SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant proposes to continue a long-term study of large whales in the Western Atlantic Ocean. The focus of the research would be on humpback (*Megaptera novaeangliae*) and fin (*Balaenoptera physalus*) whales, but six other whale species would be studied if observed. Research would occur in three study areas: (1) Gulf of Maine and adjacent waters, (2) waters off U.S. mid-Atlantic and southeastern states, and (3) humpback breeding grounds, including U.S. waters off Puerto Rico. Research would occur during vessel surveys and include photo-identification, photogrammetry, behavioral observations, and sampling of exhaled air, skin, blubber, and feces. An additional 11 species of small cetaceans, two species of pinnipeds, and North Atlantic right whales (*Eubalena glacialis*) may be incidentally harassed during research. The objectives of the

research are to study the biology and ecology of these whale species by examining population dynamics, movement and habitat use patterns, molecular genetics, reproduction, aging, toxicology, foraging ecology, health, entanglement, and other human interactions. The permit would be valid for five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: June 25, 2018.
