

Class III air brake test actually increases the risk of equipment damage due to vandalism/theft and increases the risk to the community due to blocked crossings and heavy pedestrian traffic south of the border in Nuevo Laredo. The Department of Homeland Security and CBP have said that trains coming to a complete stop at the International Border presents the greatest opportunity for theft, contraband and/or trespassers to gain access to trains entering the United States. KCSR states its requested clarification to perform the elements of the Class III air brake test in Nuevo Laredo or Sanchez Yards would mitigate these public safety concerns.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, W12-140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by August 23, 2018 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the

document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See also <https://www.regulations.gov/privacyNotice> for the privacy notice of [www.regulations.gov](http://www.regulations.gov).

Issued in Washington, DC.

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2018-0011; Notice 1]

#### Notice of Receipt of Petition for Decision That Nonconforming Model Year 2013 Porsche Panamera Passenger Cars Are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Receipt of petition.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that certain model year (MY) 2013 Porsche Panamera passenger cars (PCs) that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS) are eligible for importation into the United States because they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards (the U.S.-certified version of the MY 2013 Porsche Panamera PCs) and are capable of being readily altered to conform to the standards.

**DATES:** The closing date for comments on the petition is August 23, 2018.

**ADDRESSES:** Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited in the title of this

notice and may be submitted by any of the following methods:

- *Mail:* Send comments by mail addressed to U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* Deliver comments by hand to U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal Holidays.

- *Electronically:* Submit comments electronically by logging onto the Federal Docket Management System (FDMS) website at <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

- Comments may also be faxed to (202) 493-2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <https://www.regulations.gov/>, including any personal information provided.

All comments, background documentation, and supporting materials submitted to the docket may be viewed by anyone at the address and times given above. The documents may also be viewed on the internet at <https://www.regulations.gov/> by following the online instructions for accessing the dockets. The docket ID number for this petition is shown in the heading of this notice.

DOT's complete Privacy Act Statement is available for review in a **Federal Register** notice published on April 11, 2000, (65 FR 19477-78).

**FOR FURTHER INFORMATION CONTACT:** George Stevens, Office of Vehicle Safety Compliance, NHTSA, telephone (202) 366-5308.

#### SUPPLEMENTARY INFORMATION:

*I. History:* Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS (49 CFR part 571) shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle

originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7 *Processing of Petitions*, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

*II. Summary of Petition:* J.K. Technologies, LLC (JK), of Baltimore, Maryland (Registered Importer R-90-006) has petitioned NHTSA to decide whether nonconforming MY 2013 Porsche Panamera PCs are eligible for importation into the United States. The vehicles that JK believes are substantially similar are MY 2013 Porsche Panamera PCs manufactured for sale in the United States, and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner submitted information with its petition intended to demonstrate that the subject non-U.S.-certified vehicles as originally manufactured, conform to many applicable FMVSS in the same manner as their U.S.-certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that the non-U.S.-certified MY 2013 Porsche Panamera PCs, as originally manufactured, conform to: Standard Nos. 102 *Transmission Shift Position Sequence, Starter Interlock, and Transmission Braking Effect*, 103 *Windshield Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 106 *Brake Hoses*, 113 *Hood Latch System*, 114 *Theft Protection*, 116 *Motor Vehicle Brake Fluids*, 118 *Power-Operated Window, Partition, and Roof Panel Systems*, 124 *Accelerator Control Systems*, 126 *Electronic Stability Control Systems for Light Vehicles*, 135 *Light Vehicle Brake Systems*, 138 *Tire Pressure Monitoring Systems*, 201 *Occupant Protection in Interior Impact*, 202a *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 210

*Seat Belt Assembly Anchorages*, 212 *Windshield Mounting*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 225 *Child Restraint Anchorage Systems*, and 302 *Flammability of Interior Materials*.

The petitioner also contends that the subject non-U.S.-certified vehicles are capable of being readily altered to meet the following standards in the manners indicated:

Standard No. 101 *Controls and Displays*: Replacement of the instrument cluster with the U.S.-model component and reprogramming of its software as described in the petition.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: Replacement of the headlamps, taillamps, and front and rear side markers with U.S.-model components. Reprogramming of the vehicle's software must also be performed to activate these systems.

Standard No. 110 *Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 Kilograms (10,000 Pounds) or Less*: Installation of the required tire information placard.

Standard No. 111 *Rear Visibility*: Replacement of the passenger side mirror with the U.S.-model, or inscription of the required warning statement on the face of the existing mirror.

Standard No. 208 *Occupant Crash Protection*: Replacement of the seatbelt assemblies and the air bag control unit. In addition, replacement of the front passenger side seat weight sensing system—including the sensor mat and seat cushion, airbag warning telltale, seat wiring harness, and sun visor. After installation of these components, the vehicle's software must be updated and correct installation and operation confirmed using an appropriate diagnostic programming tool as described in the petition. All air bag warning labels and owner manual inserts must be inspected for compliance with the requirements in the standard and added or replaced with U.S.-model versions if not already present on the vehicle.

Standard No. 209 *Seat Belt Assemblies*: Replacement of seat belt assemblies with U.S.-certified components as previously stated under FMVSS No. 208.

Standard No. 301 *Fuel System Integrity*: During installation of U.S.-model components and software as described in the petition to meet the requirements of the Environmental Protection Agency (EPA), the

requirements of this standard will be complied with and maintained.

The petitioner additionally states that a vehicle identification plate must be affixed to the vehicle near the left windshield pillar to meet the requirements of 49 CFR part 565.

*III. Comments:* All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and considered. To the extent possible, comments filed after the closing date will also be considered to the fullest extent possible and available for examination in the docket at the above addresses.

Once the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

This notice of receipt of the subject petition does not represent any agency decision or other exercise of judgment concerning the merits of the petition. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A), (a)(1)(B), and (b)(1); 49 CFR 593.7; delegation of authority at 49 CFR 1.95 and 501.8.

## DEPARTMENT OF TRANSPORTATION

[Docket No. DOT-OST-2011-0177]

### Notice of Submission of Proposed Information Collections to OMB; Agency Request for Renewal of Previously Approved Information Collections: Nondiscrimination on the Basis of Disability in Air Travel

**AGENCY:** Office of the Secretary, Department of Transportation.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces that the Department of Transportation's (Department or DOT) Office of the Secretary (OST) is submitting a request to the Office of Management and Budget (OMB) for renewal of the OMB control number 2105-0571, titled *Nondiscrimination on the Basis of Disability in Air Travel*, for the information collections described below. On April 18, 2018, the Department published a **Federal**
