SUPPLEMENTARY INFORMATION:

Advisory Committee Scope and Objectives

The Yakima River Basin Water Enhancement Project, authorized by Title XII of the Act of October 31, 1994 (Act), Public Law 103-434, established the Yakima River Basin Water Conservation Program (Basin Conservation Program). The Act authorized the Secretary of the Interior to establish a CAG to provide advice and counsel on the structure, implementation, and oversight of the Basin Conservation Program. The Act also specifies the composition of the members to serve on the CAG.

The Basin Conservation Program is structured to provide economic incentives with cooperative Federal, State, and local funding to stimulate the identification and implementation of structural and nonstructural cost-effective water conservation measures in the Yakima River basin. Improvements in the efficiency of water delivery and use will result in improved streamflows for fish and wildlife and improve the reliability of water supplies for irrigation.

The duties or roles and functions of the CAG are in an advisory capacity only. They are to: (A) Provide recommendations to the Secretary and to the State of Washington regarding the structure and implementation of the Basin Conservation Program, (B) provide recommendations to the Secretary and to the State of Washington regarding the establishment of a permanent program for the measurement and reporting of all

natural flow and contract diversions within the basin, (C) structure a process to prepare a basin conservation plan as specified in subsection (f), (D) provide annual review of the implementation of the applicable water conservation guidelines of the Secretary, and (E) provide recommendations consistent with statutes of the State of Washington on rules, regulations, and administration of a process to facilitate the voluntary sale or lease of water.

Membership Criteria

Members of the CAG are appointed by the Secretary and are comprised of—

- (A) one representative of the Yakima River basin nonproratable irrigators,
- (B) one representative of the Yakima River basin proratable irrigators,
- (C) one representative of the Yakama Indian Nation,
- (D) one representative of environmental interests,
- (E) one representative of the Washington State University Agricultural Extension Service,
- (F) one representative of the Department of Wildlife of the State of Washington, and
- (G) one individual who shall serve as the facilitator.

At this time, we are particularly interested in applications from representatives of the following: One representative of the Yakama Indian Nation, and one representative of environmental interests.

After consultation, the Secretary of the Interior will appoint the members to the CAG. Members will be selected based on requirements set forth in the Act and their individual qualifications, as well as the overall need to achieve a balanced representation of viewpoints,
