EXIM's financial institution policy holders provide this form to U.S. exporters, who certify to the eligibility of their exports for EXIM support. The completed forms are held by the financial institution policy holders, only to be submitted to EXIM in the event of a claim filing. A requirement of EXIM's policies is that the insured financial institution policy holder obtains a completed Exporter's Certificate at the time it provides financing for an export. This form will enable EXIM to identify the specific details of the export transaction. These details are necessary for determining the eligibility of claims for approval. EXIM staff and contractors review this information to assist in determining that an export transaction, on which a claim for non-payment has been submitted, meets all of the terms and conditions of the insurance coverage.

[Notice-MA-2018-06; Docket No. 2018-0002, Sequence No. 15]

Federal Travel Regulation (FTR); Relocation Allowances—Waiver of Certain Provisions of the FTR Chapter 302 for Official Relocation Travel to Locations in the U.S. Virgin Islands and Commonwealth of Puerto Rico Impacted by Hurricanes Irma and Maria

AGENCY: Office of Government-Wide Policy (OGP), General Services Administration (GSA).

ACTION: Notice of Federal Travel Regulation (FTR) Bulletin 18-07, Relocation Allowances—Waiver of certain provisions of the FTR Chapter 302 for official relocation travel to locations in the U.S. Virgin Islands and Commonwealth of Puerto Rico impacted by Hurricanes Irma and Maria.

SUMMARY: The purpose of this notice is to inform Federal agencies that certain provisions of the FTR governing official relocation travel expenses are temporarily waived for United States (U.S.) Virgin Islands and Commonwealth of Puerto Rico locations impacted by Hurricanes Irma and Maria. As a result of the storm damage caused by Hurricanes Irma and Maria, agencies should consider delaying all non-essential relocations to the affected areas given the statutory 120-day maximum for Temporary Quarters Subsistence Expenses (TQSE). Due to the lasting effects of the storm damage to these affected areas, finding lodging facilities and/or adequate meals may be difficult, and distances involved may be great, resulting in increased costs for relocation per diem expenses. FTR Bulletin 18-07 and all other FTR Bulletins can be found at www.gsa.gov/ftrbulletin.

DATES: *Applicable:* July 19, 2018.

Applicability: The Bulletin is retroactively applicable for official relocation travel performed on or after September 7, 2017, the date of the Presidential Disaster Declaration DR-4335, to locations in the U.S. Virgin Islands affected by Hurricane Irma, and September 10, 2017, the date of the Presidential Disaster Declaration DR-4336 to locations in the Commonwealth of Puerto Rico affected by Hurricane

Irma. The FTR Bulletin expires once year from the respective applicable dates, unless extended or rescinded by this office.

The Bulletin is also retroactively applicable for official relocation travel performed on or after September 20, 2017, the date Presidential Disaster Declarations DR-4339 and DR-4340 were issued, to locations in the U.S. Virgin Islands and Commonwealth of Puerto Rico affected by Hurricane Maria. The FTR Bulletin will expire one year from the applicable date, unless extended or rescinded by this office.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Mr. Rick Miller, Program Analyst, Office of Government-Wide Policy, Office of Asset and Transportation Management, at 202-501-3822, or by email at travelpolicy@gsa.gov. Please cite Notice of FTR Bulletin 18-07.

OFFICE OF GOVERNMENT ETHICS

Agency Information Collection Activities: Proposed Collection; Comment Request; Fast Track Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Office of Government Ethics (OGE).

ACTION: Notice and request for comments.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, OGE seeks comment on the development of a Generic Information Collection Request for the collection of qualitative feedback on agency service delivery for approval under the Paperwork Reduction Act. This notice announces OGE's intent to submit this collection to the Office of Management and Budget for approval and allows for an additional 30 days of public comment.

DATES: Consideration will be given to all comments received by August 20, 2018.

ADDRESSES: You may submit comments on this notice to the Office of Management and Budget, Attn: Desk Officer for OGE, via fax at 202-395-6974 or email at OIRA_Submission@omb.eop.gov. (Include reference to

“OGE Fast Track Generic Clearance comment” in the subject line of the message.)

FOR FURTHER INFORMATION CONTACT: Grant Anderson at the U.S. Office of Government Ethics; telephone: 202-482-9318; TTY: 800-877-8339; FAX: 202-482-9237; Email: Grant.Anderson@oge.gov.

SUPPLEMENTARY INFORMATION:

Title: Fast Track Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Number: To be determined.

Needs and Uses: The proposed information collection provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the agency's commitment to improving service delivery. Qualitative feedback means information that provides useful insights on perceptions and opinions, but is not a statistical survey that yields quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

OGE expects to use various methods (e.g., focus groups, customer satisfaction surveys, comment cards), to solicit feedback. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public and other agency stakeholders. If this information is not collected, vital feedback from customers and stakeholders on the agency's services will be unavailable.

The agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial;
- The collections are focused on the awareness, understanding, attitudes, preferences, or experiences of the public

or other stakeholders in order to improve existing or future services, products, or communication materials;

- Personally identifiable information (PII) is collected only to the extent necessary;

- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release to the public;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections submitted under this generic clearance will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

A **Federal Register** Notice with a 60-day comment period soliciting comments on this information collection was published on April 12, 2018 (83 FR 15837-15838). OGE did not receive any comments in response.

Current Action: New information collection request (generic).

Type of Review: New.
