I. Background
The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 et seq., was enacted in 1970. NEPA states that “it is the continuing policy of the Federal Government, in cooperation with State and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to foster and promote the general welfare, to create and maintain conditions under which man and nature can exist in productive harmony, and fulfill the social, economic, and other requirements of present and future generations of Americans.” 42 U.S.C. 4331(a). NEPA also established CEQ as an agency within the Executive Office of the President. 42 U.S.C. 4342.

By Executive Order (E.O.) 11514, “Protection and Enhancement of Environmental Quality” (March 5, 1970), President Nixon directed CEQ to issue guidelines to Federal agencies for the preparation of detailed statements on proposals for legislation and other Federal actions affecting the environment, as required by section 102(2)(C) of the Act.” CEQ published these guidelines in April of 1970 and revised them in 1973.

President Carter issued E.O. 11991 (May 24, 1977), “Relating to Protection and Enhancement of Environmental Quality,” which amended Section 3(h) of E.O. 11514 to direct CEQ to issue regulations providing uniform standards for the implementation of NEPA, and amended Section 2 of E.O. 11514 to require agency compliance with the CEQ regulations. CEQ promulgated its “Regulations for Implementing the Procedural Provisions of the National Environmental Policy Act” (CEQ’s NEPA regulations) at 40 CFR parts 1500–1508. 43 FR 55978 (November 29, 1978). Since that time, CEQ has amended its NEPA regulations substantially only once, to eliminate the “worst case” analysis requirement of 40 CFR 1502.22. 51 FR 15618 (April 25, 1986).

On August 15, 2017, President Trump issued E.O. 13807, “Establishing Discipline and Accountability in the Environmental Review and Permitting Process for Infrastructure Projects.” 82 FR 40463 (August 24, 2017). Section 5(e) of E.O. 13807 directed CEQ to develop an initial list of actions to enhance and modernize the Federal environmental review and authorization process. In response, CEQ published its initial list of actions pursuant to E.O. 13807 and stated that it intends to review its existing NEPA regulations in order to identify changes needed to update and clarify these regulations. 82 FR 43226 (September 14, 2017).

II. Request for Comment
CEQ requests comments on potential revisions to update and clarify CEQ NEPA regulations. In particular, CEQ requests comments on the following specific aspects of these regulations, and requests that commenters include question numbers when providing responses. Where possible, please provide specific recommendations on additions, deletions, and modifications to the text of CEQ’s NEPA regulations and their justifications.

NEPA Process
1. Should CEQ’s NEPA regulations be revised to ensure that environmental reviews and authorization decisions involving multiple agencies are conducted in a manner that is concurrent, synchronized, timely, and efficient, and if so, how?
2. Should CEQ’s NEPA regulations be revised to make the NEPA process more efficient by better facilitating agency use of environmental studies, analysis, and decisions conducted in earlier Federal, State, tribal or local environmental reviews or authorization decisions, and if so, how?
3. Should CEQ’s NEPA regulations be revised to ensure optimal interagency coordination of environmental reviews and authorization decisions, and if so, how?

Scope of NEPA Review
4. Should the provisions in CEQ’s NEPA regulations that relate to the format and page length of NEPA documents and time limits for completion be revised, and if so, how?
5. Should CEQ’s NEPA regulations be revised to provide greater clarity to ensure NEPA documents better focus on significant issues that are relevant and useful to decisionmakers and the public, and if so, how?
6. Should the provisions in CEQ’s NEPA regulations relating to public involvement be revised to be more inclusive and efficient, and if so, how?
7. Should definitions of any key NEPA terms in CEQ’s NEPA regulations, such as those listed below, be revised, and if so, how?
   a. Major Federal Action;
   b. Effects;
   c. Cumulative Impact;
   d. Significantly;
   e. Scope; and
   f. Other NEPA terms.
8. Should CEQ’s NEPA regulations be revised to provide new definitions of key NEPA terms, such as those noted below, be added, and if so, which terms?
burdens and delays as much as possible, and if so, how? 20. Are there additional ways CEQ's NEPA regulations related to mitigation should be revised, and if so, how? (Authority: 42 U.S.C. 4332, 4342, 4344 and 40 CFR parts 1500, 1501, 1502, 1503, 1505, 1506, 1507, and 1508)

III. Statutory and Executive Order Reviews
Under E.O. 12866, “Regulatory Planning and Review,” 58 FR 51735 (October 4, 1993), this is a “significant regulatory action.” Accordingly, CEQ submitted this action to the Office of Management and Budget (OMB) for review under E.O. 12866 and any changes made in response to OMB recommendations have been documented in the docket for this action. Because this action does not propose or impose any requirements, and instead seeks comments and suggestions for CEQ to consider in possibly developing a subsequent proposed rule, the various statutes and executive orders that normally apply to rulemaking do not apply in this case. If CEQ decides in the future to pursue a rulemaking, CEQ will address the statutes and executive orders applicable to that rulemaking at that time.

Mary B. Neumayr,
Chief of Staff, Council on Environmental Quality.

[GSMPR Case 2016–105–1; Docket No. 2016–0004, Sequence No. 1]

RIN 3090–AJ74

Public Availability of Agency Records and Informational Materials

AGENCY: Office of Administrative Services (OAS), General Services Administration (GSA).

ACTION: Proposed rule.

SUMMARY: The General Services Administration (GSA) is issuing a proposed rule to amend its regulations implementing the Freedom of Information Act (FOIA). The regulations are being revised to update and streamline the language of several procedural provisions and to incorporate certain changes brought about by the amendments to the FOIA under both statutory and nonstatutory authorities. This rule also amends the GSA’s regulations under the Freedom of Information Act (FOIA) to incorporate certain changes made to the FOIA by the FOIA Improvement Act of 2016. Additionally, the regulations are being updated to reflect developments in case law, executive guidance from the Department of Justice—Office of Information Policy, technological advancements in how the FOIA is administered, and to include current cost figures to be used in calculating and charging fees. Finally, the revisions increase the amount of information that members of the public may receive from the Agency without being charged processing fees through proactive disclosures.

DATES: Interested parties should submit written comments to the Regulatory Secretariat Division at one of the addresses shown below on or before August 20, 2018 to be considered in the formation of the final rule.

ADDRESSES: Submit comments in response to GSMPR case 2016–105–1 by any of the following methods:

- Regulations.gov: http://www.regulations.gov. Submit comments via the Federal eRulemaking portal by searching for “GSMPR Case 2016–105–1”. Select the link “Comment Now” that corresponds with “GSMPR Case 2016–105–1.” Follow the instructions provided on the screen. Please include your name, company name (if any), and “GSMPR Case 2016–105–1” on your attached document.
- Mail: General Services Administration, Regulatory Secretariat Division (MVCB), ATTN: Ms. Lois Mandell, 1800 F Street NW, 2nd Floor, Washington, DC 20405.

Instructions: Please submit comments only and cite GSMPR Case 2016–105–1, in all correspondence related to this case. All comments received will be posted without change to http://www.regulations.gov, including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check www.regulations.gov, approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

FOR FURTHER INFORMATION CONTACT: Mr. Travis S. Lewis, Director of GSA, OAS, Freedom of Information Act and Records Management Division, at 202–219–3078 via email at travis.lewis@gsa.gov for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat Division at 202–501–4755. Please cite GSMPR Case 2016–105–1.
