

payment obligations with a high degree of confidence under a wide range of foreseeable stress scenarios that includes, but is not limited to, the default of the participant family that would generate the largest aggregate payment of obligation for the covered clearing agency in extreme but plausible conditions.”

As described above, the currently proposed credit facility would provide OCC with a readily available liquidity resource that would enable OCC to continue to meet its respective obligations in a timely fashion in the event of a Member default, thereby helping to contain losses and liquidity pressures from that default. Additionally, the currently proposed credit facility would allow OCC to avoid a gap in liquidity coverage and better allow OCC to continually maintain sufficient liquidity resources. Therefore, the Commission believes that the proposal is consistent with Rule 17Ad-22(e)(7)(i).

Rule 17Ad-22(e)(7)(ii) under the Act requires OCC to establish, implement, maintain and enforce written policies and procedures reasonably designed to hold qualifying liquid resources sufficient to satisfy payment obligations owed to clearing members.⁴⁷ Rule 17Ad-22(a)(14) of the Act defines “qualifying liquid resources” to include, among other things, lines of credit without material adverse change provisions, that are readily available and convertible into cash.⁴⁸ As described above, the currently proposed credit facility would permit OCC to enter into a single credit facility designed to help ensure that OCC has sufficient, readily-available qualifying liquid resources to meet the cash settlement obligations of its largest family of affiliated members. Therefore, the Commission believes that the proposal is consistent with Rule 17Ad-22(e)(7)(ii).

VI. Conclusion

It is therefore noticed, pursuant to Section 806(e)(1)(I) of the Clearing Supervision Act, that the Commission *does not object* to the advance notice SR-OCC-2018-802 and OCC can and hereby is *authorized* to implement the change as of the date of this notice.

By the Commission.

Brent J. Fields,
Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-83535; File No. SR-BX-2018-024]

Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Relocate the Exchange’s Rules Pertaining to Co-Location and Direct Connectivity

June 28, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 13, 2018, Nasdaq BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to relocate the Exchange’s rules pertaining to co-location and direct connectivity, which are presently at Rules 7034 and 7051, to Sections 1 and 2, respectively, under a new General 8 (“Connectivity”) heading within the Exchange’s new rulebook shell, entitled “General Equity and Options Rules.” The Exchange also proposes to correct an error in Rule 7051(b).

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqbx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to relocate its rules governing co-location and direct connectivity services, which presently comprise Rules 7034 and 7051, respectively. The Exchange proposes to establish, within its new rulebook shell,³ a new General 8 heading, entitled “Connectivity,” to renumber Rule 7034 as Section 1 thereunder, and to renumber Rule 7051 as Section 2 thereunder. The Exchange furthermore proposes to amend Rules 7011, 7025, 7030, and Options Rules Chapter XV to update cross references therein to Rules 7034 and 7051, as applicable. The Exchange also proposes to update internal cross-references in the renumbered Rules.

The Exchange considers it appropriate to relocate these Rules to better organize its Rulebook. The other Affiliated Exchanges intend to propose similar reorganizations of their co-location and direct connectivity rules so that these rules will be harmonized among all of the Affiliated Exchanges.

The relocation of the co-location and direct connectivity rules is part of the Exchange’s continued effort to promote efficiency and conformity of its processes with those of its Affiliated Exchanges. The Exchange believes that moving the co-location and direct connectivity rules to their new location will facilitate the use of the Rulebook by Members of the Exchange who are members of other Affiliated Exchanges.

In addition to the above, the Exchange proposes to correct an error in Rule 7051(b), entitled “Direct Circuit Connection to Third Party Services.” The Exchange recently amended Rule 7051 in an attempt to harmonize it with the corresponding rules of the other Affiliated Exchanges.⁴ However, the Exchange recently discovered one remaining unintended discrepancy that it now proposes to remedy. The other Affiliated Exchanges waive installation and ongoing monthly fees for 10Gb Ultra and 1 GB Ultra direct circuit

³ Recently, the Exchange added a shell structure to its Rulebook with the purpose of improving efficiency and readability and to align its rules closer to those of its five sister exchanges: The Nasdaq Stock Market, LLC; Nasdaq PHLX LLC; Nasdaq ISE, LLC; Nasdaq GEMX, LLC; and Nasdaq MRX, LLC (together with BX, the “Affiliated Exchanges”). See Securities Exchange Act Release No. 82174 (November 29, 2017), 82 FR 57492 (December 5, 2017) (SR-BX-2017-054).

