DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

July 2, 2018.

The Department of Agriculture will submit the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13 on or after the date of publication of this notice. Comments are requested regarding: (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, Washington, DC; New Executive Office Building, 725 17th Street NW, Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602.

Comments regarding these information collections are best assured of having their full effect if received by August 6, 2018. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: Contractor Labor Survey.

OMB Control Number: 0535—New.

Summary of Collection: Agricultural labor statistics are an integral part of the primary function of the National Agricultural Statistics Service (NASS), which is the collection, processing, and dissemination of current State, regional, and national agricultural statistics. Wage rate estimates have been published since 1866 and U.S. farm employment estimates have been published since 1910. General authority for these data collection activities is granted under U.S. Code Title 7, Section 2204. Historically, NASS has only collected worker data related to farm workers who were hired directly by the farm operator either on a part-time or full-time basis.

Need and Use of the Information: The Contract Labor Survey is a new data collection that NASS will begin conduction in October 2018 as a pilot survey. The pilot survey will help to better understand the contractor population, as well as the type of data that contractors can and will provide. The results of the pilot study will be used to improve the next biannual survey, which is scheduled for April 2019.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 11,333.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 8,982.

Foreign-Trade Zones Board

[B-42-2018]

Foreign-Trade Zone (FTZ) 244— Riverside County, California; Notification of Proposed Production Activity; ModusLink Corporation (Camera and Accessories Kitting); Riverside, California

ModusLink Corporation (ModusLink) submitted a notification of proposed production activity to the FTZ Board for its facility in Riverside, California. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 28, 2018.

ModusLink already has authority for the kitting of cameras and accessories into retail packages on behalf of Go Pro, Inc., within Site 11 of FTZ 244. The current request would add finished products and foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt ModusLink from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status materials/components noted below and in the existing scope of authority, ModusLink would be able to choose the duty rates during customs entry procedures that apply to: Manfrotto/MBooms3K monopods; wireless transmitters; digital video camera bundles; pro seat rail mounts; karma upgrade kits (cameras, mounts, batteries, chargers, grips, and stabilizers); point of purchase displays, and lens replacement kits (duty rate ranges from duty-free to 10%). ModusLink would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Dog harness camera mounts; chest mount harnesses (textile); camera mount hardware; USB

hubs (vertical 7-ports); remote controls; protective lens for cameras; protective lens cover films; inner tray plastic packaging; camera cases; bags, microfibers, and dive filters; carton tops paper packaging; envelopes; knob thumbscrew assemblies; screws, bolts, nuts, rivets, cotter pins, and washers (iron/steel); stainless steel nuts; non-threaded screws, nuts, washers, bolts; camera stands or tripods; screwdrivers; product security sensors; electrical switches and connectors; electrical boards; instruction guides; insulated logo bottles; textile bag packs; men's knitted shirts; men's t-shirts; women's t-shirts; men's sweatshirts; lithium-ion storage batteries; belt buckles (unisex); women's sweatshirts; men's jackets; hats (unisex) and, WiFi remote keys and rings (duty rate ranges from duty-free to 32%). The request indicates that textile bag packs; textile chest mount harnesses; bags, microfibers, and dive filters; camera cases; men's knitted shirts; men's t-shirts; women's t-shirts; men's sweatshirts; lithium-ion storage batteries; women's sweatshirts, and men's jackets will be admitted to the zone in privileged foreign status (19 CFR 146.41), thereby precluding inverted tariff benefits on such items.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 15, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: June 29, 2018.

Elizabeth Whiteman,

Acting Executive Secretary.

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Alaska Observer Program

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before September 4, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at prcomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Alicia Miller at (907) 586-7228.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection.

The North Pacific Observer Program (Observer Program) is implemented under the authority of section 313 of the Magnuson-Stevens Fishery Conservation and Management Act and regulations at 50 CFR 679. Through the Observer Program, the National Marine Fisheries Service (NMFS) collects the data necessary to conserve and manage the groundfish and halibut fisheries off Alaska. Observers collect biological samples and fishery-dependent information used to estimate total catch and interactions with protected species. Managers use data collected by observers to manage groundfish and prohibited species catch within established limits and to document and reduce fishery interactions with protected resources. Scientists use observer data to assess fish stocks, to provide scientific information for fisheries and ecosystem research and

fishing fleet behavior, to assess marine mammal interactions with fishing gear, and to assess fishing interactions with habitat.

All vessels and processors that participate in federally managed or parallel groundfish and halibut fisheries off Alaska are assigned to one of two categories: (1) The full observer coverage category, where vessels and processors obtain observer coverage by contracting directly with observer providers; or (2) the partial coverage category, where NMFS, in consultation with the North Pacific Fishery Management Council determines when and where observer coverage is needed. Some vessels and processors may be in full coverage for part of the year and partial coverage at other times of the year depending on the observer coverage requirements for specific fisheries. Funds for deploying observers on vessels in the partial coverage category are provided through a system of fees based on the gross ex-vessel value of retained groundfish and halibut. This observer fee is assessed on all landings by vessels that are not otherwise in full coverage. Information collected for the observer fee is approved under OMB Control No. 0648-0711.

II. Method of Collection

Methods of submittal include online web applications, email, email attachments, verbal communication by telephone or in person, and on paper by mail or fax. The Observer Declare and Deploy System (ODDS) is an internet-based interface that is used by vessel owners and operators in the partial coverage category. ODDS is available online at <https://chum.afsc.noaa.gov:7104/apex/f?p=140:1> or by phone at 1-855-747-6377. Copies of observer coverage category request forms are available on the NMFS Alaska Region website at <https://alaskafisheries.noaa.gov/>.
