

(1) expand educational broadband benefits to more students, schools, and families; (2) foster broadband deployment in rural areas, including on tribal lands, many of which have limited or no service today; and (3) accelerate the deployment of 5G wireless networks to more Americans. They argue that the “issues raised by the NPRM are as complex as they are important” and that “complex geospatial analysis is required . . .” In addition, they allege that this proceeding is not routine, and that the current timing falls during the summer which is particularly difficult for schools and educators.

5. As set forth in section 1.46 of the Commission’s rules, the Commission’s policy is that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. In this case, however, the Commission finds that the number, scope, and importance of the questions asked in the *2.5 GHz NPRM* warrant a partial extension of the comment and reply comment deadlines. While NEBSA and CTN seek an extension of 45 days, and the Joint Stakeholders seek an extension of 60 days, the Commission believes that an extension of 30 days will adequately serve the public interest by providing interested parties additional time to develop more full and complete responses to the *2.5 GHz NPRM* and promote a more comprehensive record, without resulting in undue delay. Thus, comments are now due August 8, 2018 and reply comments due by September 7, 2018.

6. Accordingly, *It is ordered* that, pursuant to Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), and Section 1.46 of the Commission’s rules, 47 CFR 1.46, the motions for extension of time filed NEBSA/CTN and the Joint Stakeholders are *granted in part*, and otherwise *denied*. The deadline for filing comments in this proceeding is extended to August 8, 2018, and the deadline for filing reply comments is extended to September 7, 2018.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 18–126, RM–11800; DA 18–418]

Television Broadcasting Services; Bridgeport and Stamford, Connecticut

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by Connecticut Public Broadcasting, Inc. (Petitioner or CPBI), licensee of television station WEDW, channel *49, Bridgeport, Connecticut (WEDW). WEDW operates on a shared basis with commercial television station WZME, Bridgeport, Connecticut (WZME), licensed to NRJ TV NY License Co. (NRJ). Prior to channel sharing, WZME was licensed on channel 42 at Bridgeport; NRJ has relinquished its channel 42 spectrum pursuant to a successful license relinquishment bid in the broadcast incentive auction and the spectrum is now being licensed to new 600 MHz Band flexible use licensees. CPBI requests an amendment of the DTV Table of Allotments to change WEDW’s community of license from Bridgeport to Stamford, Connecticut. Petitioner further requests modifications of WEDW’s license to specify Stamford as its community of license. CPBI asserts that the proposed reallocation will not deprive Bridgeport of its sole broadcast station as it will continue to be served by shared station WZME on channel 49 at Bridgeport. CPBI does not propose to change WEDW’s licensed facilities as part of its allotment request and its existing principal community contour will cover the entire community of Stamford from the station’s currently-licensed transmission facilities.

DATES: Comments must be filed on or before August 6, 2018, and reply comments on or before August 20, 2018.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for petitioner as follows: Community Public Broadcasting, Inc. c/o Garvey Schubert Barer, Esq., and Steven C. Schaffer, Esq., 1000 Potomac Street NW, Suite 200, Washington, DC 20004.
