#### 33 CFR Part 165

[Docket No. USCG-2018-0695]

#### Security Zone; Seattle's Seafair Fleet Week Moving Vessels, 2018, Puget Sound, WA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of enforcement of regulation.

**SUMMARY:** The Coast Guard will enforce Seattle's Seafair Fleet Week Moving Vessels security zones from 10 a.m. on July 31, 2018, through 6 p.m. on August 6, 2018. These security zones are necessary to help ensure the security of the vessels from sabotage or other subversive acts during Seafair Fleet Week Parade of Ships. The designated participating vessels are: HMCS YELLOWKNIFE (MM 706), HMCS WHITEHORSE (MM 705), and USCGC MELLON (WHEC 717). During the enforcement period, no person or vessel may enter or remain in the security zones without the permission of the Captain of the Port (COTP), Puget Sound or her designated representative. The COTP has granted general permission for vessels to enter the outer 400 yards of the security zones as long as those vessels within the outer 400 yards of the security zones operate at the minimum speed necessary to maintain course unless required to maintain speed by the navigation rules.

**DATES:** The regulations in 33 CFR 165.1333 will be enforced from 10 a.m. July 31, 2018, through 6 p.m. on August 6, 2018, unless cancelled sooner by the Captain of the Port Puget Sound or her designated representative.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this notice of enforcement, call or email Petty Officer Zachary Spence, Sector Puget Sound Waterways Management Division, Coast Guard; telephone 206-217-6051, email [SectorPugetSoundWWM@uscg.mil](mailto:SectorPugetSoundWWM@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce the security zones for Seattle's Seafair Fleet Week Moving Vessels in 33 CFR 165.1333 from 10 a.m. on July 31, 2018, through 6 p.m. on August 6, 2018.

In accordance with the general regulations in 33 CFR part 165, subpart D, no person or vessel may enter or remain in the security zones without the permission of the Captain of the Port, Puget Sound or her designated representative. For 2018, the following areas are § 165.1333 security zones: All navigable waters within 500 yards of HMCS YELLOWKNIFE (MM 706), HMCS WHITEHORSE (MM 705), and USCGC MELLON (WHEC 717) while each such vessel is in the Sector Puget Sound COTP Zone.

The COTP has granted general permission for vessels to enter the outer 400 yards of the security zones as long as those vessels within the outer 400 yards of the security zones operate at the minimum speed necessary to maintain course unless required to maintain speed by the navigation rules. The COTP may be assisted by other federal, state or local agencies with the enforcement of the security zones.

All vessel operators who desire to enter the inner 100 yards of the security zones or transit the outer 400 yards at greater than minimum speed necessary to maintain course must obtain permission from the COTP or her designated representative by contacting the on-scene patrol craft on VHF Ch 13 or Ch 16. Requests must include the reason why movement within this area is necessary. Vessel operators granted permission to enter the security zones will be escorted by the on-scene patrol craft until they are outside of the security zones.

This notice of enforcement is issued under authority of 33 CFR 165.1333 and 5 U.S.C. 552(a). In addition to this notice of enforcement, the Coast Guard will provide the maritime community with advanced notification of the security zones via the Local Notice to Mariners and marine information broadcasts on the day of the event. In the event that there are changes to the participating vessels, due to operational requirements, the Coast Guard will provide actual notice for any additional designated participating vessels not covered in this notice. In addition, members of the public may contact Sector Puget Sound COTP at 206-217-6002 for an up-to-date list of designated participating vessels. For a pending amendment to § 165.1333(a) related to possible changes in participating vessels after the notice of enforcement is published, see final rule published June 28, 2018 (83 FR 30345). That rule will become effective July 30, 2018. If the COTP determines that the security zones need not be enforced for the full duration stated in this notice of enforcement, a Broadcast Notice to

Mariners may be used to grant general permission to enter all portions of the regulated areas.

Dated: July 18, 2018.

[EPA-R09-OAR-2018-0171; FRL-9980-01-Region 9]

**Approval of California Plan Revisions; Northern Sonoma County Air Pollution Control District; Stationary Source Permits**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve revisions to the Northern Sonoma County Air Pollution Control District (NSCAPCD or District) portion of the California State Implementation Plan (SIP). These revisions concern the District's prevention of significant deterioration (PSD) permitting program for new and modified sources of air pollution. We are approving local rules under the Clean Air Act (CAA or the Act).

**DATES:** This rule is effective on August 23, 2018.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA-R09-OAR-2018-0171. All documents in the docket are listed on the <http://www.regulations.gov> website. **I. Proposed Action**

On April 4, 2018, the EPA proposed an approval of Rules 130—Definitions, 220—New Source Review, and 230—Action on Applications, as noted in Table 1, submitted by the California Air Resources Board (CARB) for incorporation into the NSCAPCD portion of the California SIP. 81 FR 69390. Table 1 also lists the dates the rules were adopted by the NSCAPCD and submitted by CARB, which is the governor's designee for California SIP submittals.

TABLE 1—SUBMITTED RULES

| Local agency  | Rule No. | Rule title                   | Amended  | Submitted |
|---------------|----------|------------------------------|----------|-----------|
| NSCAPCD ..... | 130      | Definitions .....            | 5/3/2017 | 6/12/17   |
| NSCAPCD ..... | 220      | New Source Review .....      | 5/3/2017 | 6/12/17   |
| NSCAPCD ..... | 230      | Action on Applications ..... | 5/3/2017 | 6/12/17   |

Rules 130, 220, and 230 contain the requirements for review and permitting of individual stationary sources in the NSCAPCD. We proposed to approve these rules because we determined that they comply with the relevant CAA requirements. The changes the District made to the rules listed above resolve the limited disapproval issues identified in a previous action. 81 FR 69390 (October 6, 2016). The EPA listed four items that need addressing for the three rules with limited approval to become fully approved—listing lead as a pollutant and indicating a significant emission rate, requiring provisions for air quality modeling based on applicable models, databases, and other requirements as specified in Part 51

Appendix W, correcting a typographic error, and including specific language regarding source obligations. The revisions to the three submitted rules address these four deficiencies.

We are now finalizing approval of Rules 130, 220, and 230 because we have determined these rules satisfy all of the statutory and regulatory requirements for an NSR permit program (including the PSD program) as set forth in the applicable provisions of part C of title I of the Act and in 40 CFR 51.165 and 40 CFR 51.307.

Our proposed action contains more information on the rule and our evaluation.

**II. Public Comments and EPA Responses**

The EPA's proposed action provided a 30-day public comment period. During this period, we received six comments. Only one comment pertained to the action. This comment was submitted by the NSCAPCD expressing support for the EPA's proposed action. The NSCAPCD states that this action will help the District maintain its portion of the California SIP in good standing. The EPA thanks the NSCAPCD for its support of our proposed action.

The comments have been added to the docket for this action and are accessible at [www.regulations.gov](http://www.regulations.gov).
