

ACTION: Final rule, correction.

SUMMARY: This action corrects a final rule published in the **Federal Register** of May 29, 2018, that amends five VHF omnidirectional range (VOR) Federal airways (V-12, V-214, V340, V-467, and V517) and one low altitude area navigation (RNAV) route (T-213). This action removes V-467 as the FAA inadvertently listed the route as being amended when, in fact, it already has been removed in a previous rulemaking.

DATES: Effective date 0901 UTC September 13, 2018. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Airspace Policy Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule in the **Federal Register** (83 FR 24403; May 29, 2018) for Docket No. FAA-2017-1144 amending VOR Federal airways V-12, V-214, V-340, V-467, and V-517, and low altitude RNAV route T-213. Subsequent to publication, the FAA identified that one VOR Federal airway, V-467, already has been removed in a previous rulemaking (83 FR 13404; March 29, 2018). This action removes reference to V-467 in the preamble and the regulatory text.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, Modification of Air Traffic Service (ATS) Routes in the Vicinity of Richmond, IN, published in the **Federal Register** of May 29, 2018 (83 FR 24403), FR Doc. 2018-11327, is corrected as follows:

§ 71.1 [Amended]

■ On page 24403, column 1, line 15; column 2, line 32; and column 3, line 11, remove the text “V-467.” On page 24403, column 3, lines 49 thru 56, remove the text that reads “V-467: V-467 extends between the Richmond, IN, VORTAC and the Detroit, MI, VOR/DME. This rule removes the airway segment between the Richmond, IN, VORTAC and the Waterville, OH, VOR/DME. The unaffected portion of the existing airway remains as charted.”

■ On page 22404, column 3, lines 39 and 40, under Paragraph 6010(a)

Domestic VOR Federal Airways, remove the text that reads:

“V-467 [Amended]

From Waterville, OH; to Detroit, MI.”

Issued in Washington, DC, on June 20, 2018.

Rodger A. Dean Jr.,

Manager, Airspace Policy Group.

RIN 2120-AA66

Modification of Air Traffic Service (ATS) Route in the Vicinity of Newberry, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies VHF Omnidirectional Range (VOR) Federal airway V-316 in the vicinity of Newberry, MI. The FAA is taking this action due to the planned decommissioning of the Newberry, MI, VOR/Distance Measuring Equipment (VOR/DME) navigation aid (NAVAID), which provides navigation guidance for portions of the above route. The Newberry VOR/DME is a non-federal NAVAID owned by the State of Michigan that is planned to be decommissioned in September 2018.

DATES: Effective date 0901 UTC, September 13, 2018. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11B, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11B at NARA, call (202) 741-6030, or go to [https://](https://www.archives.gov/federal-register/cfr/ibr-locations.html)

www.archives.gov/federal-register/cfr/ibr-locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the route structure in the National Airspace System as necessary to preserve the safe and efficient flow of air traffic.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** for Docket No. FAA-2018-0222 (83 FR 12885; March 26, 2018) to amend VOR Federal airway V-316 due to the planned decommissioning of the Newberry, MI, VOR/DME. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document would be subsequently published in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas,

air traffic service routes, and reporting points.

The Rule

The FAA is amending Title 14, Code of Federal Regulations (14 CFR) part 71 to modify VOR Federal airway V-316 due to the planned decommissioning of the Newberry, MI, VOR/DME. The V-316 change is described below.

V-316: V-316 extends between the Ironwood, MI, VOR/Tactical Air Navigation (VORTAC) and the Sudbury, ON, Canada, VOR/DME, excluding the airspace within Canada. The airway segment between the Sawyer, MI, VOR/DME and the Sault Ste Marie, MI, VOR/DME is removed. The unaffected portions of the existing airway remain as charted.

The radials in the route description below are unchanged and stated in True degrees.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of modifying VOR Federal airway V-316 near Newberry, MI qualifies for categorical exclusion under the National Environmental Policy Act and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, Paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to result in any potentially significant environmental

impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017 and effective September 15, 2017, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V-316

From Ironwood, MI; to Sawyer, MI. From Sault Ste Marie, MI; thence via Sault Ste Marie 091° radial to Elliot Lake, ON, Canada, NDB; thence to Sudbury, ON, Canada, via the 259° radial to Sudbury. The airspace within Canada is excluded.

Issued in Washington, DC, on June 20, 2018.

Rodger A. Dean Jr.,

Manager, Airspace Policy Group.

Amendment of Restricted Area R-2302; Flagstaff, AZ

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; technical amendment.

SUMMARY: This action changes the time of designation and controlling agency of restricted area R-2302, Flagstaff AZ. The FAA is taking this administrative action in response to the United States Army's limited utilization of the airspace while updating the responsible controlling agency. There are no changes to the boundaries; designated altitudes; or activities conducted within the affected restricted area.

DATES: *Effective date:* 0901 UTC, September 13, 2018.

FOR FURTHER INFORMATION CONTACT: Kenneth Ready, Airspace Policy Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it administratively amends the time of designation and controlling agency for restricted area R-2302, Flagstaff, AZ.

History

The FAA evaluates utilization of special use airspace annually. For the past five years the utilization of restricted area R-2302 has declined steadily. The FAA in coordination with the United States Army, has concluded the restricted area is still needed, but at
