**Rule 6.42. Minimum Increments for Bids and Offers**

The Board of Directors may establish minimum increments for options traded on the Exchange. When the Board of Directors determines to change the minimum increments, the Exchange will designate such change as a stated policy, practice, or interpretation with respect to the administration of Rule 6.42 within the meaning of subparagraph (3)(A) of subsection 19(b) of the Exchange Act and will file a rule change for effectiveness upon filing with the Commission. Until such time as the Board of Directors makes a change to the minimum increments, the following minimum increments shall apply to options traded on the Exchange:

(1) (No change).

(2) (No change).

(3) The decimal increments for bids and offers for all series of the option classes participating in the Penny Pilot Program are: \$0.01 for all option series quoted below \$3 (including LEAPS), and \$0.05 for all option series \$3 and above (including LEAPS). For QQQQs, IWM, and SPY, the minimum increment is \$0.01 for all option series. The Exchange may replace any option class participating in the Penny Pilot Program that has been delisted with the next most actively-traded, multiply-listed option class, based on national average daily volume in the preceding six calendar months that is not yet included in the Pilot Program. Any replacement class would be added on the second trading day following [January 1, 2018] *July 1, 2018*. The Penny Pilot shall expire on [June 30, 2018] *December 31, 2018*.

(4) (No change).

**II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for

<sup>16</sup> 15 U.S.C. 78s(b)(2)(B).

the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Penny Pilot Program (the "Pilot Program") is scheduled to expire on June 30, 2018. The Exchange proposes to extend the Pilot Program until December 31, 2018. The Exchange believes that extending the Pilot Program will allow for further analysis of the Pilot Program and a determination of how the Pilot Program should be structured in the future.

During this extension of the Pilot Program, the Exchange proposes that it may replace any option class that is currently included in the Pilot Program and that has been delisted with the next most actively traded, multiply listed option class that is not yet participating in the Pilot Program ("replacement class"). Any replacement class would be determined based on national average daily volume in the preceding six months,<sup>5</sup> and would be added on the second trading day following July 1, 2018. The Exchange will employ the same parameters to prospective replacement classes as approved and applicable in determining the existing classes in the Pilot Program, including excluding high-priced underlying securities.<sup>6</sup> The Exchange will announce to its Trading Permit Holders by circular any replacement classes in the Pilot Program.

The Exchange is specifically authorized to act jointly with the other options exchanges participating in the Pilot Program in identifying any replacement class. The Exchange lastly represents that the Exchange has the necessary system capacity to continue to support operation of the Penny Pilot.

<sup>5</sup> The month immediately preceding a replacement class's addition to the Pilot Program (i.e., June) would not be used for purposes of the six-month analysis. Thus, a replacement class to be added on the second trading day following July 1, 2018 would be identified based on The Option Clearing Corporation's trading volume data from December 1, 2017 through May 31, 2018.

<sup>6</sup> See Securities Exchange Act Release No. 60864 (October 22, 2009), 74 FR 55876 (October 29, 2009) (SR-CBOE-2009-76).

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>7</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>8</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>9</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. In particular, the proposed rule change allows for an extension of the Pilot Program for the benefit of market participants. The Exchange notes that this proposal does not propose any new policies or provisions that are unique or unproven, but instead relates to the continuation of an existing program that operates on a pilot basis.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Pilot Program and a determination of how the Program shall be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. In addition, the Exchange has been authorized to act jointly in extending the Pilot Program and believes the other exchanges will be filing similar extensions.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>10</sup> and Rule 19b-4(f)(6) thereunder.<sup>11</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to

Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>12</sup> normally does not become operative prior to 30 days after the date of the filing.<sup>13</sup> However, pursuant to Rule 19b-4(f)(6)(iii),<sup>14</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of

<sup>10</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>11</sup> 17 CFR 240.19b-4(f)(6).

<sup>12</sup> 17 CFR 240.19b-4(f)(6).

<sup>13</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this pre-filing requirement.

<sup>14</sup> 17 CFR 240.19b-4(f)(6)(iii).

the Pilot Program.<sup>15</sup> Accordingly, the Commission designates the proposed rule change as operative upon filing with the Commission.<sup>16</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>17</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

#### SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-83561; File No. SR-OCC-2018-803]

#### **Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of Advance Notice, as Modified by Amendment No. 1, Concerning Proposed Changes to The Options Clearing Corporation's Stress Testing and Clearing Fund Methodology**

June 29, 2018.

Pursuant to Section 806(e)(1) of Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, entitled Payment, Clearing and Settlement Supervision Act of 2010 ("Clearing Supervision Act")<sup>1</sup> and Rule 19b-4(n)(1)(i)<sup>2</sup> under the Securities Exchange Act of 1934 ("Exchange Act" or "Act"),<sup>3</sup> notice is hereby given that on May 30, 2018, the Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("Commission") an advance notice as described in Items I, II and III below, which Items have been prepared by OCC. On June 7, 2018, OCC filed Amendment No. 1 to the advance

notice.<sup>4</sup> The Commission is publishing this notice to solicit comments on the advance notice from interested persons.

#### **I. Clearing Agency's Statement of the Terms of Substance of the Advance Notice**

This advance notice is filed in connection with proposed changes to OCC's By-Laws and Rules, the formalization of a substantially new Clearing Fund Methodology Policy ("Policy"), and the adoption of a document describing OCC's new Clearing Fund and stress testing methodology ("Methodology Description"). The proposed changes are primarily designed to enhance OCC's overall resiliency, particularly with respect to the level of OCC's pre-funded financial resources. Specifically, the proposed changes would:

- (1) Reorganize, restate, and consolidate the provisions of OCC's By-Laws and Rules relating to the Clearing Fund into a newly revised Chapter X of OCC's Rules;
- (2) modify the coverage level of OCC's Clearing Fund sizing requirement to protect OCC against losses stemming from the default of the two Clearing Member Groups that would potentially cause the largest aggregate credit exposure for OCC in extreme but plausible market conditions (*i.e.*, adopt a "Cover 2 Standard" for sizing the Clearing Fund);
- (3) adopt a new risk tolerance for OCC to cover a 1-in-50 year hypothetical market event at a 99.5% confidence level over a two-year look-back period;
- (4) adopt a new Clearing Fund and stress testing methodology, which would be underpinned by a new scenario-based one-factor risk model stress testing approach, as detailed in the newly proposed Policy and Methodology Description;
- (5) document governance, monitoring, and review processes related to Clearing Fund and stress testing;
- (6) provide for certain anti-procyclical limitations on the reduction in Clearing Fund size from month to month;
- (7) increase the minimum Clearing Fund contribution requirement for Clearing Members to \$500,000;
- (8) modify OCC's allocation weighting methodology for Clearing Fund contributions;
- (9) reduce from five to two business days the timeframe within which Clearing Members are required to fund Clearing Fund deficits due to monthly or intra-month resizing or due to Rule amendments;

<sup>4</sup>In Amendment No. 1, OCC corrected formatting errors in Exhibits 5A and 5B without changing the substance of the advance notice.
