DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; extension without change of a currently approved collection, 1601–0014.

SUMMARY: DHS will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. DHS previously published this ICR in the *Federal Register* on Wednesday, April 4, 2018 for a 60-day public comment period. No comments were received by DHS. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until August 16, 2018. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to OMB Desk Officer, DHS and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful

insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

This is an extension of a currently approved collection, 1601–0014. DHS previously published this ICR in the *Federal Register* on Wednesday, April 4, 2018 at 83 FR 14484 for a 60-day public comment period, and is soliciting public comment for another 30 days. OMB is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: Case Assistance Form (Ombudsman Form DHS–7001, and Instructions)

AGENCY: Office of the Citizenship and Immigration Services Ombudsman, Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; extension of a currently approved collection, 1601–0004.

SUMMARY: The DHS Office of the Citizenship and Immigration Services (CIS) Ombudsman will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collected on this form will allow the CIS Ombudsman to identify the problem such as: (1) A case problem which is a request for information about a case that was filed with U.S. Citizenship and Immigration Services (USCIS) (“case problem”); or (2) the identification of a systemic issue that may or may not pertain to an individual case which the individual, attorney or employer is seeking to bring to the attention of the CIS Ombudsman (“trend”). DHS previously published this information collection request (ICR) in the **Federal Register** on Tuesday, April 24, 2018 for a 60-day public comment period. One comment was received by DHS. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until August 16, 2018. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to OMB Desk Officer, DHS and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The CIS Ombudsman was created under section 452 of the Homeland Security Act of 2002 (Pub. L. 107–296) to: (1) Assist individuals and employers in resolving problems with the USCIS; (2) to identify areas in which individuals and employers have problems in dealing with USCIS; and (3) to the extent possible, propose changes in the administrative practices of USCIS to mitigate problems. This form is used by an applicant who is experiencing problems with USCIS during the processing of an immigration benefit.

The information collected on this form will allow the CIS Ombudsman to identify the problem such as: (1) A case problem which is a request for information about a case that was filed with USCIS (“case problem”); or (2) the identification of a systemic issue that may or may not pertain to an individual case which the individual, attorney or

employer is seeking to bring to the attention of the CIS Ombudsman (“trend”).

For case problems, the CIS Ombudsman will refer case specific issues to the Customer Assistance Office for USCIS for further research, and review.

For trends received, the CIS Ombudsman notes the systemic issue identified in the correspondence which may or may not be incorporated into future recommendations submitted to the Director of USCIS pursuant to section 452(d)(4) of Public Law 107–296.

The use of this form provides the most efficient means for collecting and processing the required data. The CIS Ombudsman also employs the use of information technology in collecting and processing information by offering the option for electronic submission of the DHS Form 7001 through the Ombudsman Online Case Assistance System. Per PRA requirements, a fillable PDF version of the form is provided on the CIS Ombudsman’s website. The PDF form can be completed online, printed out and sent to the CIS Ombudsman’s office at the address indicated on the form. It is noted on the form that using the paper method can result in significant processing delays for the CIS Ombudsman’s office to provide the requested case assistance. After approval of the changes to the form detailed in this supporting statement, both the online form and PDF will be updated and posted on the Ombudsman’s website at <http://www.dhs.gov/case-assistance> for submission of the form.

The assurance of confidentiality provided to the respondents for this information collection is provided by: (a) The CIS Ombudsman authorizing legislation and mandate as established by Homeland Security Act of 2002 at Section 452; (b) the Privacy Impact Assessment and the (c) Systems of Records Notice titled “Department of Homeland Security Citizenship and Immigration Services Ombudsman—001 Online Ombudsman Form DHS–7001 and Ombudsman Case Assistance Online System of Records”. The DHS Privacy Office will receive the entire package of documents for this information collection to assure authorization for renewal of the collection.

The Ombudsman Form DHS–7001 (PDF) and the Ombudsman Case Assistance Online System are constructed in compliance with all applicable DHS Privacy Office, DHS CIO, DHS Records Management, and OMB regulations regarding data

collection, use, storage, and retrieval. The proposed public use data collection system is therefore intended to be distributed for public use primarily by electronic means with limited paper distribution and processing of paper forms.

The Ombudsman Form DHS–7001 (PDF) and the Online Ombudsman Form DHS–7001 (Ombudsman Case Assistance Online System) have been constructed in compliance with regulations and authorities under the purview of the DHS Privacy Office, DHS CIO, DHS Records Management, and OMB regulations regarding data collection, use, sharing, storage, information security and retrieval of information.

There has been an increase of 3,200 in the estimated annual burden hours previously reported for this information collection. The increase in burden hours is a reflection of agency estimates.

There is no change in the information being collected, however there have been cosmetic changes to the form including punctuation, formatting, and text changes to make the form more understandable and streamlined for use by respondents. In 2015, the following changes were made:

a. Number of response fields was reduced from 13 to 12 and arranged in a way that streamlines completion, submission and processing of the form.

b. The title of the form was changed from “Case Problem Submission Worksheet (CIS Ombudsman Form DHS–7001)” to “Case Assistance Form (Ombudsman Form DHS–7001)”.

c. The name of the system was changed from “Virtual Ombudsman System” to “Ombudsman Case Assistance Online System”.

The following narrative explains the changes made on the form in 2015 and the corresponding instructions. The ORIGINAL 7001 form had the sections arranged in the following order:

The instructions have been updated to reflect the electronic submission options as detailed in the previous paragraphs.

Instructions for electronic submission will be posted on the CIS Ombudsman website at www.dhs.gov/cisombudsman. The electronic version of the form was developed by DHS OCIO (Office of the Chief Information Officer) based upon the approved version of the amended 7001 form as described herein. Sample screenshots were provided with the 2015 submission.

There is no change in the terms of clearance from the previously approved

collection as addressed by the: (a) Privacy Impact Assessment and (b) Systems of Records Notice titled "Department of Homeland Security Citizenship and Immigration Services Ombudsman—001 Online Ombudsman Form DHS-7001 and Ombudsman Case Assistance Online System of Records".

This is an extension of a currently approved collection, 1601-0004. DHS previously published this ICR in the **Federal Register** on Tuesday, April 24, 2018 at 83 FR 17833 for a 60-day public comment period, and is soliciting public comment for another 30 days. OMB is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
