Amendment 47 considers options for limiting entry into the for-hire Snapper Grouper fishery, establishing a mechanism that would allow new entrants into the for-hire Snapper Grouper fishery under limited entry, and modifying regulations that prevent anglers onboard federally permitted for-hire Snapper Grouper vessels from possessing Snapper Grouper species in state waters when harvest of these species closes in federal waters.

Regulatory Amendment 29 to the Snapper Grouper FMP

Regulatory Amendment 29 addresses the use of best fishing practices to reduce discards and discard mortality for species in the snapper grouper management complex, including: The use of venting tools and descending devices to release fish experiencing barotrauma, modification to the non-stainless-steel circle hook requirement, and specification of allowable rigs. The draft amendment also includes options to modify current regulations for the use of powerhead gear.
