

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures*: As outlined in title IV, part E, section 4501 of the ESEA, SFEC is focused on using family engagement to improve student development and academic achievement. The program recognizes that in order to effectively and sustainably engage parents and families, grantees must use training and technical assistance to build capacity at the State and district levels to develop and implement policies, programs, and activities that are inclusive of families and lead to improvements in student development and academic achievement. SFECs must also provide direct support to parents, teachers, and others that strengthen the relationship between parents and their children's school, foster greater engagement, and assist them in meeting the educational needs of children. SFEC will coordinate its activities with activities conducted under section 1116 and other parts of the ESEA, as well as other Federal, State, and local services and programs.

Annual performance measures: (1) The number of parents who are participating in SFEC activities designed to provide them with the information necessary to understand their annual school report cards and other opportunities for engagement under section 1116 and other related ESEA provisions; (2) the number of high-impact activities or services provided to build a statewide infrastructure for systemic family engagement that includes support for SEA- and LEA-level leadership and capacity-building; (3) the number of high-impact activities or services implemented to ensure that parents are trained and can effectively engage in activities that will improve student academic achievement, to include an understanding of how they can support learning in the classroom with activities at home or outside the school generally, as well as how they can participate in State and local decision-making processes; and (4) the percentage of parents and families receiving SFEC

services who report having enhanced capacity to work with schools and service providers effectively in meeting the academic and developmental needs of their children.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. Registration Applications

EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications.
