DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

July 13, 2018.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by August 17, 2018 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@omb.eop.gov* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food and Nutrition Service

Title: Evaluation of the Independent Review of Applications Process.

OMB Control Number: 0584-NEW.

Summary of Collection: The U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS) is conducting this voluntary study to provide key information about the processes and overall effectiveness of the Independent Review of Applications (IRA) requirement. The IRA requirement is intended to reduce the number of administrative certification errors in the National School Lunch Program (NSLP) and in the School Breakfast Program (SBP). The NSLP and SBP are federally funded meal programs operating in public and nonprofit private schools and residential childcare institutions. Federal cash reimbursement is provided to most local educational agencies (LEAs) based on certifying students as eligible for free, reduced price, or paid meal benefits. LEAs certify students through household applications or by direct certification through a household's participation in federal means-tested programs. Administrative certification errors can occur when the LEA incorrectly certifies a student as free, reduced price, or paid based on the information provided by the household in the application.

Need and Use of the Information: This study will collect data from 51 state agency child nutrition directors and from a purposive sample of LEA directors who have completed the IRA process. The data will be used to provide a description of the IRA process at the state and LEA levels, its results, and its overall effectiveness in reducing administrative certification errors.

FNS will evaluate the processes and the effectiveness of the IRA in reducing administrative certification error and will use that information to disseminate best practices and to determine if changes may be needed to the IRA requirement.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 204.

Frequency of Responses: Reporting: One-time.

Total Burden Hours: 433.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Foreign-Trade Zones Board

[B-46-2018]

Foreign-Trade Zone (FTZ) 41—Milwaukee, Wisconsin; Notification of Proposed Production Activity; CNH Industrial America LLC (Tractors, Component Parts, and Axle Subassemblies); Sturtevant, Wisconsin

CNH Industrial America LLC (CNH Industrial) submitted a notification of proposed production activity to the FTZ Board for its facility in Sturtevant, Wisconsin. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on July 11, 2018.

CNH Industrial already has authority to produce tractors and tractor/combine components, as well as 4-wheel drive axle subassemblies within Subzone 411. The current request would add finished products and foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as set forth below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CNH Industrial from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status materials/components noted below and in the existing scope of authority, CNH Industrial would be able to choose the duty rates during customs entry procedures that apply to: Rubber hoses reinforced with metal fittings; linear acting cylinders; housing pump drives; solenoid valves; regulating valves; spool assemblies; valve assemblies; carrier bearing housings; power take-offs; final drives; differentials; clutch assemblies; rotor gear, transmission or differential cases; covers for transmission, axle, differential or clutch cases; rear track, final drive, hydraulic pump, front track, speed or power take-off housings; and, certain sub-assemblies for tractors suitable for agricultural use (specifically: Brakes; carrier assemblies; brake adjusters; shafts; gearbox assemblies; cases; covers; housings; test transmission wheels; flanges; frames; axle shafts; suspension saddles; radiators; clutches; gears; plates; supports; hydraulic returns; and, brackets) (duty rate ranges from duty-free to 5.0%). CNH Industrial would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Reclaimed rubber pads/flaps/seals; pneumatic rubber tires for use on agricultural vehicles and machines; retreaded/used rubber tires; corrugated floor pads and protectors; cardboard box/packaging; roller chain; copper alloy tube/pipe fittings; spray guns; lead-acid storage batteries; color video cameras; GPS navigational systems; antennas; electronic control units; discharge lamps; speed sensors, radio antenna cable; and, gear boxes for tractors for agricultural use (duty rate ranges from duty-free to 5.3%). The request indicates that pneumatic rubber

tires is subject to antidumping/countervailing duty (AD/CVD) orders if imported from certain countries. The FTZ Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in privileged foreign status (19 CFR 146.41). In addition, color video cameras, GPS navigational systems, antennas, and electronic control units may be subject to special duties under Section 301 of the Trade Act of 1974, if imported from China. The determination of Section 301 duties requires that such merchandise be admitted to the zone in privileged foreign status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 27, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Juanita Chen at juanita.chen@trade.gov or 202-482-1378.

Dated: July 13, 2018.

Elizabeth Whiteman,

Acting Executive Secretary.
