

Type of Review: Extension (without change).

Abstract: An aircraft commander or agent must file CBP Form 7507, *General Declaration (Outward/Inward) Agriculture, Customs, Immigration, and Public Health* at the time of arrival for all aircraft required to enter pursuant to 19 CFR 122.41 and at the time of clearance for all aircraft departing to a foreign area with commercial airport cargo pursuant to 19 CFR 122.72. This form is used to document clearance and inspections by appropriate regulatory agency staffs. CBP Form 7507 collects information about the flight routing, the number of passengers embarking and disembarking, the number of crew members, a declaration of health for the persons on board, and details about disinfecting and sanitizing treatments during the flight. This form also includes a declaration attesting to the accuracy, completeness, and truthfulness of all statements contained in the form and in any document attached to the form.

CBP Form 7507 is authorized by 42 U.S.C 268, 19 U.S.C. 1431, 1433, and 1644a; and provided for by 19 CFR 122.43, 122.52, 122.54, 122.73, 122.144, 42 CFR 71.21 and 71.32. This form is accessible at: <https://www.cbp.gov/newsroom/publications/forms?title=7507&=Apply>.

Affected Public: Businesses.

Estimated Number of Respondents: 500.

Estimated Number of Total Annual Responses: 1,322,000.

Estimated Time per Response: 5 minutes.

Estimated Annual Burden Hours: 110,122.6.

Dated: July 12, 2018.

Seth D. Renkema,

Branch Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2018-0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local

circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2018-0018; OMB No. 1660-0131]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Threat and Hazard Identification and Risk Assessment (THIRA)—Stakeholder Preparedness Review (SPR) Reporting Tool

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before August 16, 2018.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Dante Randazzo, Supervisory Emergency Management Specialist, FEMA, National Preparedness Assessment Division, Dante.Randazzo@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on March 13, 2018 at 83 FR 10864 with a 60 day public comment period. FEMA received a total of 17 public comments, 11 were anonymous public comments that were not relevant to the information collection.

Three commenters suggested that FEMA use the Tribal Consultation process for information collection 1660-0131. Two commenters stated that FEMA should not be placing additional unfunded requirements for Tribes to participate in the Tribal Homeland Security Grant Program (THSGP). One commenter stated that a Tribe should

not be charged for FEMA's help and should be able to obtain help without any penalties. Two commenters stated that the Federal Government has a trust responsibility to meet its treaty obligations to all Tribes by providing for base level capability and capacities.

FEMA's Response: The information collection was not revised because of the comments as in 2017, FEMA involved Tribal partners in our discussions about the Threat and Hazard Identification Risk Assessment (THIRA)-Stakeholder Preparedness Review (SPR) methodology (ultimately FEMA received feedback from over 150 State, local, Tribal, and territorial representatives), and used their input to update the process. On April 10, 2018 and April 12, 2018, FEMA provided an overview of the updated THIRA/SPR methodology that included a detailed walkthrough of the specific requirements for THSGP recipients. Tribal participants had an opportunity to ask questions and share concerns about the updated methodology. On June 4, 2018, FEMA released a fact sheet outlining the requirements for THSGP recipients.

While THSGP recipients, generally 24 Tribes each year, will now have to complete the SPR in addition to the THIRA, FEMA has determined that the new Tribal requirements will not only likely decrease their reporting burden, but produce more useful information Tribes can use to support other emergency management activities. FEMA will also be able to use this information to improve the support it offers to Tribes. Previously, when
