

schedules at other venues are viewed as more favorable. Consequently, the Exchange believes that the degree to which IEX fees could impose any burden on competition is extremely limited and does not believe that such fees would burden competition between Members or competing venues in a manner that is not necessary or appropriate in furtherance of the purposes of the Act. Moreover, as noted in the Statutory Basis section, the Exchange does not believe that the proposed changes represent a significant departure from its current fee schedule.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the Exchange is not materially altering the fees assessed for executions on the Exchange. Furthermore, as noted above, the Exchange notes that the proposed structure of the Fee Schedule is substantially similar to the Fee Schedule of other market centers, and therefore does not present any new intermarket competitive burdens that do not already exist.³⁶

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No: FAA-2018-0526]

Supplemental Guidance on the Airport Improvement Program (AIP) for Fiscal Years 2018-2020

AGENCY: Federal Aviation Administration (FAA), U.S. Department of Transportation.

ACTION: Notice.

SUMMARY: The FAA is announcing the process for eligible airport sponsors in two categories to notify the FAA of any supplemental discretionary funding requests. The process includes two distinct deadlines with different submission requirements. The FAA may award supplemental discretionary funding regardless of whether the airport sponsor previously identified the project through the Airports Capital Improvement Plan (ACIP) process during the preceding year.

FOR FURTHER INFORMATION CONTACT: Elliott Black, Director, Office of Airport Planning and Programming, APP-1, at (202) 267-8775.

SUPPLEMENTARY INFORMATION: The Consolidated Appropriations Act, 2018 (hereafter referred to as "the Act") appropriated "an additional amount for "Grants-In-Aid for Airports", to enable the Secretary of Transportation to make grants for projects as authorized by subchapter 1 of chapter 471 and subchapter 1 of chapter 475 of title 49, U.S.C., \$1,000,000,000, to remain available through September 30, 2020."¹ The Act also stipulated that:

- The Secretary shall distribute funds provided under this heading as discretionary grants to airports;
- The Secretary shall give priority consideration to projects at (a) nonprimary airports that are classified

as Regional, Local, or Basic airports and not located within a Metropolitan or Micropolitan Statistical Area as defined by the Office of Management and Budget; or (b) primary airports that are classified as Small Hub or Nonhub airports; and

- The Federal share payable of the costs for which a grant is made under this heading to a nonprimary airport shall be 100 percent.

For grants at primary airports, the normal Federal share applies based on the airport category and project type.

The FAA administers the AIP in accordance with FAA Order 5100.38D, Airport Improvement Program Handbook.² The AIP Handbook explains what types of capital projects may be eligible and justified for AIP funding depending on the airport category, project type, and specific category or categories of AIP funding to be requested.

In addition, the FAA normally relies on the ACIP process³ outlined in FAA Order 5100.39A, Airports Capital Improvement Plan to evaluate and prioritize AIP funding requests, particularly those involving discretionary funds. Because of the unique statutory requirements associated with the supplemental discretionary funding made available by the Act, the FAA is hereby establishing a special process for airports to notify the FAA of any associated funding requests.

The process outlined in this notice relates solely to the selection process. All other applicable rules and requirements apply, including, but not limited to, the requirements for project eligibility and justification, procurement processes, and other requirements as set forth in the FAA orders referenced above.

It is also important to note that this process relates solely to the supplemental discretionary funding provided by the Act and does not relieve any airport sponsor of its responsibilities under the existing ACIP process for any other category of AIP funding. If an airport sponsor has properly submitted its AIP funding requests for Fiscal Years (FY) 2018-2020 and does not want to be considered for supplemental funding, then the airport sponsor does not need to take any other steps in response to this notice. Conversely, the process outlined in this notice does not take the
