

sparsely sampled mixed stock fisheries. The Methodology Review webinar is a follow-up to a March 28–29, 2018 Methodology Review. The webinar meeting is open to the public.

**DATES:** The Catch Estimation Methodology Review webinar will be held Tuesday, July 31, 2018, from 8:30 a.m. to 5 p.m. Pacific Daylight Time or until business for the day has been completed.

**ADDRESSES:** The Catch Estimation Methodology Review meeting will be held by webinar. To attend the webinar, (1) join the meeting by visiting this link <https://www.gotomeeting.com/webinar>, (2) enter the webinar ID: 531-002-459, and (3) enter your name and email address (required). After logging into the webinar, please (1) dial this TOLL number: 1-914-614-3221 (not a toll-free number); (2) enter the attendee phone audio access code: 953-706-939; and (3) then enter your audio phone pin (shown after joining the webinar). *Note:* We have disabled mic/speakers as an option and require all participants to use a telephone or cell phone to participate. Technical Information and System Requirements: PC-based attendees are required to use Windows® 7, Vista, or XP; Mac®-based attendees are required to use Mac OS® X 10.5 or newer; Mobile attendees are required to use iPhone®, iPad®, Android™ phone or Android tablet (see the <https://www.gotomeeting.com/webinar/ipad-iphone-android-webinar-apps>). You may send an email to Mr. Kris Kleinschmidt at [Kris.Kleinschmidt@noaa.gov](mailto:Kris.Kleinschmidt@noaa.gov) or contact him at (503) 820-2280, extension 411 for technical assistance. A public listening station will also be available at the Pacific Council office.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220.

**FOR FURTHER INFORMATION CONTACT:** Mr. John DeVore, Staff Officer, Pacific Fishery Management Council; telephone: (503) 820-2413.

**SUPPLEMENTARY INFORMATION:** The purpose of the Catch Estimation Methodology Review meeting is to review and evaluate a new methodology under development by the National Marine Fisheries Service Southwest Fisheries Science Center (SWFSC) for partitioning landings reported as aggregated categories of fish into species-level estimates of landed catch. The review will focus on short-term requests to the SWFSC team from the March Methodology Review panel.

No management actions will be decided by the Methodology Review

panel. The Methodology Review panel's role will be development of recommendations and a report for consideration by the Pacific Council's Scientific and Statistical Committee and the Pacific Council at their September meeting in Seattle, WA.

Although nonemergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent of the Methodology Review panel to take final action to address the emergency.

#### Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (503) 820-2411 at least 10 days prior to the meeting date.

Dated: July 3, 2018.

#### Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Stock Identification Joint Cooperator Technical Review Webinar for Atlantic Cobia (*Rachycentron canadum*)

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 58 Atlantic Cobia Stock Identification Joint Cooperator Technical Review Webinar.

**SUMMARY:** The SEDAR 58 assessment(s) of the Atlantic stock(s) of cobia will consist of a series of workshops and webinars: Stock ID Workshop; Stock ID Review Workshop; Stock ID Joint Cooperator Technical Review; Data Workshop; Assessment Workshop and/or Webinars; and a Review Workshop. See **SUPPLEMENTARY INFORMATION.**

**DATES:** The SEDAR 58 Stock ID Joint Cooperator Technical Review Webinar will be held on July 30, 2018, from 12 p.m. until 2 p.m.

**ADDRESSES:** The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julia Byrd at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

*SEDAR address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405; [www.sedarweb.org](http://www.sedarweb.org).

**FOR FURTHER INFORMATION CONTACT:** Julia Byrd, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4366; email: [julia.byrd@safmc.net](mailto:julia.byrd@safmc.net).

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is typically a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing workshop and/or webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency

representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the Stock ID Joint Cooperator Technical Review Webinar are as follows:

1. Participants will review recommendations from the Cobia Stock ID Workshop and Cobia Stock ID Review Workshop;
2. Recommend the Cobia assessment unit stock for SEDAR 58; and
3. Draft an appropriate unit stock Term(s) of Reference.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

#### Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SAFMC office (see **ADDRESSES**) at least 5 business days prior to the meeting.

**Note:** The times and sequence specified in this agenda are subject to change.

**Authority:** 16 U.S.C.1891 *et seq.*

Dated: July 3, 2018.

#### North Pacific Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The North Pacific Fishery Management Council (Council) Ecosystem Committee will meet in Anchorage, AK, in July.

**DATES:** The meeting will be held on Tuesday July 24, 2018, from 9 a.m. to 5 p.m.

**ADDRESSES:** The meeting will be held at the Hilton Hotel in the Chart Room, 500 W 3rd Ave., Anchorage, AK 99501.

*Council address:* North Pacific Fishery Management Council, 605 W 4th Ave., Suite 306, Anchorage, AK 99501-2252; telephone: (907) 271-2809.

**FOR FURTHER INFORMATION CONTACT:** Steve MacLean, Council staff; telephone: (907) 271-2809.

#### SUPPLEMENTARY INFORMATION:

#### Agenda

*Tuesday, July 24, 2018*

The meeting agenda includes: Review of the Draft Bering Sea Fishery Ecosystem Plan.

The Agenda is subject to change, and the latest version will be posted at: <https://www.npfmc.org/committees/ecosystem-committee>.

#### Public Comment

Public comment letters will be accepted and should be submitted either electronically to Steve MacLean, Council staff: [steve.macleam@noaa.gov](mailto:steve.macleam@noaa.gov) or through the mail: North Pacific Fishery Management Council, 605 W 4th Ave., Suite 306, Anchorage, AK 99501-2252. In-person oral public testimony will be accepted at the discretion of the co-chairmen.

#### Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Shannon Gleason at (907) 271-2809 at least 7 working days prior to the meeting date.

Dated: July 3, 2018.

### Department of the Army

#### Availability for Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Patent Concerning System and Method for Rapid Dissemination of Image Products

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice.

**SUMMARY:** In accordance with applicable laws and regulations, announcement is

made of the availability for licensing of the invention set forth in U.S. Patent No. 9,106,715 titled "System and Method for Rapid Dissemination of Image Products," issued on August 11, 2015. The United States Government, as represented by the Secretary of the Army, has rights in this invention.

**FOR FURTHER INFORMATION CONTACT:** Ms. Joan Gilsdorf, Patent Attorney, SDMC-JA, Bldg. 5220, Von Braun Complex, Redstone Arsenal, AL 35898, email: [christine.j.gilsdorf.civ@mail.mil](mailto:christine.j.gilsdorf.civ@mail.mil) (256) 955-3213.

**SUPPLEMENTARY INFORMATION:** The invention pertains to rapid dissemination of image products. A data consumer display device sends a geospatial request for a map image of a specific area of interest to a rapid image distribution system (RIDS), which forwards the request to a sensor ground station. The sensor ground station processes data received from a sensor platform and sends the processed data to a georectification processor. The georectification processor creates georectified data and sends the georectified data to the RIDS, which further processes the data, exposing it to data consumers using network optimized data services (e.g., KML/KMZ, TMS, GeoRSS, image chipper) based on geographic coordinates provided in the query that is a smaller subset of the sensor data. The RIDS sends the image product to the data consumer display device for display.
