DEPARTMENT OF EDUCATION

34 CFR Part 200

RIN 1810-AB33

[Docket ID: ED-2016-OESE-0056]

Title I—Improving the Academic Achievement of the Disadvantaged—Supplement Not Supplant; Withdrawal

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Proposed rule; withdrawal.

SUMMARY: The U.S. Department of Education (Department) is withdrawing the notice of proposed rulemaking (NPRM) pertaining to the supplement not supplant requirements under title I, part A of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA).

DATES: As of July 17, 2018, the proposed regulations published on September 6, 2016, at 81 FR 61148 are withdrawn.

FOR FURTHER INFORMATION CONTACT: Patrick Rooney, U.S. Department of Education, 400 Maryland Avenue SW, Room 3W202, Washington, DC 20202. Telephone: (202) 453-5514. Email: patrick.rooney@ed.gov.

SUPPLEMENTARY INFORMATION: Section 1118(b)(2) of the ESEA, as amended by

the ESSA, contains a new provision for demonstrating compliance with the title I, part A supplement not supplant requirement. Pursuant to section 1601(b)(3)(A) of the ESEA, prior to issuing any regulations that implement the supplement not supplant requirement, the Department must engage in negotiated rulemaking. The Department conducted negotiated rulemaking on draft supplement not supplant regulations in spring 2016 but the negotiating committee did not reach consensus.

Subsequently, on September 6, 2016, the Department published in the **Federal Register** an NPRM (81 FR 61148) proposing regulations relating to the supplement not supplant requirement in title I, part A of the ESEA, as amended by the ESSA. In January 2017, the Department announced that it would not publish final regulations on this requirement. As a result, the Department withdraws its NPRM. We note that this is considered a deregulatory action under Executive Order 13771. Because the Department did not publish final regulations, this withdrawal will have no effect on existing regulations, which do not include provisions implementing the title I, part A supplement not supplant requirement.

Air Plan Approval; Georgia; Revisions to VOC Definitions and Ambient Air Quality Standards

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: On November 13, 2017, the State of Georgia through the Georgia Environmental Protection Division (EPD), submitted revisions to the Georgia State Implementation Plan (SIP). The Environmental Protection Agency (EPA) is proposing to approve SIP revisions, which modify the State's air quality regulations as incorporated into the SIP. EPA is proposing to approve these provisions of the SIP revisions because the State has demonstrated that these changes are consistent with the Clean Air Act (CAA or Act).

I. Background

In this rulemaking, EPA is proposing to approve changes into the Georgia SIP, submitted by the State on November 13, 2017. The submission revises Rule 391-3-1-.01, "Definitions" by adding t-Butyl acetate (also known as tertiary butyl acetate or TBAC) and 1,1,2,2-Tetrafluoro-1-(2,2,2-trifluoroethoxy) ethane to the list of organic compounds having negligible photochemical reactivity. The definition of VOC is also being updated by removing the recordkeeping requirements for t-Butyl acetate. Finally, the definition of VOC is being revised to include chemical names to clarify previous exemptions. EPA is also proposing to approve changes into the Georgia SIP to amend Rule 391-3-1-.02(4), "Ambient Air Standards," by updating Georgia's air quality standard to be consistent with the NAAQS. The submittal by the State can be found in the docket for this rulemaking at www.regulations.gov and is further summarized below. Also on November 29, 2017, EPD submitted a separate SIP revision to make changes to Rule 391-3-1-.03(6), "Exemption" under Permits and Rule 391-3-1-.02(7)(a)(1), "General Requirements" under Prevention of Significant Deterioration (PSD). EPA will address these changes in a separate notice. Additionally, EPD withdrew from EPA's consideration, Rule 391-3-1-.02(7)(a)2(ix), "Regulated NSR pollutant" under PSD, and Rule 391-3-1-.03(8)(c)(16), "Additional Provisions for PM_{2.5} Non-Attainment Areas" under Permits.¹

¹ The State withdrew Rule 391-3-1-.02(7)(a)2(ix), "Regulated NSR pollutant" and Rule 391-3-1-.03(8)(c)(16), "Additional Provisions for PM_{2.5} Non-