⁴ See Securities Exchange Act Release No. 34-82628 (Feb. 5, 2018), 83 FR 5818 (Feb. 9, 2018) (SR-BX-2018-006).

⁴⁷ 17 CFR 240.17Ad-22(e)(7)(ii).

⁴⁸ 17 CFR 240.17Ad-22(a)(14).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

connections to third party services for the first two connections per client to UTP SIP feeds only (UQDF and UTDF).⁵ The Exchange's Rule does not presently provide for such waivers; it now proposes to amend the Rule so that it does so. With this amendment, Rule 7051(b) will be substantially the same as the corresponding rules of the other Affiliated Exchanges.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by improving the way its Rulebook is organized, providing ease of reference in locating co-location and direct connectivity rules, and harmonizing the Exchange's Rules with those of the other Affiliated Exchanges. As previously stated, the proposed Rule relocation is non-substantive.

The Exchange also believes that it is in the interests of investors and the public to remedy unintended errors in the Exchange's rules. Investors and the public have clear interests in the Exchange maintaining an accurate rulebook and schedule of fees.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on intermarket or intra-market competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes to relocate the Exchange's rules do not impose a burden on competition because, as previously stated, they (i) are of a non-substantive nature, (ii) are intended to harmonize the Exchange's rules with those of its Affiliated Exchanges, and (iii) are intended to organize the Rulebook in a way that it will ease the Members' navigation and reading of the rules across the Affiliated Exchanges. Likewise, the Exchange's proposal to amend Rule 7051(b) will not burden competition because it merely corrects an unintended error and renders the Exchange's fees identical to

those that the other Affiliated Exchanges charge.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁰ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The proposed rule change merely relocates the Exchange's co-location and direct connectivity rules, updates rule cross-references, and corrects unintended errors from a previous proposed rule change.¹² Accordingly, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest and hereby waives the operative delay and designates the proposed rule change operative upon filing.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ 17 CFR 240.19b-4(f)(6).

¹¹ 17 CFR 240.19b-4(f)(6)(iii).

¹² See *supra* notes 4–5 and accompanying text.

¹³ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BX-2018-024 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-BX-2018-024. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish

⁵ See Nasdaq Rule 7051(b), Phlx Pricing Schedule Section XI(b), Nasdaq ISE Schedule of Fees Section VI.C, Nasdaq GEMX Schedule of Fees Section IV.D [sic], Nasdaq MRX Schedule of Fees Section VI.C.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–83531; File No. SR–ISE–2018–57]

Self-Regulatory Organizations; Nasdaq ISE LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Penny Pilot Program

June 28, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on June 25, 2018, Nasdaq ISE LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules to extend a pilot program to quote and to trade certain options classes in penny increments (“Penny Pilot Program”).

The text of the proposed rule change is available on the Exchange’s website at <http://ise.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these

statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Under the Penny Pilot Program, the minimum price variation for all participating options classes, except for the Nasdaq-100 Index Tracking Stock (“QQQQ”), the SPDR S&P 500 Exchange Traded Fund (“SPY”) and the iShares Russell 2000 Index Fund (“IWM”), is \$0.01 for all quotations in options series that are quoted at less than \$3 per contract and \$0.05 for all quotations in options series that are quoted at \$3 per contract or greater. QQQQ, SPY and IWM are quoted in \$0.01 increments for all options series. The Penny Pilot Program is currently scheduled to expire on June 30, 2018.³ The Exchange proposes to extend the Penny Pilot Program through December 31, 2018, and to provide a revised date for adding replacement issues to the Penny Pilot Program. The Exchange proposes that any Penny Pilot Program issues that have been delisted may be replaced on the second trading day following July 1, 2018. The replacement issues will be selected based on trading activity for the most recent six month period excluding the month immediately preceding the replacement (*i.e.*, beginning December 1, 2017, and ending May 31, 2018). This filing does not propose any substantive changes to the Penny Pilot Program: All classes currently participating will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh any increase in quote traffic.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁴ Specifically, the proposed rule change is consistent with Section 6(b)(5) of the

Act,⁵ because it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the proposed rule change, which extends the Penny Pilot Program for an additional six months, will enable public customers and other market participants to express their true prices to buy and sell options to the benefit of all market participants.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁶ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Penny Pilot Program, the proposed rule change will allow for further analysis of the Penny Pilot Program and a determination of how the Penny Pilot Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and Rule 19b–4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)
