DEPARTMENT OF COMMERCE
International Trade Administration

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
SUMMARY: The Department of Commerce (Commerce) preliminarily determines that common alloy aluminum sheet (aluminum sheet) from the People’s Republic of China (China) is being, or is likely to be, sold in the United States at less-than-fair value (LTFV). We invite interested parties to comment on this preliminary determination.
FOR FURTHER INFORMATION CONTACT: Deborah Scott or Scott Hoefke, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482–2657 and (202) 482–4947, respectively.

Federal Register
Vol. 83, No. 121
Friday, June 22, 2018
SUPPLEMENTARY INFORMATION:

Background

Commerce published the notice of initiation of this LTFV investigation on December 4, 2017. Commerce exercised its discretion to toll deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. The revised deadline for the preliminary determination of this investigation became April 26, 2018. On March 29, 2018, we postponed the deadline for the preliminary determination by 50 days, in accordance with section 733(c)(1)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.205(b)(2). On April 13, 2018, we clarified that the postponed preliminary deadline is June 15, 2018.

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum that is dated concurrently with this determination and is hereby adopted by this notice. A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at http://enforcement.trade.gov/fraud. The signed Preliminary Decision Memorandum and electronic version of the Preliminary Decision Memorandum are identical in content.

Period of Investigation

The period of investigation (POI) is April 1, 2017, through September 30, 2017.

Scope of the Investigation

The product covered by this investigation is aluminum sheet from China. For a complete description of the scope of this investigation, see Appendix II.

Scope Comments

In accordance with the preamble to Commerce’s regulations, the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage (i.e., “scope”). We received scope comments from interested parties between December 18 and December 20, 2017. We received rebuttal scope comments from the Aluminum Association Common Alloy Sheet Trade Enforcement Working Group (the Domestic Industry) on January 3, 2018. Between March 2 and March 26, 2018, we received additional scope comments from interested parties, and on March 14, 2018, we received rebuttal scope comments from the Domestic Industry.

Methodology

We are conducting this investigation in accordance with section 731 of the Tariff Act of 1930, as amended (the Act). We calculated export prices in accordance with section 776 of the Act. Because China is a non-market economy within the meaning of section 771(18) of the Act, we calculated normal value (NV) in accordance with section 776(a)(1) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Affirmative Preliminary Determination, in Part, of Critical Circumstances

On March 23, 2018, the Domestic Industry timely filed a critical circumstances allegation, pursuant to section 733(e)(1) of the Act and 19 CFR 351.206, alleging that critical circumstances exist with respect to imports of aluminum sheet from China. We preliminarily determine that critical circumstances exist for Nanjie Resources Co., Limited (Nanjie), Yong Jie New Material Co., Ltd. (Yong Jie New Material), and Zhejiang Yongjie Aluminum Co., Ltd. (Yongjie Aluminum) (collectively, Yongjie Companies); Zhejiang GKO Aluminium Stock Co., Ltd. (GKO Aluminum); the companies eligible for a separate rate; and the China-wide entity. In addition, we preliminarily determine that critical circumstances do not exist for Henan Mingtai Al Industrial Co., Ltd. (Henan Mingtai) and Zhengzhou Mingtai Industry Co., Ltd. (Zhengzhou Mingtai) (collectively, Mingtai). For a full description of the methodology and results of our analysis, see the Preliminary Decision Memorandum and Critical Circumstances Memorandum.

Combination Rates

In the Initiation Notice, we stated that it would calculate combination rates for the respondents that are eligible for a

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of aluminum sheet from China as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as indicated in the chart above as follows: (1) For the producer/exporter combinations listed in the table above, the cash deposit rate is equal to the estimated weighted average dumping margin listed for that combination in the table; (2) for all combinations of China producers/exporters of merchandise under consideration that have not established eligibility for their own separate rates, the cash deposit rate will be equal to the estimated weighted-average dumping margin established for the China-wide entity; and (3) for all unliquidated entries of merchandise from the producer/exporter combinations identified in this paragraph that were entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the publication of this notice, the suspension of liquidation will remain in effect until further notice.

Disclosure and Public Comment

We will disclose to interested parties the calculations performed in this proceeding within five days of the date of announcement of this preliminary determination in accordance with 19 CFR 351.224(b). Case briefs or other written comments on the preliminary determination described above may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this proceeding. Reb Butler briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs. Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each case brief a statement explicitly setting forth the new factual matter or arguments on which the case brief or rebuttal brief is based.

argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. This summary should be limited to five pages total, including footnotes.

Interested parties who wish to request a hearing must do so in writing within 30 days after the publication of this preliminary determination in the Federal Register. Requests should contain the party’s name, address, and telephone number; the number of participants; and a list of the issues to be discussed. If a request for a hearing is made, we intend to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a date, time, and location to be determined. Parties will be notified of the date, time, and location of any hearing.

Parties must file their case and rebuttal briefs, and any requests for a hearing, electronically using ACCESS. Electronically filed documents must be received successfully in their entirety by 5:00 p.m. Eastern Time on the due dates established above.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce’s regulations requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

Respondents Mingtai and Yongjie Companies requested that, in the event of affirmatively determined circumstances, Commerce postpone its final determination and extend the application of provisional measures from a four-month period to a period not to exceed six months. Additionally, the Domestic Industry requested that Commerce postpone its final determination and extend the application of provisional measures from a four-month period to a period not to exceed six months.

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(i), because: (1) Our preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, we are postponing the final determination until no later than 135 days after the publication of this notice in the Federal Register and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will issue our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we will notify the International Trade Commission (ITC) of our preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published in accordance with sections 733(f) and 777(i)(I) of the Act and 19 CFR 351.205(c).

Gary Taverman,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background
On February 2, 2018, Commerce published the Preliminary Determination of sales at LTFV of TRBs from Korea. A summary of the events that occurred since Commerce published the Preliminary Determination, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum, which is adopted by this notice.

Scope of the Investigation
The product covered by this investigation is TRBs from Korea. For a full description of the scope of this investigation, see the “Scope of the Investigation” in Appendix I of this notice.

Analysis of Comments Received
All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum accompanying this notice. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Anti-dumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and it is available to all parties in the Central Records Unit, Room B–8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/fm/index.html. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Verification
As provided in section 782(i) of the Tariff Act of 1930, as amended, (the Act) from February through April 2018, we conducted verification of the sales and cost information submitted by Iljin Group and Schaeffler Korea Corporation (Schaeffler) (collectively, the respondents) for use in our final determination. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by the respondents.

Changes Since the Preliminary Determination
Based on our analysis of the comments received and our findings at verification, we made certain changes to the margin calculations for each of the respondents. For a discussion of these changes, see the “Margin Calculations” section of the Issues and Decision Memorandum.

All-Others Rate
Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually examined, excluding rates that are zero, de minimis or determined entirely under section 776 of the Act. For the final determination, Commerce calculated the “all others” rate based on a weighted average of Iljin Group’s and Schaeffler’s margins using publically-ranged quantities of their sales of subject merchandise.

3 Iljin Group is the name used for the collapsed-entity comprised of the following three affiliated companies: Bearing Art Corporation, Iljin Bearing Corporation, and Iljin Global Corporation.

5 With two respondents under examination, Commerce normally calculates (A) a weighted-average of the estimated weighted-average dumping margins calculated for the examined respondents from Korea, and Schaeffler Korea Corporation (Schaeffler) (collectively, the respondents) for use in our final determination. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by the respondents.
