BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG221

Endangered and Threatened Species: Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice. Application for one new Enhancement of Survival Permit under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended.

SUMMARY: NMFS has received an application for a new Enhancement of Survival Permit and a request for entry into an associated proposed Safe Harbor Agreement (Agreement) between the applicant and NMFS. The proposed Enhancement of Survival Permit and Agreement are intended to promote the survival and recovery of Central California Coast (CCC) coho salmon (*Oncorhynchus kisutch*) and CCC steelhead (*O. mykiss*) listed as endangered and threatened, respectively, under the Endangered Species Act (ESA). Information NMFS received as a part of the application is available upon request by contacting the NMFS West Coast Region (WCR) at its California Coastal Office in Santa Rosa, California (see **FOR FURTHER INFORMATION CONTACT**).

DATES: Comments or requests for a public hearing on the action proposed in the application or related matters must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific standard time on July 18, 2018.

ADDRESSES: You may submit comments on this document and requests for a public hearing by any of the following methods. Please identify comments as relating to the “Kellogg Ranch Safe Harbor Agreement.”

Electronic Submissions: Submit all electronic comments via the Federal Rulemaking Portal. Go to <http://www.regulations.gov/>, click the “Comment Now!” icon, complete the

required fields, and enter, or attach your comments.

Mail, Email, Fax: Submit written comments and requests for a public hearing to California Coastal Office, NMFS WCR, 777 Sonoma Avenue Room 325, Santa Rosa, CA 95404. Comments and requests may also be submitted via fax to (707) 578-3435 or by email to WCR-KelloggSHA.comments@noaa.gov.

Instructions: Comments sent by any other methods, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are part of the public record, and will generally be posted for public viewing on <http://www.regulations.gov> without change. All personally identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Dan Wilson, Santa Rosa, CA (Phone: (707) 578-8555, Fax: (707) 825-4840, email: WCRKelloggRanchSHA.comments@noaa.gov)

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

The proposed Enhancement of Survival Permit and Agreement are intended to promote the survival and recovery of endangered CCC coho salmon and threatened CCC steelhead.

Authority

Enhancement of Survival Permits are issued in accordance with section 10(a)(1)(A) of the ESA (16 U.S.C. 1531 *et seq.*), and regulations governing ESA-listed fish and wildlife permits (50 CFR parts 222-227). NMFS issues permits based on findings that such permits: (1) Were applied for in good faith; (2) if granted and exercised would not operate to the disadvantage of the listed species that are the subject of the permit; and (3) are consistent with the purposes and policy set forth in section 2 of the ESA. The authority to take listed species is subject to conditions set forth in the permits.

Under a Safe Harbor Agreement, participating landowners voluntarily undertake management activities on their property to enhance, restore, or maintain habitat benefiting species listed under the ESA. Safe Harbor Agreements, and the subsequent Enhancement of Survival Permits that are issued pursuant to section

10(a)(1)(A) of the ESA, encourage private and other non-Federal property owners to implement conservation efforts for listed species by assuring property owners that they will not be subjected to increased property-use restrictions as a result of their efforts to attract listed species to their property and increase the numbers or distribution of these species already on their property. Application requirements and issuance criteria for Enhancement of Survival Permits through Safe Harbor Agreements are found in 50 CFR 222.308(b), 222.308(c), and the Announcement of Final Safe Harbor Policy published on June 17, 1999 (64 FR 32717). These permits allow any necessary future incidental take of covered species above the mutually agreed-upon baseline conditions for those species in accordance with the terms and conditions of the permits and accompanying agreements.

An interested party may submit data, views, arguments, or a request for a hearing with respect to the action proposed in the application or related matters. Anyone requesting a hearing on a matter pursuant to this notice should set out the specific reasons why a hearing on that matter would be appropriate (see **ADDRESSES**). Such hearings are held at the discretion of the Assistant Administrator for Fisheries, NMFS.

Applications Received

Permit 22228

Ms. Barbara Banke, Trustee of Barbara R. Banke Revocable Trust, (Applicant) is requesting an Enhancement of Survival Permit and approval of an associated proposed Agreement that was developed by NMFS and the Applicant. The Enhancement of Survival Permit will facilitate implementation of the Agreement that is expected to promote the recovery of the covered species on non-Federal property within the Yellowjacket Creek and Kellogg Creek on the Applicant’s Kellogg Ranch. Yellowjacket Creek and Kellogg Creek are tributaries to Redwood Creek, thence Maacama Creek, thence the Russian River in Sonoma County, California.

