[Docket No. EL18-180-000]

VA Solar 1, LLC v. PJM Interconnection, L.L.C.; Notice of Complaint

Take notice that on June 22, 2018, pursuant to sections 206 and 306 of the Federal Power Act, 16 U.S.C. 824e and 825e, and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, VA Solar 1, LLC (Complainant) filed a formal complaint against PJM Interconnection, L.L.C (Respondent) alleging that the Respondent violated its Open Access Transmission Tariff by terminating an interconnection service request submitted on behalf of the Complainant, all as more fully explained in the complaint.

The Complainant certifies that copies of the complaint were served on the contacts listed for the Respondent in the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the eLibrary link and is available for review in the

Commission's Public Reference Room in Washington, DC. [Docket No. CP16-121-000]

National Grid LNG, LLC; Notice of Availability of the Environmental Assessment for the Proposed Fields Point Liquefaction Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Fields Point Liquefaction Project, proposed by National Grid LNG, LLC (National Grid) in the above-referenced docket. National Grid requests authorization to construct natural gas liquefaction facilities at its existing Fields Point liquefied natural gas (LNG) storage facility in Providence, Rhode Island.

The EA assesses the potential environmental effects of the construction and operation of the Fields Point Liquefaction Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Department of Transportation, Rhode Island Department of Environmental Management, and the Rhode Island Coastal Resources Management Council participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

For its Fields Point Liquefaction Project, National Grid would construct a
