

subadvisory agreements each year.<sup>10</sup> Based on discussions with industry representatives, the staff estimates that it will require approximately 3 attorney hours to draft and execute additional clauses in new subadvisory contracts in order for funds and subadvisers to be able to rely on the exemptions in rule 10f-3. Because these additional clauses are identical to the clauses that a fund would need to insert in their subadvisory contracts to rely on rules 12d3-1, 17a-10, and 17e-1, and because we believe that funds that use one such rule generally use all of these rules, we apportion this 3 hour time burden equally to all four rules. Therefore, we estimate that the burden allocated to rule 10f-3 for this contract change would be 0.75 hours.<sup>11</sup> Assuming that all 299 funds that enter into new subadvisory contracts each year make the modification to their contract required by the rule, we estimate that the rule's contract modification requirement will result in 224 burden hours annually.<sup>12</sup>

The staff estimates, therefore, that rule 10f-3 imposes an information collection burden of 4,080 hours.<sup>13</sup>

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

<sup>10</sup> Based on information in Commission filings, we estimate that 38 percent of funds are advised by subadvisers.

<sup>11</sup> This estimate is based on the following calculation (3 hours ÷ 4 rules = .75 hours).

<sup>12</sup> These estimates are based on the following calculations: (0.75 hours × 299 portfolios = 224 burden hours).

<sup>13</sup> This estimate is based on the following calculation: (1,464 hours + 976 hours + 944 hours + 472 + 224 hours = 4,080 total burden hours).

#### Extension:

Interagency Statement on Sound Practices, SEC File No. 270-560, OMB Control No. 3235-0622

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in the Interagency Statement on Sound Practices Concerning Elevated Risk Complex Structured Finance Activities ("Statement") under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act") and the Investment Advisers Act of 1940 (15 U.S.C. 80b *et seq.*) ("Advisers Act").

The Statement was issued by the Commission, together with the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Office of Thrift Supervision (together, the "Agencies"), in May 2006. The Statement describes the types of internal controls and risk management procedures that the Agencies believe are particularly effective in assisting financial institutions to identify and address the reputational, legal, and other risks associated with elevated risk complex structured finance transactions.

The primary purpose of the Statement is to ensure that these transactions receive enhanced scrutiny by the institution and to ensure that the institution does not participate in illegal or inappropriate transactions.

The Commission estimates that approximately 5 registered broker-dealers or investment advisers will spend an average of approximately 25 hours per year complying with the Statement. Thus, the total compliance

burden is estimated to be approximately 125 burden-hours per year.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