The proposed duration of the Agreement and the associated Enhancement of Survival Permit is 25 years. The proposed Enhancement of Survival Permit would authorize the incidental taking of CCC coho salmon and CCC steelhead that may be associated with covered activities including beneficial management activities, routine land use activities, and the potential future return of the

enrolled property to baseline conditions at the end of the Agreement, as defined in the Agreement. The Agreement specifies the beneficial management activities to be carried out on the enrolled property, and schedule for implementing those activities. The Agreement is expected to promote the recovery of CCC coho salmon and CCC steelhead within the Applicant's Kellogg Ranch.

The Agreement requires that the Applicant maintain baseline condition for the covered species habitat on the enrolled property. NMFS has reviewed the baseline condition for the enrolled property as it is defined in the Agreement. The Agreement also contains a monitoring component that requires the Applicant to ensure compliance with the terms and conditions of the Agreement, and that the baseline levels of habitat for the covered species occurs on the enrolled property. Results of the monitoring efforts will be provided to NMFS by the Applicant in an annual report for the duration of the 25-year permit term.

Upon approval of this Agreement, and consistent with the NMFS's Safe Harbor Policy, NMFS will issue an Enhancement of Survival Permit to the Applicant. The Enhancement of Survival Permit will authorize the Applicant to take CCC coho salmon and CCC steelhead incidental to the implementation of the covered activities specified in the Agreement, incidental to other lawful uses of the enrolled property, and to return to baseline conditions if desired at the end of the Agreement. In addition to meeting other criteria, actions to be performed under the Enhancement of Survival Permit must not jeopardize the existence of Federally listed species.

This notice is provided pursuant to section 10(c) of the ESA. NMFS will evaluate the application, associated documents, and comments submitted to determine whether the application meets the requirements of section 10(a) of the ESA and Federal regulations. The final permit decision will not be made until after the end of the 30-day comment period. NMFS will publish notice of its final action in the **Federal Register**.

Dated: June 12, 2018.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

United States Patent and Trademark Office

Post Patent Public Submissions

ACTION: Proposed collection; comment request.

SUMMARY: The United States Patent and Trademark Office (USPTO), as required by the Paperwork Reduction Act of 1995, invites comments on a proposed extension of an existing information collection; 0651-0067: Post Patent Public Submissions.

DATES: Written comments must be submitted on or before August 17, 2018.

ADDRESSES: You may submit comments by any of the following methods:

- *Email: InformationCollection@uspto.gov.* Include "0651-0067 comment" in the subject line of the message.
- *Federal Rulemaking Portal: <http://www.regulations.gov>.*
- *Mail: Marcie Lovett, Records and Information Governance Division Director, Office of the Chief Technology Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450.*

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Raul Tamayo, Senior Legal Advisor, Office of Patent Legal Administration, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450; by telephone at 571-272-7728; or by email to Raul.Tamayo@uspto.gov with "0651-0067 comments" in the subject line. Additional information about this collection is also available at <http://www.reginfo.gov> under "Information Collection Review."

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) is required by 35 U.S.C. 131 to examine an application for patent and, when appropriate, issue a patent. The provisions of 35 U.S.C. 301 and 37 CFR 1.501 govern the ability of a person to submit into the file of an issued patent (1) prior art consisting of patents or printed publications which the person making the submission believes to have a bearing on the patentability of any claim of the issued patent and (2) statements of the owner of the issued patent filed in a proceeding before a

Federal court or the USPTO in which the owner of the issued patent took a position on the scope of any claim of the issued patent.

The public may use this information collection to aid in ascertaining the patentability and/or scope of the claims of the issued patent. The USPTO may use this information during subsequent reissue or reexamination proceedings. The USPTO's use of the statements of the patent owners ((2) above) will be limited to determining the meaning of a patent claim in *ex parte* reexamination proceedings that already have been ordered and in *inter partes* review and post grant review proceedings that already have been instituted.

II. Method of Collection

Electronically via the USPTO's electronic filing system (EFS-Web). By facsimile, mail or hand delivery, if the submitter chooses to submit the information in paper form.

III. Data

OMB Number: 0651-0067.

IC Instruments and Forms: PTO/SB/42.

Type of Review: Extension of a Currently Existing Collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 100 response per year.

Estimated Time per Response: The USPTO estimates that it will take the public 10 hours to respond to the items in this collection. This includes the time to gather the necessary information, create the document, and submit the completed request to the USPTO.

Estimated Total Annual Respondent Burden Hours: 1,000 hours.

Estimated Total Annual Respondent (Hour) Cost Burden: \$438,000. The USPTO expects that attorneys will completed the instruments associated with this information collection. The professional hourly rate for intellectual property attorneys in private firms is \$438. Using this hourly rate, the USPTO estimates that the total respondent cost burden for this collection is \$438,000 per year.
