

to understand how primary care physicians perceive, need, and implement the Guideline to make prescribing decisions; how they need, obtain, and use supplementary and promotional Guideline materials developed by CDC for professional development or patient education; and

what attitudinal and structural barriers may inhibit primary care provider adoption of the recommendations in the Guideline.

Over 10,000 respondents were queried and over 4,500 burden hours used during this time period. Because the availability of this ICR has been so

critical to programs in disseminating their materials and information to the public in a timely manner, OADC is requesting a three year extension of this information collection. The estimated annualized burden hours is 2,470. There is no cost to the respondents other than their time.

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled Environmental Health Specialists Network (EHS-NET) Program to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on April 17, 2018 to obtain comments from the public and affected agencies. CDC did not receive comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.
