SUPPLEMENTARY INFORMATION:

Title: The National Survey of the Use of Booster Seats.

OMB Control Number: 2127-0644.

Type of Request: Collection of observed child restraint use data.

Abstract: The National Survey of the Use of Booster Seats is conducted to respond to Section 14(i) of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act of 2000. The Act directs the Department of Transportation to reduce deaths and injuries (among children in the 4- to 8-year old age group that are caused by failure to use a booster seat) by twenty-five percent. Conducting the National Survey of the Use of Booster Seats provides the Department with invaluable information on use and non-use of booster seats, helping the Department to improve its outreach programs to ensure that children are protected to the greatest extent possible when they ride in motor vehicles. The OMB approval for this survey is scheduled to expire on 5/31/19. NHTSA seeks an extension to this approval to obtain this important survey data, save more children, and help to comply with the TREAD Act requirement.

Affected Public: Motorists in passenger vehicles at gas stations, fast food restaurants, and other types of sites frequented by children during the time in which the survey is conducted.

Estimated Number of Respondents: Approximately 4,800 adult motorists in passenger vehicles at gas stations, fast food restaurants, and other types of sites frequented by children during the time in which the survey is conducted.

Frequency: Every other year.

Estimated Total Annual Burden Hours: 340 hours.

Estimated Total Annual Burden Cost: \$8,276.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for the Department's performance; (b) the accuracy of the estimated burden; (c) ways for the Department to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Executive Summary: This NOFA is issued in connection with the fiscal year (FY) 2018 funding round of the Bank Enterprise Award Program (BEA Program). The BEA Program is administered by the U.S. Department of the Treasury’s Community Development Financial Institutions Fund (CDFI Fund). Through the BEA Program, the CDFI Fund awards formula-based grants to depository institutions that are insured by the Federal Deposit Insurance Corporation (FDIC) for increasing their levels of loans, investments, Service Activities, and technical assistance within highly Distressed Communities, and financial assistance to certified Community Development Financial Institutions (CDFIs) through equity investments, equity-like loans, grants, stock purchases, loans, deposits, and other forms of financial and technical assistance, during a specified period.

I. Program Description

A. History: The CDFI Fund was established by the Riegle Community Development and Regulatory Improvement Act of 1994 to promote economic revitalization and community development through investment in and assistance to CDFIs. Since its creation in 1994, the CDFI Fund has awarded more than \$3 billion to CDFIs, community development organizations, and financial institutions through the BEA Program; the Capital Magnet Fund, the Community Development Financial Institutions Program (CDFI Program), and the Native American CDFI Assistance Program (NACA Program). In addition, the CDFI Fund has allocated \$54 billion in tax credit allocation authority to Community Development Entities through the New Markets Tax Credit Program (NMTCP Program), and guaranteed bonds in the total amount of

\$1.36 billion through the CDFI Bond Guarantee Program.

The BEA Program complements the community development activities of banks and thrifts (collectively referred to as banks for purposes of this NOFA) by providing financial incentives to expand investments in CDFIs and to increase lending, investment, and Service Activities within Distressed Communities. Providing monetary awards to banks for increasing their community development activities leverages the CDFI Fund’s dollars and puts more capital to work in Distressed Communities throughout the nation.

B. Authorizing Statutes and Regulations: The BEA Program was authorized by the Bank Enterprise Award Act of 1991, as amended. The regulations governing the BEA Program can be found at 12 CFR part 1806 (the Interim Rule). The Interim Rule provides the evaluation criteria and
