTURE SIP SUBMITTALS FOR LISTED NAAQS

Element	2008 Pb	2008 Ozone	2010 NO ₂
(A): Emission limits and other control measures	A	A	A
(B): Ambient air quality monitoring and data system	A	A	A
(C)1: Enforcement of SIP measures	A	A	A
(C)2: PSD program for major sources and major modifications	A	A	A
(C)3: PSD program for minor sources and minor modifications	A	A	A
(D)1: Contribute to nonattainment/interfere with maintenance of NAAQS	A	PA	NS
(D)2: PSD	A	A	A
(D)3: Visibility Protection	A	A	A
(D)4: Interstate Pollution Abatement	A	A	A
(D)5: International Pollution Abatement	A	A	A
(E): Adequate resources	A	A	A
(E): State boards	CA	CA	CA
(E): Necessary assurances with respect to local agencies	NA	NA	NA
(F): Stationary source monitoring system	A	A	A
(G): Emergency power	A	A	A
(H): Future SIP revisions	A	A	A
(I): Nonattainment area plan or plan revisions under part D	NG	NG	NG
(J)1: Consultation with government officials	A	A	A
(J)2: Public notification	A	A	A
(J)3: PSD	A	A	A
(J)4: Visibility protection	NG	NG	NG
(K): Air quality modeling and data	A	A	A
(L): Permitting fees	A	A	A
(M): Consultation and participation by affected local entities	A	A	A

In the above table, the key is as follows:

- A, Approve.
- CA, Conditionally Approve.
- NA, Not applicable.
- NG, Not germane to infrastructure SIPs.
- NS, New Submittal (submitted on February 21, 2018). Will be acted on in a separate rulemaking.
- PA, Previously approved (see 81 FR 70631, Oct. 13, 2016).

In addition, we are incorporating into the Maine SIP, the following Maine statutes which were included for approval in Maine's infrastructure SIP submittals: Maine's conflict of interest provisions found in 38 MRSA Section 341-C(7) and 5 MRSA Section 18, which DEP submitted as a SIP revision on April 23, 2013.

As noted in Table 1, EPA is conditionally approving aspects of Maine's SIP submittals pertaining to CAA section 110(a)(2)(E). The outstanding issues are with state provisions that govern membership of Maine's Board of Environmental Protection and conflict of interest requirements pertaining to the Commissioner of ME DEP, as described in detail in our NPR for this action. See 83 FR 12905 (Mar. 26, 2018). Maine must provide to EPA by June 18, 2019 a submittal(s) addressing these issues. If Maine fails to do so, this approval will become a disapproval on that date. EPA will notify ME DEP by letter that this action has occurred. At that time, this commitment will no longer be a part of the approved Maine SIP. EPA subsequently will publish a notice in the notice section of the **Federal Register** notifying the public that the conditional approval automatically converted to a disapproval. If the state meets its commitment within the applicable timeframe, the conditionally approved submission will remain a part of the SIP until EPA takes final action approving or disapproving the new submittal. If EPA disapproves the new submittal, the conditionally approved aspects will also be disapproved at that time. If EPA approves the submittal, then the portions of Maine's infrastructure SIP submittals that were conditionally approved will be fully approved in their entirety and replace the conditional approval in the SIP. In addition, final disapproval of an infrastructure SIP submittal triggers the Federal Implementation Plan (FIP) requirement under section 110(c).

IV. Incorporation by Reference

In this rulemaking, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of: Maine's conflict of interest provisions found in 38 MRSA Section 341-C(7) and 5 MRSA Section 18, which DEP submitted as a SIP revision on April 23, 2013. These are described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents generally available through <https://www.regulations.gov>.

V. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- This action is not an Executive Order 13771 regulatory action because this action is not significant under Executive Order 12866.
 - Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
 - Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
 - Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
 - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land

or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 17, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: June 12, 2018.

Alexandra Dunn,

Regional Administrator, EPA Region 1.

Part 52 of chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart U—Maine

■ 2. Amend § 52.1019 by adding paragraphs (c), (d), and (e) to read as follows:

§ 52.1019 Identification of plan—conditional approval.

* * * * *

(c) 2008 Ozone National Ambient Air Quality Standards (NAAQS): The 110(a)(2) infrastructure SIP submitted on June 7, 2013, is conditionally approved for Clean Air Act section 110(a)(2)(E) regarding State Boards and Conflicts of Interest. On March 1, 2018,

the State of Maine committed to address these requirements.

(d) 2008 Lead NAAQS: The 110(a)(2) infrastructure SIP submitted on August 21, 2012, is conditionally approved for Clean Air Act section 110(a)(2)(E) regarding State Boards and Conflicts of Interest. On March 1, 2018, the State of Maine committed to address these requirements.

(e) 2010 Nitrogen Dioxide NAAQS: The 110(a)(2) infrastructure SIP submitted on June 7, 2013, is conditionally approved for Clean Air Act section 110(a)(2)(E) regarding State Boards and Conflicts of Interest. On March 1, 2018, the State of Maine

committed to address these requirements.

■ 3. In § 52.1020:

■ a. In paragraph (c), the table titled “EPA Approved Maine Regulations” is amended by adding entries “5 MRSA Section 18” and “38 MRSA Section 341–C(7)” at the end of the table.

■ b. In paragraph (e), the table titled “Maine Non Regulatory” is amended by adding three entries at the end of the table.

The additions read as follows:

§ 52.1020 Identification of plan.
